

Discover Countless Ways To Play

- ① **REASON FOR VISIT:** On pieces of scrap paper, write different reasons someone might visit the doctor. Mix up pieces, choose one at random, then treat the patient!
- ② **COTTON BALL RUN:** Fill the instrument container with cotton balls and place it on a "starting line." Place the tray across the room on the "finish line." Use the tweezers to pick up one cotton ball at a time and race to place it on the tray! Set a timer and try to break the record or race a friend.
- ③ **CHECK IT OUT:** Place all the pieces shown on the Checkup Checklist in the tote bag. Without looking, reach in, choose one item, name it, then demonstrate how to use it.
