LODGE
◆ **CAST IRON** ◆
AMERICAN MADE SINCE 1896

Nestled alongside the Cumberland Plateau of the Appalachian Mountains is the town of South Pittsburg, Tennessee (population 3,000). It was here, in 1896, that Joseph Lodge created a legacy of quality that has thrived through two World Wars and the Great Depression and is still carried on by his family today. Both our CEO and President are Joseph Lodge's great-grandsons who continue to evolve our product line and improve manufacturing methods. While many worthy competitors have fallen by the wayside, Lodge's dedication to quality, technology, and employees have helped it not only survive but flourish.

GRIDDLES & GRILL PANS

"In terms of flavor and visual appeal, we cast our vote for the pre-seasoned cast iron—and not just because it is the least expensive pan. It produced chicken with a deep sear and crispy exterior."

DUTCH OVEN COOKBOOKS

SEASONED READY TO USE

Seasoning is simply oil baked into the iron, giving you a natural, easy-release finish that will improve with each use. Dishwashers, metal scouring pads, and harsh detergents can harm the finish. If this happens, you can revive your seasoning. Visit lodgemfg.com for directions.

Cast iron is at home on any heat source, indoors or out, except for the microwave. Be sure to lift your pan when moving it on a glass top stove. Use any utensils you like, even metal. Heat and cool your pan gradually for added longevity. Protect your mitts, these handles get hot. Add a little extra oil the first few uses—some foods can be stubborn on new cookware. Cleanup is easy; hand wash, dry & rub with cooking oil.
