Automatic Safety Lock and Wheel Straps	SAFETY FEATURES	Automatic Safety Lock and Wheel Straps
No Assembly Required	ASSEMBLY	No Assembly Required
Residential or Professional	TYPE OF USE	Residential
5" Folded Height	FOLDS FLAT	7" Folded Height

Q: Which lift will fit my mower?

A: To understand how a mower's weight relates to the lift capacity, use a percentage based on the mower's total gross weight.

Zero Turn mowers (engine is housed in the rear) = Use 30% of total gross wt. of your mower
Garden Tractors (engine is housed in the front) = Use 50% of the total gross wt. of your mower
Example: ACME Garden Tractor has a total gross wt. of 750lbs. X 50% = 375lbs.
Therefore the HTL 550 hydraulic lift will accommodate that mower.
