Lansing, Michigan. Neogen's facilities in Lansing are home to the company's corporate offices, as well as its Food Safety Division operations, including food safety manufacturing, shipping, research, development, sales and marketing.

Lexington, Kentucky. Neogen's Lexington-based Animal Safety Division manufactures and markets diagnostic products, agrigenomics, veterinary instruments, gloves, hoof care products; veterinary pharmaceuticals, nutritional supplements, disinfectants, and rodenticides.

Lincoln, Nebraska. Neogen Genomics. Neogen's facilities in Lincoln are home to the company's agrigenomics operations, including the leading agricultural genomics laboratory in the world, and Igenity — a leading provider of genomic bioinformatics. Edmonton, Alberta, Canada. Neogen Canada. The company's Neogen Canadian subsidiary serves as the Canadian branch of its Neogen Genomics operations.

Randolph, Wisconsin. Hacco. Neogen's Hacco subsidiary in Randolph is home to the company's research and development, and EPA-licensed manufacturing operations, for rodenticides and cleaners and disinfectants.

St. Joseph, Michigan. IDS. Neogen's IDS subsidiary in St. Joseph is home to the company's research and development operations for test kits to detect drug residues in food and animal feed, and drugs in forensic and animal samples.

Pleasantville, Iowa. Chem-Tech. Neogen's Chem-Tech subsidiary is a manufacturer of insecticides for the animal and food industries, and operates an extensive manufacturing and distribution facility in Pleasantville.

Kenansville, North Carolina. Prima Tech®. Neogen's Prima Tech subsidiary is a veterinary instrument company manufacturing operation that is an important supplier of unique veterinary instruments.

Ayr, Scotland. Neogen Europe. Neogen's Scotland-based Neogen Europe subsidiary continues to make inroads into the European Union food and animal safety markets through the distribution of U.S.-produced products, as well as its own expanding line of diagnostics.

Heywood, England. Neogen Culture Media. Neogen's European culture media subsidiary is headquartered in an accredited facility in Heywood, near Manchester.

Shanghai, China. Neogen China. The company's Neogen China subsidiary provides in-country support for its expanding food and animal safety markets, and assists in the manufacturing, and procurement of certain products and raw materials needed to support Neogen's Food and Animal Safety operations.

Cochin, India. Neogen India. The company's Neogen India subsidiary distributes the company's food and animal safety products throughout India.

Mexico City, Mexico. Neogen Latinoamérica. Neogen's subsidiary in Mexico City, Neogen Latinoamérica, distributes the company's food and animal safety products throughout Mexico and Latin America.

Indaiatuba, Brazil. Neogen do Brasil. Neogen's subsidiary in Brazil, Neogen do Brasil (Neogen of Brazil) distributes Neogen's food safety and agrigenomic products throughout that country.

Gatton, Queensland, Australia. Neogen Australasia. Neogen's subsidiary in Australia is home to a leading agricultural genomics laboratory, and distributes animal safety products throughout the region.

Neogen Corporation develops, manufactures, and markets animal and food safety solutions. Neogen (NASDAQ: NEOG), founded in 1982, has grown to over 1,500 employees in multiple U.S. and international locations. Neogen has been repeatedly named one of Forbes Magazine's best small companies in America, and is in NASDAQ's top tier of companies—its Global Select Market. For more about Neogen, please visit www.neogen.com.

Animal Safety

Neogen's Lexington, Ky.-based Animal Safety Division manufactures and markets veterinary pharmaceuticals, vaccines, topicals, diagnostic tests, instruments, rodenticides, insecticides, disinfectants, and genomic solutions.

