SALES TERMS AND CONDITIONS

Term of Payment

Net 30 days from date of invoice with prior credit approval. New customers must forward a completed and signed Chartpak credit authorization form. Chartpak, Inc. retains the right to review and modify payment terms as warranted.

F.O.B. Shipping Points: Leeds, MA and/or Florence, MA

Chartpak assumes no responsibilities for product damage caused by the freight carrier upon receipt of goods with obvious or concealed damage. The customer should contact the carrier and request immediate inspection. Chartpak is relieved of all responsibility by the carrier when merchandise leaves our warehouse (See "claims" below).

Minimum Order

- Any combination of Chartpak, Grumbacher, Higgins, Koh-I-Noor, Maco, Molotow, Pelikan, Schmincke, Martin Universal Design, Mijello, Moo, Jullian, Indigo or Weber Products -- \$200.00 Net Value in the contiguous United States. \$1000.00 Net Value in Alaska, Hawaii, and Puerto Rico.
- Clearprint only products -- \$500.00 Net Value
- All items must be purchased in their standard pk. or case quantities. Customer purchase orders received with incorrect prices, item numbers, or case pk. quantities are subject to change without notification.

Sales Tax

The established prices for Chartpak products do not include any taxes.

Prices, Products and Discounts - Subject to change without notice.

Claims

All claims must be made within 10 days after receipt of shipment. In the event of loss or damage caused by the carrier, customers are asked to file a claim with the respective carrier immediately.

Back Orders

All back orders totaling \$20.00 or less will be cancelled.

Returns

Proper Authorization

- Any credits and/or returns must be accompanied by CRA # (Credit/Return Authorization Number) issued by Chartpak. All requests for credit must include original invoice number.
- Contact your inside sales representative for an authorization number prior to making any return or taking any credits.
- No return will be accepted without proper authorization. All return shipments must be identified with the Return Authorization Number prominently displayed on the outside of the return package.
- Returns must be in re-sellable condition in order to qualify for credit.
- Credit will not be given for shop worn or discontinued merchandise.

SALES TERMS AND CONDITIONS

Unauthorized Returns

- Unauthorized return deliveries may be refused and returned to the sender.
- Freight regarding the unauthorized returns are the responsibility and liability of the sender.

Defective Merchandise

- Any products deemed defective in manufacturing can be returned for credit or replacement.
- All defective merchandise shall be reviewed and confirmed by Chartpak before credit is issued.
- Defective returns must be accompanied by a Return Authorization Number.

Shipped in Error by Chartpak

- Full credit will be issued for products shipped in error. Shipping errors must be communicated within 30 days of receipt of order.
- Upon notification and confirmation Chartpak will issue a Return Goods Authorization number.

Special Orders and Custom Products

- Special orders and custom products that are not defective are not authorized for return.
- All orders for non-standard products not listed in this catalog must be made in writing and may not be cancelled. Please contact a Chartpak Customer Service Representative for price quotations and minimum order quantities.

Customer Ordering Errors

- Customer ordering errors will be subject to a 20% inventory restocking charge for the respective invoiced items.
- All returns must be freight prepaid.

Freight

- Chartpak, Grumbacher, Higgins, Koh-I-Noor, Maco, Molotow, Pelikan, Schmincke, Martin Universal Design, Mijello, Moo, Jullian, Indigo or Weber - F.O.B. Leeds, MA on orders under \$1,800.00 net. Chartpak will pay all transportation charges on orders totaling \$1,800.00 or more net value (excluding tables: tables are F.O.B. Leeds, MA) provided orders are to one destination within the 48 contiguous United States. Customers requiring specific carriers will void this.
- Clearprint - F.O.B. Leeds, MA on orders under \$4,000.00 net. Chartpak will pay all transportation charges on orders totaling \$4,000.00 or more net value provided orders are to one destination within the 48 contiguous United States. Customers requiring specific carriers will void this.

General Terms

Availability of Chartpak product is contingent upon strikes, floods and other causes beyond our control. Chartpak assumes no liability for loss or expense incurred by a purchaser as a result of late deliveries. Therefore the prices, design, and manufacture of Chartpak products are subject to change without notice.

