Pits, Vaults & Holding Tank Treatment

“MrGreen PVH is easy to apply, with no hazardous or storage concerns. Delivery from supplier was prompt and priced comparatively for this environmentally friendly product.”
Arrowhead
Prov. Park

MrGreen PVH is an all natural organic micronutrient-based odour eliminator and wastewater treatment solution for pits, vaults and holding tanks. PVH is a concentrated formula that goes to work immediately to enhance and accelerate existing bacteria present in wastewater. The result is a rapid breakdown of accumulated organic solids and greases along with remarkably reduced odour. MrGreen does not contain bacteria, enzymes, harsh chemicals, alcohol or masking agents.

FEATURES & BENEFITS

- Eliminates odours
- Breaks down waste
- All natural, non-toxic, biodegradable
- EcoLogo Certified
- Not affected by hot weather or heavy use
- Will not contaminate groundwater
- Reduces odours that attract flies & mosquitoes
- Satisfaction guaranteed

INSTRUCTIONS

Shake Well Before Use.
Large Holding Tanks/Pits and Vaults:
For Pits, Vaults and Holding Tanks up to 2000 gallons, mix 200 ml/7 oz of PVH with 1 L/34 oz of water. Pour into pit or vault and onto inner walls. Repeat once every week during operation season and/or immediately following the pumpout.