Neogen's products include:

- Veterinary Performance and Companion Animal Products. Neogen's biological line includes BOTVAX® B, the only USDA-approved vaccine against equine botulism type B; EqStim®, an effective USDA-approved immunostimulant for adjunctive treatment of equine respiratory disease complex; and UNIPRIM®, a popular veterinary antibiotic.
- Veterinary Instruments and Supplies. Neogen offers affordable precision veterinary instruments and supplies. Neogen's extensive line of durable and disposable instruments is convenient and dependable. We offer products from needles and syringes, to breeding and delivery.
- Rodent Control Products. Neogen's proven rodenticides are used for control of rodents and complement its disinfectants as a critical component of an overall biosecurity program. Rodents compromise the quantity and quality of food and feed, and spread disease.
- Insect Control Products. Neogen's Prozap Insect Control products include well-known and proven insecticides that have a range of applications in the food and animal safety industries. Neogen's Catchmaster products offer non-toxic options for the home and farm.
- Cleaners and Disinfectants. Animal facilities, from companion animal veterinary clinics to production livestock operations, benefit from Neogen's diverse range of cleaners and disinfectants. Neogen also offers step-by-step procedures to clean then disinfect numerous surface types of organic matter, biofilms and serum content. These products have broad germicidal capabilities to remove infectious agents, such as avian influenza.
- Livestock and Canine Genomics. Neogen's GeneSeek® and Igenity® subsidiaries are leading global providers of DNA testing and bioinformatics for animal agribusiness and veterinary medicine. With complementary applications, GeneSeek and Igenity provide everything from research and development to final implementation of molecular solutions for applications such as genetic improvement, disease management and identity management.
- Diagnostic Products. Neogen's tests detect more than 100 different drugs that may be considered drugs of abuse in racing and eventing animals, and residues in food animals.

Food Safety

The company's Food Safety Division markets dehydrated culture media and diagnostic test kits to detect foodborne bacteria, natural toxins, food allergens, drug residues, plant diseases and sanitation concerns. For more about Neogen's Food Safety Division, please visit www.neogen.com.

Animal Health Products

Practice Lubricants & Liquids

Essentials for veterinary clinics, ranches and farms, these are the liquid products you use every day or need on hand for emergencies. Neogen understands animal health and offers a line of veterinary practice lubricants and liquids of the highest quality.

A

DMSO

Dimethyl Sulfoxide

DMSO is used as an anti-inflammatory, an osmotic diuretic and a solvent. DMSO readily penetrates all body tissues including intact skin.

Item No.	Description	Case Ct.
08824	DMSO 90% 16 oz	12
08825	DMSO 90% 1 gal	4
08826	DMSO 99% 16 oz	12
08827	DMSO 99% 1 gal	4
08832	DMSO Gel 16 oz	12
08833	DMSO Gel 4 oz	12

A

B

Isopropyl Alcohol 70%

Topical Antiseptic

Isopropyl Alcohol 70% is for external use only as a topical antiseptic and disinfectant.

Item No.	Description	Case Ct.
79200	Isopropyl Alcohol 70% 1 gal	4

B

C

PolyLube

Concentrated Powder Lubricant

PolyLube is a non-sterile, concentrated powder lubricant for obstetrical activities on horses and cattle.

Item No.	Description	Case Ct.
PL114	PolyLube 10 oz	12

C

D

General Lube

Non-Sterile Lubricating Jelly

General Lube is a non-sterile, non-spermicidal viscous lubricant for use during obstetrical and rectal exams.

Item No.	Description	Case Ct.

E

Vi-tal

Water-dispersible Supplement

Vi-tal is a water-dispersible supplement of essential vitamins, electrolytes and trace minerals to aid in growth and productivity, stimulate water consumption and maintain balance of body fluids in swine and poultry.

Item No.	Description	Case Ct.
148178*	Vi-tal 6 oz Pouch (36 Pouches/Display Box)	36

*Sold only in quantities of 36

WARNING: This product can expose you to the chemical Cobalt Sulfate, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

(continued) Oral Supplements

F Stress-Dex®

Oral Electrolyte Powder

Stress-Dex is an oral electrolyte powder used as a supplemental source of calcium, phosphorus, salt and potassium in horses with a palatable orange flavor.