Bid Terms

In order to ensure the integrity of the products and pricing, all bids or bid quotes are to be submitted to Chartpak, Inc. 14 days prior to documentation deadline. Bid quotes must contain:

- * Name
- * Bid Number
- * Contract Period
- * Specific Products by Item Number

A written notice of current bid pricing from Chartpak will be furnished by Customer Service agreeing to the quote. In order to receive the quoted price for the contract period, Chartpak requires a "Letter of Award" showing your company as the winner of the specified products. The Bid Name and Number must appear on your purchase orders for the duration of the contract period. Chartpak reserves the right to deny quoting on any bid.

Sample Requirements

All samples and or product specification documentation required in a bid process are the responsibility of the retailer or dealer.

Freight

- Chartpak, Grumbacher, Higgins, Koh-I-Noor, Maco, Molotow, Pelikan, Schmincke, Martin Universal Design, Mijello, Moo, Jullian, Indigo or Weber - F.O.B. Leeds, MA on orders under \$1,800.00 net. Chartpak will pay all transportation charges on orders totaling \$1,800.00 or more net value (excluding tables: tables are F.O.B. Leeds, MA) provided orders are to one destination within the 48 contiguous United States. Customers requiring specific carriers will void this.
- Clearprint - F.O.B. Leeds, MA on orders under \$4,000.00 net. Chartpak will pay all transportation charges on orders totaling \$4,000.00 or more net value provided orders are to one destination within the 48 contiguous United States. Customers requiring specific carriers will void this.

Sale Terms

Product must be purchased in standard quantities. Standard freight, order minimums and payment terms apply. No additional discounts, promotions, or rebates will be applied. Chartpak product will be shipped with standard packaging and marking procedures. Availability of Chartpak product is contingent upon strikes, floods and other causes beyond our control. Chartpak assumes no liability for loss or expense incurred by a purchaser as a result of late deliveries. Therefore the prices, design, and manufacture of Chartpak products are subject to change without notice.

Minimum Advertised Pricing Policy.

North America

Effective July 1, 2013 everyday advertising discounts off Molotow's manufacturer's suggested retail price greater than 20% will be considered inconsistent with the value of Molotow markers, fine art sprays and accessory products to achieve the long term success of the Molotow brand. Our long term strategy is to support the retailers who enhance the Molotow brand integrity. If individual retailers pursue business practices that implicitly or explicitly detract from Molotow's brand strategy by advertising Molotow products at prices greater than 20% off suggested retail prices, Chartpak will make the unilateral decision whether to terminate its Molotow brand business relationship with that retailer in North America.

The only allowed exception to this policy is the following:

- When special permission is granted by Molotow or Chartpak to the retailer for the purposes of allowing the retailer the opportunity to sell off products discontinued by Molotow or Chartpak.

These advertising guidelines are applicable to all areas of a retailer's operation including catalog, web and/or retail storefront. Molotow and Chartpak completely understand that retailers must independently, and at their sole discretion, determine prices to set for their customers. However, Chartpak will reserve the right to determine at its sole discretion whether our retail partner's long-term strategies are consistent with Molotow's model and determine the viability of these relationships based on performance and adherence to the advertising policy

Original AD® Markers - Fine Point

- Professionals and art students use these legendary markers to produce perfect ad comps, architectural renderings & self-expression.
- Rich, vibrant colors perfect for blending and shading.
- Works on a variety of surfaces, including paper, eggshell, acrylic and ceramic.
- Non-toxic, solvent-based formula conforms to ASTM D 4236.
- Fine point offers a bold, constant line width

Spectra AD® Markers (95 Colors + Blender)

- Double-ended marker features tri-nib and brush
- Tri-nib side allows line width variation as you draw: fine, medium and broad
- Brush side offers a flexible nib that creates a thick to thin line in a single stroke
- Markers are alcohol-based
- Available in a variety of sets and open stock
- The blender marker creates beautiful gradients

AD® MARKER PADS

- A 175 GSM bright white, smooth coated paper, ideal for marker rendering. Special coating provides clean crisp edges when using alcohol and solvent markers. Several sizes are constructed with an innovative InkBlock panel™. The InkBlock™ panel is inserted underneath the working sheet to prevent any marking or indentation to the sheet below.

