

Merchandising

Display Programs:

Our high-impact styrene display cabinets are engineered specifically for the storage and display of packages and/or loose fasteners. They are attractively designed, yet are built to withstand heavy-duty usage for many years of service. These display fixtures are available at no-charge to qualified retailers. The display cabinets' space-saving design allows for maximum product per square foot of floor space, and the product is presented to the customer in an orderly and "easy-to-shop" style.

Point-Of-Sale Graphics:

Midwest Fastener offers a complete graphics package for your fastener department which includes color-coded bin labels, indexers, box labels and overhead signage. They are designed to aid the customer in making the correct purchase. (They are a silent sales force working for you every day.) All of our graphics are item specific, and the first generation artwork is the best available in our industry.

Pricing Programs:

The Midwest pricing program will give you 100% control of your fastener profits. You can choose any margin markup for your display. You can even request different price margins for each product group or customize your prices item by item. Our partner pricing option provides more profit to the retailer. You request it, and we will do it. We also can provide price stickers for packaged goods provided at no charge upon your request.

Service

Our Sales-Force:

There are hundreds of men and women representing Midwest Fastener every day. They are professional people who will:

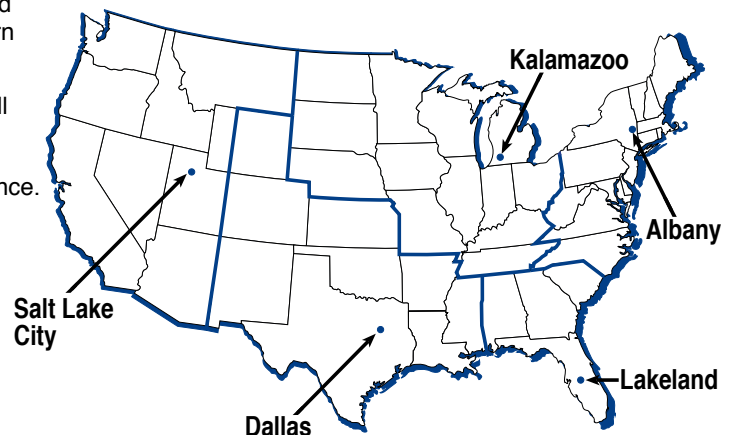

- Design and install your fastener department.
- Service and maintain your fastener department on a regular schedule.
- Become your partner in profit when it comes to fasteners and specialty products.

Our Website:

- The industry's only business to business website allowing you to place orders, check order status, track returns and get item history information: www.fastenerconnection.com

Our Distribution System:

- Midwest Fastener Corporation has five distribution centers located across the United States, with over 600,000 square feet of modern and efficient warehousing space to serve you.
- Your orders are processed within 48 hours and will have a 98% fill rate on all product groups...no excuses!
- Toll-Free fax lines are available 24 hours a day for your convenience.
- Low prepaid freight minimum.
- Midwest Fastener has a dependable and knowledgeable office staff ready to answer your questions, help with orders, and offer you quotes.
