

## 21791 - LA-COBFTHNX6-12/24 Operating Instructions and Precautions 09172101

**Operation:** Press the On/Off button at the bottom of the flashlight to turn it on or off.

**Battery Replacement:** Unscrew the battery compartment cap at the bottom of the flashlight by turning it counterclockwise. Remove the battery cartridge. Remove the old batteries and replace them with 3 AAA alkaline batteries for best performance. The negative side of the battery goes toward the spring in all three chambers. Replace the cartridge positive end (with the protrusion) first and screw the battery compartment cap on tightly.

**Caution:** Replace all batteries at the same time. Do not install batteries backwards, charge or put in fire. Do not mix old and new batteries. Do not mix alkaline, standard (carbon-zinc), or rechargeable (ni-cad, ni-mh, etc.) Batteries. This may cause batteries to leak or explode. Old or discharged batteries must be recycled or disposed of properly, according to local regulations.

**Warning!** To prevent serious injury, including temporary or permanent loss of sight do not stare into the light, shine light into eyes or focus the beam using an additional lens. Keep away from infants and toddlers as this product contains small parts.

**This product is not a toy!** Use this light only as it is intended. Inspect before every use, do not use if parts are damaged, loose or missing.

Save these safety precautions.