Pickett® General Purpose Templates

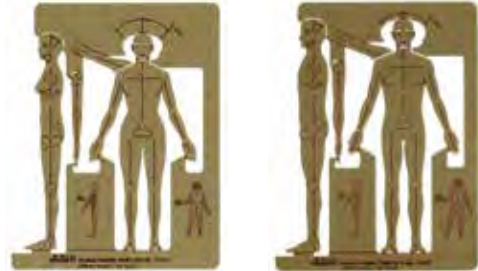

- Built-in risers and smooth apertures to reduce smudged lines for engineering, drafting and design.
- Translucent, smoke-gray flexible plastic for durable, long-lasting use.
- Multi-functional templates for many uses.
- Templates include circle, square, hexagon and triangle shapes.
- Measure angles with protractor (1034I).
- Enclosure Template includes shapes: circles, squares, rectangles, hexagons, diamonds and directional arrows (1002PI).

1000H Design Vellum

- A 100% cotton Sht. that is made transparent without the use of solvents, it features a smooth, transparent, and uniform surface. Pen and pencil lines come out sharp and clean with no feathery edges and no ghosting. Retains strength, stability, transparency, and printing qualities under exposure to heat, light, and atmosphere. It will not become yellow, brittle, or opaque with age. Compatible with a wide range of fine art media.

Field Sketch Books

- Field Books retain all the qualities of the traditional 1000H® cotton vellum. They are available in both plain and gridded paper, featuring non-repro blue grids in a wide range of gradations. Several sizes are constructed with an innovative InkBlock panel™. The InkBlock™ panel is inserted underneath the working sheet to prevent any marking or indentation to the sheets below.

LONG HANDLE BRUSHES

GRUMBACHER®

Goldenedge® Oil and Acrylic Synthetic

- Made with several sizes of toray filaments, these brushes hold a large capacity of paint, lay down color in fluid strokes and have unsurpassed spring.
- Less likely to shed or lose their handles after repeated use than other brushes in the marketplace.
- Exceptionally durable - maintains a perfect shape and extremely fine point with repeated use.

SHORT HANDLE BRUSHES

GRUMBACHER®

Academy® Watercolor Synthetic

- White nylon filaments encased within a seamless brass plated nickel ferrule makes these brushes less likely to shed or lose their handles after repeated use.
- Varied filament sizes allow for an amazing capacity to hold liquid and for laying down color in smooth, fluid strokes
- Cleans up easily and is less prone to breakage than many other watercolor brushes.

Max® Water Mixable Oils - 37ml Metal Tube

- Mix, thin and clean oils with tap water instead of harsh chemicals, such as turpentine.
- Max® colors retain water miscible properties when intermixed with traditional oil colors or oil painting mediums, when using the ratio 70% Max® color and no more than 30% regular oil color or medium.
- Max® oil colors maintain the same buttery texture, translucence and permanency as traditional oils.
- 45 colors available in 37ml (1.25 fl. oz.) tubes.
- Made in USA.

ART begins with

A

At Grumbacher, we believe that student artists should work with the best materials possible. That is why we take so much pride in our Academy® Acrylic line of paints. With our near professional quality at student prices, there's no need to be a starving artist. Academy® acrylics use a high concentration of fine pigments that render strokes with high chroma, resolubility and excellent mixing characteristics

GRUMBACHER®

Black and White Inks

- Versatile inks for nearly every need.
- For use on paper, board and film.
- Use with brushes, dip pens and airbrushes.
- All inks dry with a matte sheen and are waterproof and fadeproof, except for 44021 Black.
- 44021 Black dries with glossy sheen and is non-waterproof and non-fadeproof.

EASELS & ACCESSORIES

Easels

- We pay special attention to the quality of the materials used. The beech we use is a premium European beech that has been air-dried for several years before being processed. Our wooden parts are sanded and polished manually before a careful application of linseed oil. A very strict control of the quality during the different stages of manufacturing gives our easels an inimitable character and personality.

