**MR BEAMS®**  
Surprisingly Bright Light Anywhere

INTERIOR | EXTERIOR

# INNOVATION

in every MR **BEAMS**<sup>®</sup> light

## REALLY BRIGHT

- Bright lumen output up to 500 lumens
- Broad coverage area up to 74 square meters
- Pleasing color temperature range from 3500K to 5000K

## LONG BATTERY LIFE

- Designed to provide one year of light on each set of batteries
- Average use of 8 activations a day
- Light and motion sensors with auto shut off prolong battery life

## EASY INSTALLATION

- Wireless installation in less than 5 minutes
- Installs anywhere regardless of electrical wiring
- No electrician required

## PURPOSEFUL DESIGN

- Contain premium materials including high-quality LEDs, UV-resistant plastics and weatherproof seals
- Each product thoroughly tested by quality assurance department
- Mr Beams<sup>®</sup> stands behind the quality of our lights by offering standard one and two-year warranties with outstanding customer service and support

# NETBRIGHT® Technology

- NetBright® technology allows the lights to communicate so when one light detects motion, all others on the network activate
- Creates up to 4 lighting zones with up to 50 lights on each
- All NetBright® lights are compatible with each other

Wireless Environment, LLC, creators of Mr Beams® lights, was founded in 2006 when co-founders David Levine and Mike Recker couldn't find an easy way to light a closet. Ten years, three innovative product lines and 34 patents later, Mr Beams has become an authority on wireless LED lighting that instantly increases safety, security and convenience around the home and has an average online rating of more than 4 stars.
