Radiant Heat

Radiant heat dispersion pattern

RADIANT HEAT FEATURES

Radiant heat technology uses infrared heat energy from a radiant burner to heat people or objects placed in its path. Similarly, the sun radiates heat to objects without interference from wind.

-  **Point and heat!** Heat people or objects directly in front of the heater
-  **Positive heat recovery.** Heated objects will remain heated even when exposed to wind
-  **Efficient heating.** Heated objects will retain heat longer than the surrounding air
-  **Quiet source of heat**
-  **Available for use with a thermostat**

Radiant heat raises the temperature of people & or objects in its path.

GENERAL BUYING INFORMATION

Prices and terms are subject to change without notice. Orders will be billed at prices and terms in effect on the date of shipment.

Terms: Net 30

All orders are accepted and the above terms extended with the approval of the Mr. Heater Credit Department.

Freight Terms: Shipments are F.O.B. Factory (Cleveland, Ohio; Bedford, Ohio; Portland, Oregon; Depending on Shipment of Origin).

All orders for Mr. Heater products will be shipped to one destination within the 48 continental United States according to one of the following freight policies at Mr. Heater's discretion.

Package Quantities: Orders must be in package quantities. Mr. Heater Inc. also reserves the right to alter quantities ordered, if necessary, to conform to package quantities.

Merchandise Return Authorization: Merchandise may not be returned without the prior approval of Mr. Heater Inc. Please fax your return request to the Customer Service Department at 1-800-321-0552. Upon receipt, the request will be reviewed and if appropriate a return material authorization number (RMA#) will be issued. Merchandise returned without prior approval will be subject to refusal and returned freight collect; or if accepted, a handling charge of 25% of purchase price will be deducted from the credit memo.

Authorized merchandise returned for credit, repair or replacement must be shipped with TRANSPORTATION CHARGES PREPAID. Full credit will be issued for original invoice subject to a handling and repacking charge of 25%. Merchandise returned transportation collect will be charged back by invoice or deducted from credit.

Credit allowances for obsolete, shelf-worn or damaged merchandise will be solely at the discretion of Mr. Heater Inc. This merchandise is subject to an additional 10% handling charge and costs of new packaging.

Forced Air Heat

Forced air heat dispersion pattern

FORCED AIR HEAT FEATURES

Forced air or convective heat technology works by blowing heated air into an enclosed space. Forced air heat is able to quickly and efficiently heat a space but, this heat can be lost quickly if cold air is introduced into the space for any prolonged period of time e.g. repeatedly opening and closing your garage door.

Heats a space quickly and efficiently

Effectively circulates air in the space

Quickly heats larger spaces

Disperses heat evenly throughout a space

Available for use with a thermostat

Forced air heat circulates warm air in an area to quickly and efficiently heat a space.

Indemnification: Notwithstanding any provisions for indemnification contained in any purchase orders or other documents generated or used by the Customer, Mr. Heater Inc. assumes no responsibility to indemnify or otherwise defend or protect Customer or any other purchaser of its products for liability resulting from Customer's actual or alleged independent conduct, or the actual or alleged independent conduct of Customer's agents or employees including but not limited to, resale of products purchased from Mr. Heater: (1) with any product alterations not authorized by Mr. Heater (2) without all instructions and warnings provided by Mr. Heater (3) with oral or written instructions inconsistent with those provided by Mr. Heater (4) which have been used or damaged by Customer or returned by Customer after retail

sale, or (5) in violation of any state or local statute or ordinance.

Enerco, based in Cleveland Ohio, has been at the forefront of infrared combustion technology since 1957. This market leading technology has allowed Enerco to build expertise in consumer heating products as well as heavy duty commercial and construction heating products. Starting in 1984, Enerco's Mr. Heater Brand has delivered innovative technology and unmatched quality and service as America's Most Popular Brand Of Heater's. From its Original Tank Tops to its patented Buddy Heaters, millions of consumers have enjoyed high quality comfortable heat. Mr. Heaters Contractor Series Forced Air Propane and Kerosene Heaters have become the industry standard for dependability while its unit heaters have expanded the garage to usable workspace in the winter months. 2011 marked the launch of HERO-The World's First Cordless Forced Air Propane Heaters featuring Quiet Burner Technology®. Through innovative products, innovative marketing, and world class customer service, Mr. Heater is leading the way in portable heat!