Heavy Drawing Pads

- A thick 114 lb. / 185 GSM, white heavy drawing paper with a medium tooth texture and a durable re-workable surface perfect for multiple layers of dry media. Heavy drawing pad is dual loop wire bound construction and features "In & Out" pages (patent pending) that allow you to remove sheets from the pad for drawing, reworking, scanning, and more. Upon completion, simply return the sheets into the pad.

ARTIST'S PENCILS: COLOR

KOH-I-NOOR®

Polycolor®

- Professional pencil for drawing, illustrating and coloring.
- Made from the finest Hardtmuth® colors.
- Lead contains special oils to create dense, even strokes without using heavy pressure.
- Broad edge excellent for shading; fine sharp point creates exquisite detail.
- Layers and blends beautifully with no waxy buildup.
- Strong, durable California cedar casing.
- Water-resistant, non-toxic.
- Easily sharpen with any standard pencil sharpener.

MARTIN
 UNIVERSAL DESIGN, INC

Mijello® Mission Gold Class Perfect Pans

- Mission Gold Watercolors are handmade by first mixing carefully selected pigments with premium mediums and dispersants and allowing them to naturally cultivate extraordinary color properties. This process results in consistent color, strength and viscosity that artists can rely on. Mission Gold disperses quickly, beautifully, and evenly in water allowing the artist to better express true depth and perspective of multi-dimensional objects. With more pigment and no thickener, a little color goes a long way and there is very little color shift from wet to dry.

ERASERS & CARVING BLOCKS

MOO®

MOO® Erasers

- These latex free erasers are soft yet dense and will not damage paper, even with excessive rubbing. MOO erasers leave a long roll of used eraser material, instead of dust that can ruin the work surface. Use with all dry media including pastels, pencils, charcoal, graphite, etc. Will not smear, streak or crumble, even with excessive rubbing.

MOO® Carving Blocks

- MOO® Professional Carving Blocks are constructed of latex-free PVC, which makes them soft, pliable and safer to use than linoleum for all of your stamp carving or printmaking needs. This innovative product "cuts like butter" and will hold even the finest of detail without breakage. The soft surface will readily accept transfers but designs can also be applied directly with pen, pencil or marker. Because of their texture, blocks can be cut into smaller pieces and all sides can be utilized.

Aero Color® Professional Airbrush Total Cover, 28ml, 12 Colors

- High covering tones.
- Paint specifically developed for air brush paint guns.
- May also be used with retouching pens, dip pens and brushes.
- Ready-to-use colors can be used undiluted due to their very fine pigmentation.
- "Shake and Spray" innovative paint formula turns viscous after being stored but liquefies after being shaken briefly once.
- Emits a pleasant odor!

Norma 35ml tube (84 Colors)

- Creamy, buttery consistency demonstrates the best properties with mixing paints together and producing the optimum texture.
- Modern and traditional colors offered.
- Shorter and even drying process across all colors guarantees a brilliant resistant surface.
- Only highest light fastness (4 and 5 stars).
- Use of renewable raw materials, e.g. pure high-quality plant oils.

Norma 200ml tube (12 Colors)

- Creamy, buttery consistency demonstrates the best properties with mixing paints together and producing the optimum texture.
- Modern and traditional colors offered.
- Shorter and even drying process across all colors guarantees a brilliant resistant surface.
- Only highest light fastness (4 and 5 stars).
- Use of renewable raw materials, e.g. pure high-quality plant oils.

Horadam Aquarell 1/2 Pan (139 Colors)

- Carefully selected ingredients ensure a harmonious color assortment that can easily be picked up by the brush.
- An optimal amount of Ovgall enables the artist to decide as to where the paint should flow moist or stay dry on the paper.
- Superior quality, natural ingredients are carefully selected in each formula for highest optimization.
- Same formulation is used for both tubes and pans.
- 35 New Colors Launched in 2017.

WATERCOLOR PAINT

Schmincke

Horadam Aquarell Full Pan (139 Colors)

- Carefully selected ingredients ensure a harmonious color assortment that can easily be picked up by the brush.
- An optimal amount of Ovgall enables the artist to decide as to where the paint should flow moist or stay dry on the paper.
- Superior quality, natural ingredients are carefully selected in each formula for highest optimization.
- Same formulation is used for both tubes and pans.
- 35 New Colors Launched in 2017.

