for Every Garden***

Why Buy Monterey Lawn & Garden Products?

Monterey Lawn & Garden Products formulates and packages a wide range of plant protection, nutrition, and weed and disease control solutions that give home gardeners more tools to create a beautiful landscape. These products are available at leading retailers and distributors throughout the United States.

We are continually researching new horticultural solutions for home gardeners. If your customers express a particular product need that you don't find in this catalog, we'd like to hear from you!

Better Gardens with less time and effort !

- 20+ OMRI Listed products for organic gardening
- Herbicides for weed control
- Insecticides and molluscicides for plant protection
- Fungicides for control of plant diseases
- Fertilizers
- Adjuvants to enhance the uptake of listed products
- Nematicides
- Pond dyes and lawn pigments
- Plant growth regulators
- Insect traps and lures

We have color-coded our packaging to identify organic vs. synthetic products. All products based on naturally-occurring ingredients are shown with green labels for quick identification. The orange colored labels are products based on synthetic active ingredients. Our products provide effective solutions for some of the most tough weed and pest issues within the garden landscape.

New for 2019!

Our new partnerships with Nufarm and Baicor bring customers familiar products in new packaging and case sizes. You will find more information about Nufarm selective herbicides on page 4. Baicor product information is available on page 22.

We are grateful to our customers for their continued support as our product line grows. We look forward to working together to make this gardening season a successful one for this year, and more to come.