Item No.	Description	Case Ct.
79174	Stress-Dex 4 lb	4
79176	Stress-Dex 12 lb	2
79177	Stress-Dex 20 lb	1

F

Did You Know?

Electrolytes in a horse's body help to maintain the right amount of fluid in and around cells, preventing dehydration.

Electrolytes also play a key role in transmission of nerve impulses and muscle contraction.

- Electrolytes are lost when a horse sweats due to heat, exercise or illness.
- Horses with inadequate electrolyte levels are at risk for fatigue and dehydration.
- Signs of dehydration include lethargy, depression, trembling, and muscle weakness.

Udder Creams and Balms

The sensitive skin on the udder is exposed to environmental changes, including moisture and changing temperatures. Due to these conditions the skin can easily become dry, chapped and sore. Cracks and chaffing can harbor bacteria, decreasing parlor hygiene effectiveness and possibly increasing the chances of mastitis. Neogen's udder care products provide soothing, moisturizing and healing properties of aloe, lanolin and Vitamin E for cow health and comfort.

A

A

Udder Balm

Topical Udder Cream

Udder Balm aids in protection against the effects of extreme weather conditions. Daily application of Udder Balm aids in soothing and softening chapped and irritated skin. Udder Balm is recommended for use on teats, udders, and other skin areas that are exposed to frequent washing and temperature changes.

Item No.	Description	Case Ct.
79247	Udder Balm 4 oz Tube	12
79248	Udder Balm 1 lb	12

Wound Care

From simple scratches and lacerations to deep abscesses and surgical incisions, wounds are inevitable with animals. Providing timely and proper wound care is essential for quick recovery. Neogen provides a complete line of wound care products for animals for easy and proper wound maintenance. Neogen's products include topical antiseptics, FDA approved antibacterial ointments, coagulants and aluminum spray bandages. To keep dressings in place and wounds clean, Neogen has a complete line of cohesive wraps that can be found on page 13 and 14.

B AluShield™ Aerosol Bandage

AluShield is a unique aerosol bandage that protects wounds from dirt, debris, bacteria and insects, while still allowing the wound to breathe. AluShield is for use on horses, sheep and cattle. Contains aluminum powder, 40%.

Item No.	Description	Case Ct.
79100C	AluShield 75 g Can	12

B

C Drawing Salve* Grooming Aid

Drawing Salve is for use on hooves, nails and skin of horses and dogs.

Item No.	Description	Case Ct.
79105	Drawing Salve 14 oz	12

*Not for sale in the state of California.

C

D Gentle Iodine Wound Spray Topical Antiseptic

Gentle Iodine Wound Spray is a topical antiseptic of 1% titratable iodine for use on horses, cattle and swine. May be used prior to surgical procedures such as castrating and tail docking, for application to the umbilical stump (navel) of newborn animals, and for minor cuts, teat sores, bruises and abrasions.

Item No.	Description	Case Ct.
79214	Gentle Iodine Wound Spray 1% 16 oz	12
79215	Gentle Iodine Wound Spray 1% 1 gal	4

D

Wound Care (continued)

A

A NFZ™ Puffer

0.2% Nitrofurazone

NFZ Puffer is for treatment of eye and ear infections, as well as surface wounds, minor cuts and abrasions in dogs and cats. NADA 11-154, Approved by FDA

Item No.	Description	Case Ct.
142674	NFZ Puffer 1.59 oz	12

B

B NFZ™ Wound Dressing

0.2% Nitrofurazone

NFZ Wound Dressing is a water-soluble antibacterial ointment for the prevention or treatment of surface wounds, burns, and cutaneous ulcers in horses, dogs and cats.