Horadam Aquarell 5ml Tube (139 Colors)

- Carefully selected ingredients ensure a harmonious color assortment that can easily be picked up by the brush.
- An optimal amount of Ovgall enables the artist to decide as to where the paint should flow moist or stay dry on the paper.
- Superior quality, natural ingredients are carefully selected in each formula for highest optimization.
- Same formulation is used for both tubes and pans.
- 35 New Colors Launched in 2017.

WATERCOLOR PAINT

Schmincke

Horadam Aquarell 15ml Tube (139 Colors)

- Carefully selected ingredients ensure a harmonious color assortment that can easily be picked up by the brush.
- An optimal amount of Ovgall enables the artist to decide as to where the paint should flow moist or stay dry on the paper.
- Superior quality, natural ingredients are carefully selected in each formula for highest optimization.
- Same formulation is used for both tubes and pans.
- 35 New Colors Launched in 2017.

Calligraphy Gouache 20ml Tube (13 Colors)

- Rich, opaque, pastel-like intense pigment.
- Excellent flow properties.
- May be diluted with water or mixed within range.
- After drying, gouache may be wetted and reworked on all types of paper, carton and canvas.
- Extra-fine pigment grain sizes enable paint to be applied using a 0.15mm fine airbrush.
- Complements Horadam® watercolor colors.
- Specially formulated for calligraphy.

GOUACHE PAINT

schmincke

HKS Designer's Gouache 20ml Tube (59 Colors)

- Rich, opaque, pastel-like intense pigment.
- Excellent flow properties.
- May be diluted with water or mixed within range.
- After drying, gouache may be wetted and reworked on all types of paper, carton and canvas.
- Extra-fine pigment grain sizes enable paint to be applied using a 0.15mm fine airbrush.
- Complements Horadam® watercolor colors.
- Repro-tested for 4-color half-tone painting.

Permalba® White & Black Oil Color

One of the most notable products from Weber was developed in 1921 by artist and chemist Fred Jr., the son of founder Frederick Weber. Original Permalba® White Artists Oil Color was the first of its kind in that it was free of toxic, lead-based pigments that had been commonplace to artist's oil paints. It is comprised of Titanium and other pigments and prepared in a process that was developed after extensive laboratory testing and is AP nontoxic. This acid and alkalis free formulation has a smooth buttery consistency that dries to an elastic-like film and will not yellow with age. Original Permalba® White boasts superior opacity and coverage and still remains the standard in artists white oil paint today.

Permalba® White Gesso

Permalba Gesso offers one-coat coverage and dries to a smooth, fine-tooth surface that is waterproof. Whether preparing canvas, wood, Masonite or cardboard, the surface is suitable for all techniques and mediums including oil, acrylic, alkyds, casein colors, watercolor, tempera, resin-oil, ink or pencil. Apply with brush, paint roller or airbrush.

Odorless Turpenoid®

Artists' favorite turpentine substitute for over 50 years. Recognized by artists as the #1 premium odorless thinner and brush cleaner. An odorless, volatile and thin turpentine substitute, Odorless Turpenoid® has the same painting properties and drying time as turpentine yet is free from the strong and characteristic odor. It is compatible with oil and alkyd colors as a painting vehicle either alone or in mediums without affecting color.

Turpenoid® Natural

An effective nontoxic brush cleaner, gentle brush cleaner and reconditioner. Turpenoid® Natural was designed for artists and students as a safer alternative to traditional and harmful solvents associated with oil painting. AP Nontoxic, nonflammable and with no harmful odors, Turpenoid® Natural is safe for artists of all ages and will not irritate skin. It will effectively clean and gently recondition brushes and rinses out with plain water.

Res-N-Gel®

A full strength, synthetic resin gel medium, Res-n-gel® is transparent, viscous and ready-to-use. Ideal for impasto, opaque and glazing effects, it extends oil colors while maintaining body, has a buttery texture and will retain brush strokes and fine detail. When mixed with oil paints, colors will become more luminous and brilliant while accelerating dry time. AP nontoxic.
