

## Discover Countless Ways To Play

- ① **WHAT AM I?:** Identify each farm character, using words, sounds, colors, and movements to describe each one as fully as possible.
- ② **SORT & COUNT:** Sort the pieces into different groups, such as those with yellow, animals with spots, or pieces with two legs, four legs, and no legs. Count the pieces in each group, then find the hole they go in and count them again as they drop into the barn.
- ③ **PICK A PAL:** Place all the pieces in the barn. Lift the roof and, with eyes closed, reach in and choose one piece. Try to guess from feel alone what the piece is!
- ④ **SEEK & FIND:** Scatter the pieces around the room to make a scavenger hunt! Carry the barn to collect the pieces. Set a timer and try to break the record!