Contains 0.2% nitrofurazone in a water-soluble base. NADA 140-851, Approved by FDA

Item No.	Description	Case Ct.
144995	NFZ Wound Dressing 16 oz	12

C

C FURA-ZONE®

0.2% Nitrofurazone

FURA-ZONE is for the prevention or treatment of surface bacterial infections of wounds, burns, and cutaneous ulcers in horses. May also be used as a sweat. NADA 132-427, Approved by FDA

Item No.	Description	Case Ct.
79103	FURA-ZONE Ointment 1 lb	12

Did You Know?

Primary reasons to seek your veterinarian's assistance for a wound:

- Excessive bleeding
- Significant contamination with dirt/debris
- Lameness
- Full-thickness wounds

Following initial stabilization and care of the wound, it may be recommended that the animal be put on restricted activity.

(continued) Wound Care

D **Scarlet Oil** *Wound Dressing*

Scarlet Oil is used to treat simple wounds, cuts and abrasions on horses and mules.

Item No.	Description	Case Ct.
79239	Scarlet Oil 16 oz	12

**D**

TA824	16" Mini Hog Catcher	6

H Cow Hobbles

Top-Quality, strong, and washable cow hobbles are made with leather-backed nylon. Adjustment holes on each leg loop allow adjustment for a secure fit. The belt between the leg loops can be shortened or lengthened and has seven adjustment holes.

Item No.	Description	Case Ct.
TA2037	Cow Hobble Adjustable	6

Castration & Docking

Neogen's line of castration and docking instruments are designed to help producers and veterinarians handle animals safely and easily. We offer a variety of castration tools for your preferred method with everything from elastrators and bands, to castrating knives. We also offer scalpel blades and handles in our castration kits for those who prefer surgical castration methods. Our docking instruments include banding and mechanical including electric tail dockers and pig tail dockers.

A

A

Castrating Bands

Strong and dependable, these latex castrating bands can be used with Ideal's economy or premium band castrators. Bands are packaged in bags of 100.

Item No.	Description	Case Ct.
2007	Castrating Bands Green Latex 100 bag	25

B

B

Economy Band Castrator

Ideal's durable Economy Band Castrators were designed for the cost-conscious producer. These are to be used with the above listed bands for castration of lambs, calves, goats and other animals. They may also be used for tail docking or prolapses. The economy castrator will open to a 1.75" diameter.

Item No.	Description	Case Ct.
2008	Plastic Band Castrating Pliers	12
TA131	Metal Band Castrating Pliers	12

C

C

Premium Band Castrator

This easy-to-use instrument was designed for the one-person operation of castrating lambs, calves, goats and other animals quickly and easily. It may also be used for docking and prolapses. The premium castrator has a 1.75" diameter opening.

Item No.	Description	Case Ct.
2005	Premium Metal Band Castrating Pliers	12

D

D

Castrating Kit

Each Castrating Kit includes one scalpel handle and 6 carbon steel blades. Reference page 16 for replacement blades.

Item No.	Description	Case Ct.
2030	Castration Kit #10 -three blades, #12 - three blades	6

E

E

Castrating Knife

Ideal's Heavy-Duty Castrating Knife has a high quality 3" stainless steel handle with a straight knife and folding hoe.

Item No.	Description	Case Ct.
2014	Heavy-Duty Castrating Knife Stainless Steel	6

(continued) Castration & Docking

F Electric Tail Docker

A useful tool that cuts and cauterizes at the same time to help prevent tail biting problems. The heated blade instantly cauterizes the wound, minimizing bleeding and infection. The verticle free-standing design allows tool to stay upright while heating and between dockings. Can also be used for severing umbilical cords. 120 volts.

Item No.	Description	Case Ct.
TA992	Electric Tail Dock 120 V	6

F

G Pig Tail Docker

An economical solution for docking pig tails. Each docker is made of stainless steel for easy cleaning and disinfecting. This can also be used to clip toenails of dogs, cats, birds or other small animals.