Product specifications and appearance are subject to change without notice. Product images may not be precise.

Hoses, Fittings & Accessories

Mr. Heater has assembled the industry's most complete line of high quality propane hoses, fittings, regulators and accessories. These products allow connections to all types of high and low pressure appliances in the camping, grilling, R.V., and outdoor markets. Mr. Heaters accessories are designed to work universally with all brands of propane appliances. Each individual package explains product uses and make it easy for the consumer to find the right accessories. All Mr. Heaters accessories are assembled in the USA and stocked in our Cleveland OH warehouse.

Plan-O-Grams

Mr. Heater accessory plan-o-grams deliver high store traffic and become a destination for propane appliance education and connectivity. Purchase a Mr. Heater ready designed planogram or design your own.

Stock # - F276127
UPC - 089301761278

Use with Big Buddy and Tough Buddy heaters. Uses standard 110 outlet. Also powers products requiring 6VDC and up to 800mA current.

Tank Top Replacement Parts

Safety Shut-off Valve with Orifice

Stock # - F273116
UPC - 089301731165

Replacement for MH12, MH12T Mr. Heater
Tank Top Models
(up to and including 2010)

12.5" Thermocouple Lead

Stock # - F273117
UPC - 089301731172

Replacement for most Mr. Heater Tank Top Models
(Replacement for Mr. Heater
models up to
and including 2010)

Thermocouple Assembly with Tip-over Switch Wires

Stock # - F237349
UPC - 089301373495

MR. HEATER: MH15T, MH15TS
(2011-current)
MH30T, MH30TS (2012-current)
SUNRITE:SRC15T, SRC30T (all)
SR15T, SR30T (2011-current)
Replaces part #17349

Thermocouple Assembly

Stock # - F237425
UPC - 089301374256

MR. HEATER: MH15, MH15C
MH30T, MH30TS (2011 series)
MH45T (2011-2012)
SUNRITE:SRC15T, SRC30T
(2009-2010 ONLY)

Replaces part #17425

Screen Assembly

Stock # - F273164
UPC - 089301731646

Replacement for most Mr. Heater Tank Top Models
(Includes replacement hardware)

Regulator for Mr. Heater and Sun Rite Tank Top Heaters

Stock # - F237314
UPC - 089301373143

MR. HEATER: MH15T, MH15TS, MH30T,
MH30TS, MH45T
SUNRITE:SRC15T, SRC30T
Replaces part #17314

Safety Shut-off for Mr. Heater and SunRite Tank Top Heaters

Stock # - F237416
UPC - 089301374164

MR. HEATER: MH15T, MH15TS,
MH30T, MH30TS, MH45T
SUNRITE:SRC15T, SRC30T
Replaces part #17416

Replaces part #70358

Base Camp Gaslight Replacement Parts

Glass Globe (Fits Paulin® Gas Lights)

Stock # - F220330

UPC - 089301203303

Replacement globe made of heat resistant glass.

Soft. Tie-On Mantle (Fits Paulin® Gas Lights)

Stock # - F220353

UPC - 089301203532

Replaces broken soft. mantle, or can be used with ceramic burner head 20381 and gasket 20339 to convert light from preformed mantle to soft mantle.

Burner Head Gasket

Stock # - 20339

UPC - 089301203396

Replacement gasket for both burner heads; should be replaced whenever burner head is removed.

Preformed Mantle (Fits Paulin® Gas Lights)

Stock # - F220351

UPC - 089301203518

Replaces broken preformed mantle, or can be used with ceramic burner head 20338 and gasket 20339 to convert light from soft mantle to preformed mantle.

Ceramic Burner Head (For Preformed Mantle)

Stock # - 20338

UPC - 089301203389

Replaces broken burner head, or can be used with preformed mantle F220351 above and gasket 20339 to convert light from soft mantle to preformed mantle.

Ceramic Burner Head (For Soft. Mantle)

Stock # - 20381

UPC - 089301203815

Replaces broken burner head, or can be used with soft. mantle F220353 and gasket 20339 to convert light from preformed mantle to soft mantle.

Sponsorships

No one has done more to advance the sport of ice fishing than Ice Team. Since 1997 their Pros have come up with every significant ice fishing method and refinement in history, starting with Dave Genz and the Clam Fish Trap and the Vexilar flasher. Today their Pros and staff continue to blaze new trails.
