Miracle-Gro® Is America's Favorite Plant Food Brand.

- Guaranteed not to burn when used as directed.
- Starts to work instantly - Promotes quick, beautiful results.

Directions For Use

Instrucciones

With Watering Cans Con regaderas

Mix 1 ½ tablespoons (the large end of the scoop) per 1 ½ gallons of water, in a watering can. For best results, soak the soil at the base of plants every 7 to 14 days. 1 ½ gallons covers approximately 15 sq ft.

Mezcle en una regadera 1 ½ cucharadas (el lado grande de la cuchara medidora) por cada 1 ½ galón de agua. Para obtener mejores resultados, empape la tierra en la base de las plantas cada 7 a 14 días. 1 ½ galones cubren 15 pies cuadrados aproximadamente.

With Miracle-Gro® Garden Feeder™ Con el aplicador Miracle-Gro® Garden Feeder™

For larger outdoor gardens, fill the feeder jar to the top of the label. See feeder package for additional instructions. For best results, use every 7 to 14 days; just soak the soil at the base of each plant to fertilize the roots. 2lbs feeds approximately 800 square feet of garden area. Please use only as directed.

Para jardines exteriores más grandes, llene el recipiente del aplicador hasta la parte superior de la etiqueta. Consulte el paquete del aplicador para obtener instrucciones adicionales. Para obtener mejores resultados, úselo cada 7 a 14 días; solo empape la tierra en la base de cada planta para fertilizar las raíces. 2 lb fertilizan aproximadamente 800 pies cuadrados de área de jardín. Debe usarlo únicamente como se indica.

For All Vegetables & Herbs

Tomato

Squash

Pepper

Cucumber

Carrot

Basil

Miracle-Gro® Water Soluble Plant Food Vegetables & Herbs is great for use on all types of vegetables and herbs. When starting from seed, wet the seedbed but don't soak it. Once seedlings are well established, feed at normal recommended rates.

Start your homegrown garden closer to harvest!

Bonnie Plants® grows over 200 varieties of strong, vigorous vegetable and herb plants.

For Big, Beautiful Miracle-Gro® Results...

Plants Need:

- Plants need water, sunlight and nutrition to flourish throughout the season. For best results, feed every 7-14 days when plants are actively growing.
- **Plant It Right:** Great soil is the first step for a beautiful, thriving garden. Miracle-Gro® soil helps create the right environment to get your plants off to a great start.
- **Feed It Right:** For spectacular results, thirty days after planting in Miracle-Gro® soil, begin feeding with Miracle-Gro® Water Soluble Plant Food Vegetables & Herbs to keep plants growing vigorously. If planting in existing soil, feed at planting time to help plants become established.

**Use Miracle-Gro® Soil + Plant Food
FOR EVEN MORE HARVEST***