Item No.	Description	Case Ct.
8800	Pig Tail Docker / Toenail Clipper Stainless Steel	6

G

Dehorning

Neogen offers a variety of solutions for safe and effective dehorning including Barnes-type dehorner, electric dehorner and dehorning paste. With multiple size options available our product range includes dehorning methods for cattle, sheep and goats.

A Barnes-Type Dehorner

Barnes-Type Dehorner are constructed with stainless steel cutting heads for smooth operation and long service. They are made from the highest grade of hardened steel used for dehorner heads. Poly-coated grips on metal handles reduce slippage and increase comfort. Cutting edges overlap to ensure a complete cut.

Item No.	Description	Case Ct.
2101	Barnes-Type Dehorner 13" w/ Metal Handles	6
2102	Barnes-Type Dehorner 17" w/ Metal Handles	6

B Electric Dehorner

Decrease injury to cattle by dehorning when they are young. This is accomplished quickly and simply by placing the dehorner over the horn and rotating the dehorner to make certain the high temperature is applied to all horn cells at the base of the horn. In four to six weeks, the horn button will drop off leaving a smooth, well-healed area. No loss of blood or severe shock during or after dehorning. Only a few seconds are required for the entire operation and can be done safely any month of the year. Operates on 110 volts, AC or DC. Dehorner has a 1" inner diameter.

Item No.	Description	Case Ct.
2100	Electric Dehorner 1"	6

C Sheep & Goat Electric Dehorner

Fast and durable, the sheep and goat electric dehorner is designed for sheep, goats and small calves. This dehorner allows the user to cauterize the wound resulting in minimal blood loss and increased protection from infection. The dehorner has a cast bronze head with a 5/8" inner diameter.

Item No.	Description	Case Ct.
2103	Sheep & Goat Electric Dehorner 5/8"	6

Hoof Care

Hoof care is essential and Neogen provides a wide variety of quality hoof care tools and products to keep your cattle, horses, swine, sheep or goats moving soundly. Whether you are a professional hoof trimmer, farrier, producer or hobby farmer you can find what you need in Neogen's hoof and leg care product line-up. This includes trusted brand names such as Easy Bloc, Demotec 95, SureBond, SyrFlex and Burgon & Ball — all known for their quality in every sense of the word.

E Demotec® Easy Bloc®

Easy Bloc is a unique innovation in hoof treatment. Hoof problems can have very adverse effects on both milk yields and weight gain. The Easy Bloc system was designed to minimize lameness and provide a fast, easy to use "cure" at a reasonable cost. Incorporating features of similar devices, and a patented off-set toe, Easy Bloc is a plastic slip-on boot which fits onto the healthy claw, taking weight off the affected claw, providing immediate relief of pain and substantial increase in milk production. Easy Bloc was designed by leading hoof-care specialists from around the world and has unique features not available with other hoof blocking systems.

Easy Bloc is available in kits of 4, 12, or 36 applications and in standard and extra-long lengths. Sets in approximately 5 minutes.

- Easy to use, even by inexperienced personnel
- Fits nearly all size cows
- Optimum design avoids all possible pressure points
- Flexible cover ensures a good fit
- Affordable price
- Mix the resin in the block itself, then press onto the claw

Demotec® 95

Demotec 95 is a special resin developed for treatment of lameness in cattle. This resin material has superior plasticity without being sticky and can be processed only a few seconds after mixing. Bonding a wooden block onto the good claw of a bovine hoof relieves pain and reduces lameness. The wooden blocks are available in two lengths and come in kits of 2 or 14 applications. Items can also be purchased separately. Demotec 95 resin can also be used by veterinarians, horse owners and farriers for repairing numerous other hoof problems and for splintering pet fractures.

9801	Hoof Rot Shears	12

G Trimming Discs

Manufactured in Germany of high grade aluminum, the Trimming Disc is lightweight, yet durable. The Trimming Disc is ideal for situations where a less aggressive, easy to handle disc is preferred. Fits most standard hand-held grinders.

