NEBO[®] technology

In a world of rapidly changing technology, keeping up with the latest trends is hard, but doing so only takes you as far as someone else has already gone. At NEBO, we like to explore uncharted territories. That's the trailblazer mind-set. What makes NEBO better? What makes NEBO different? The answers can be found in our technology, where instead of just asking why, we ask "why not?"

C·O·B features smaller, easier clustered LED chips that work together as one lighting module. With this design, C·O·B outperforms traditional lighting with more output, less energy consumption and longer LED life span.

ARCUS is a new proprietary C·O·B LED technology that allows the shaping of light into full 3D patterns, giving optimal, bright, uniform light exactly where it's needed.

Flex-Power gives the ability to use different quantities of the same battery, or two different battery types, such as rechargeable and standard alkaline.

OC Technology™ creates a perfectly dispersed beam of intense, pristine light that is as bright on the edge as it is in the center when used in flood mode.

THE SMART LIGHT ILLUMINATES THE NIGHT

The NEBO EYE Smart Sensor Light detects motion that automatically activates the 260 lumen C·O·B area light. The daylight sensor allows the light to remain off when enough light is already present. The 3 light modes (high, low & security flash), help you illuminate any space with the perfect amount of light. The EYE magnetically rests inside of the base, which allows for multi-directional rotation or easy removal for hand-held use.

15 LED LANTERN

This 15 LED Lantern is the perfect blend between classic design and modern technology. This 9" high metal lantern has a wire-guard to protect the glass globe. No kerosene, no lamp oil and no citronella...this 15 LED is completely battery operated (batteries not included.) To maintain the functionality of a traditional kerosene lantern, this 15 LED Lantern has a control to adjust the amount of light that is generated. A reflector is positioned above the LEDs to cast the light evenly in every direction. Perfect for indoor or outdoor use, this lantern generates over 96 hours of continuous bright light. The 15 LED Lantern, the traditional lantern look with efficient LED lighting!

ADJUSTABLE LIGHT OUTPUT
• High (25 lumens) - 96 hours / 5 meters

NEBO GUARANTEED BUYBACK PROGRAM

NEBO absolutely guarantees your success with our products! Just place an order and use the P.O.P. displays to merchandise the products near your checkout area. You will be invoiced for the goods and payment is due within the agreed-upon terms.

Our promise to you is that, if (after 90 days from the time your product was received) the products from our display (maximum 2 cases) have not sold at least 80% of the case quantity, NEBO will "BUYBACK" the remaining unsold merchandise and pay the freight to ship it back to our warehouse.

This offer stands firm for up to 6 months from the receipt of the merchandise.

At NEBO, we like for our customers to get the most from their experience with us. These NEBO special giveaway products are our way of saying, "Thank you!" Place your order now to get these great giveaway products!
