# BOX BLINDS

"We've been using box blinds for years, but never have we seen success like we've seen since using the Muddy line of box blinds. These blinds are over built, and do a superb job of containing your scent which gives us the advantage we've been looking for. If you can beat a deer's nose, you're doing something right. Great job, Muddy!"

## CONSTRUCTION

There is no comparison, Muddy is superior to other fiberglass or molded plastic setups.

**THERMA-TEK™:** innovative structural insulated design provides ultimate thermal control, scent control, and noise control

- Exterior grade UV protected PVC, 1.5-lb density foam, tempered hardboard, marine carpet are bonded together for unbeatable performance
- THERMAL CONTROL – Panels have an R-7 insulation value offering superior climate control
- SCENT CONTROL – Each seam is sealed with aircraft grade sealant/adhesive to keep the elements out and scent in
- NOISE CONTROL – The innovative THERMA-TEK™ design offers the ultimate noise barrier, entire wall panel is carpeted

**Solid floor:** Joist and sheeting construction

- Super strong and quiet
- Dead air chamber provides insulation
- Noise control

**Heavy-duty roof:** Rotational molded polymer construction

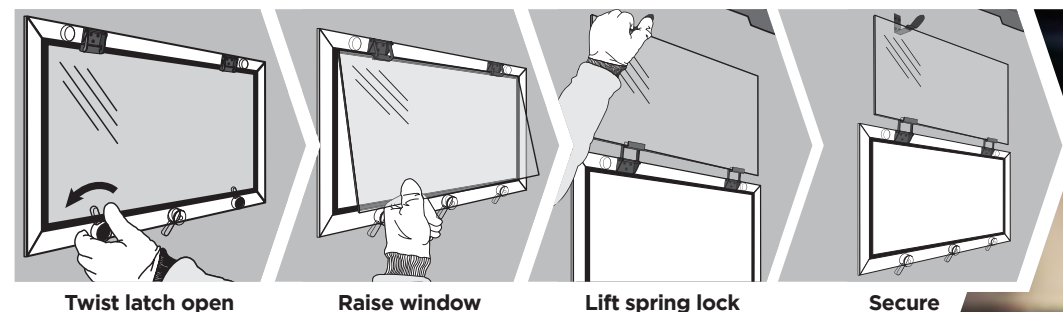

- Ultimate in strength to handle any snow load
- Hollow-core technology provides dead air gap on the roof for insulation and added strength
- A full 6" of roof overhang to defend against even the toughest elements

## INTERIOR

- **Durable carpet:** dark color keeps you hidden, sound deadening, floor removable for easy cleaning
- **Shelf:**
  - 1 rotational molded shelf
  - Raised lip around the entire perimeter to help keep items on shelf

## LADDERSTANDS

### FEATURE PACKED

EVERY ITEM HAS PURPOSE DRIVEN FEATURES TO IMPROVE THE EXPERIENCE

"I've used Muddy ladderstands for years with great success. Not only are they built to last, but they are built with the serious hunter in mind. Silent, dependable, and feature driven are why Muddy stands are simply the best."

-Joe Sir  
Rizen Media

### SILENT

Because we all know that being stealthy is important

- Zero metal on metal contact! Nylon washers & caps prevent any noise on pivoting or contact points
- Bolted ladder-sections! Prevents noisy movement during climbing & descent
- Silent material on seats & rails! No noise while shifting or setting up
- Many items have silent cam attachment systems

### COMFORTABLE

Because if you aren't comfortable, you're moving and if you're moving you'll be seen

- Comfortable seats! Either flex-tek, zero-gravity seats or our luxurious tri-plex triple layer foam seat systems provide all day comfort in any stand
- Waterproof seats! Stay dry, hunt longer

### STRONG

Heavy duty material & unique fabrication = dependability

- Strong tubing; items feature either 1" square tubing or in some cases wider rectangular or oval tubing. Every stand is overbuilt with security, safety, and comfort in mind
- Platforms feature either D-force expanded or lynx fabricated expanded metal. No flex and good gripping for a solid stance
- Every product has our advanced fiber-guard powder coating for durability and the textured finish offers more grip
- Climbers feature our fast attach cable system for quick and easy adjustments

# GROUND BLINDS

"I picked my daughter Brooke up from school and we were off to the Muddy ground blind. Spacious and easy to setup, we were comfortable which makes the Muddy blinds perfect for both kids and adults. As the sun started to set Brooke noticed movement to our left and a huge buck stepped out. Brooke made a perfect shot!"