- Trims up to 220 head (880 hooves) per disc
- Lightweight aluminum construction allows for easier control
- Blades are manufactured of tungsten carbide and are double-sided for extended use
- Unique wheel design allows for gentle hoof cutting without smells, dust or heat
- Reduces trimming time at a very low cost per animal

Item No.	Description	Case Ct.
TD100	Hoof Trimming Disc	1
TD060	Hoof Trimming Disc Blades 6 pk	1

Identification & Marking

Being able to quickly and easily identify livestock is essential for livestock producers. Neogen provides a wide array of solutions for both permanent and non-permanent identification. Permanent livestock identification solutions include plastic ear tags, tattoo kits with a wide variety of accessories, and two sizes of ear notchers. For temporary identification to mark animals for treatment, breeding, calving and lambing, etc. we offer reusable plastic and Velcro leg bands, marking sticks, livestock marking paints and dyes.

A Ear Notchers

(continued) Identification & Marking

D Prima Marc™

This product is designed to work with the Prima Marc Vaccinator. Once mounted to the Prima Marc Syringe, a squeeze of the syringe handle activates the mounted paint can and marks each animal simultaneously with injection. This encourages safe administration practices, improves quality of control efforts, and saves costs of missed animals. The Prima Marc paint can be used as a stand-alone product. It is pocket sized and can be used for treating and sorting livestock, marking fence lines, landscaping, trail marking and other activities where a quick, easy-to-carry marking solution is needed.

Measuring

Neogen's offering of highly accurate measurement tools includes thermometers, scales, counters and weight bands. We provide a wide range of thermometers and hygrometers with Fahrenheit and Celsius temperature scale options in digital and non-mercury options.

A Thermometers

Ideal's veterinary thermometers are made to provide long and accurate service. Thermometers are 5" long and easy-to-read. Normal temperatures for horses, sheep, pigs, cows, and dogs are included. Ideal's digital thermometer is quick-reading, beeps when ready and displays digital temperatures in Fahrenheit.

Item No.	Description	Case Ct.
8207	Thermometer Digital 1 pk	12
8208	Thermometer Mercury Free w/Case 1 pk	24
TA804C	Thermometer Digital C-Scale w/Beeper case 1 pk	20

The Digital Long Probe Thermometer is perfect for farm, laboratory, and home use. The thermometer features a 3" stainless steel probe, Celsius or Fahrenheit temperature units, an easy-to-read LCD display, and comes with a protective cover. This thermometer has a temperature range of -58°F to +572°F (-50°C to +300°C) with an accuracy of 2°F.

Item No.	Description	Case Ct.
TA804-PROBE	Thermometer Digital Long Probe	10

Hi/Lo thermometer shows the day's maximum and night's minimum temperature. Easy reset button on the front. Has three hanger holes for wall mounting.

Item No.	Description	Case Ct.
TA803	Thermometer Hi Lo Fahrenheit	50
TA803C	Thermometer Hi Lo Centigrade	50

B Weightbands

Weightband for determining the weight of cattle and swine. This 250 cm long, tear-proof belt measures in cm. The tape's reverse side contains two tables: one for girth and corresponding slaughter weight (swine), and one for live weight of fat stock and normal stock (cattle). The tape coils up automatically with a push button into a plastic casing. Color of casing may vary.

Item No.	Description	Case Ct.
TA970	Combi Weight Tape/Kg	12

Dairy cattle Weight Tape offer a quick and easy way to determine weight, thereby making it easier to calculate dosages for medications, feed portions, and various other tasks. Instructions provided on each weightband.

Item No.	Description	Case Ct.
TA9102	Weight Tape Dairy Cattle Kg	12

C Hand Counter

Hand Counter is lightweight and durable. Designed to fit comfortably in the palm of your hand. Convenient metal ring slides onto finger for a stable grip. Nickel-plated.

Item No.	Description	Case Ct.
7003	Hand Counter	12

D Thermometer Hygrometer - Digital

For measuring temperature and atmospheric humidity. Dual display: inside/outside temperature and clock. Extra wide temperature range: -58°F - 158°F (-50°C-70°C). Max/Min memory function for IN/OUT temperature. Dual scale. 1.5 V, AAA size battery required. For wall mount or desktop.

Item No.	Description	Case Ct.
TA797	Thermometer Hygrometer Digital	10

Needles

Neogen provides the highest quality and broadest range of needles for livestock producers and veterinarians. Our needles are ultra-sharp and designed specifically for animal use with metal inserts for strength and computer ground tri-beveled point and anti-coring tips for sharpness and durability. Needles are available with polypropylene and aluminum hubs and are color coded following ISO standards for easy identification of the gauge size.

Disposable

- A full line of disposable needles manufactured specifically for the animal health market
- Metal insert increases needle strength for animal health applications
- Tri-beveled, anti-coring tips are computer ground for consistent sharpness
- Anti-friction coating for minimal penetration resistance and animal discomfort
- Regular wall stainless steel cannula for durability and breakage prevention
- Tamper-evident cartridges are color-coded to ISO standards
- Gauge, length and lot number printed on each cartridge for easy tracking
- Packaged 100 needles/box, 10 boxes/case

A Aluminum Hub Needles

Aluminum hub for large animal applications that require a durable needle.

C Ideal® D3™ Detectable Needles

Durable. Detectable. Dependable.

Neogen's patented D3™ Detectable needle is the leader when it comes to meat industry safety. With a thick wall cannula and brass hub, needle breakage is greatly reduced over conventional and stainless needles.

Durability

- Superior durability; thick wall cannula and plated brass hubs reduce breakage 6-fold over conventional needles

Detectability

- 100% detectable in metal detection systems vs. only 15% for standard needles

Sharpness

- Precision-ground tip stays sharper longer, allowing for multiple injections without burring

Packaging Features

- Gauge stamped on hub and packed in red cartridges and boxes for easy identification
- Cartridges are tamper-evident and labeled with needle size and lot number

Syringes

Neogen's line of syringes offers a broad spectrum of solutions to the animal health industry. From disposable syringes used in one time settings, to durable syringes built to last in the most rigorous animal production environments, Neogen has a variety of syringes available for any job.

Disposables

Ideal's disposable syringes are made specifically for the animal health industry. The syringes and combos are offered in Premium Hard Packs and Standard Soft Pack packaging. Ideal syringes feature a clear polypropylene barrel and large easy to read graduations to help minimize dosing errors. The combos offer ultra-sharp needles and are ISO color coded to indicate gauge for easy identification.

Premium (Hard Packed) Disposable Syringes

Premium Syringe Features

- Latex-free
- Clear polypropylene barrel for easy viewing of fluid levels
- Large, easy-to-read graduations
- Positive plunger stop allows for maximum filling and eliminates costly spills
- Serrated thumb press for positive grip

Premium Needle Features

- Ultra-sharp, tri-beveled, anti-coring tips
- Metal inserts to increase strength for animal health applications

Premium Packaging Features

- Hard pack design for veterinary office or field use
- ISO color-coded cartridge caps for easy gauge identification
- Sonic-welded end cap provides tamper-evident seal and ensures sterility
- Product information sticker on box and case box for easy inventory control

Syringes (continued)

A

A Prima-Shot™

The Prima-Shot™ 50 mL repeater syringe adjusts from 0.5 mL to 5 mL in 0.5 mL increments, and features an easy to grip dose adjuster dial to make dosing changes easy. Features a heavy duty Tritan™ Barrel that is BPA-free, highly chemical and scratch-resistant, and has chemical compatibility that surpasses both polycarbonate and polypropylene.

- 10 fixed dose settings ranging from 0.5 - 5 mL
- Durable rugged construction for repetitive use
- Ergonomic design is easy on hands
- Triton barrel for superior chemical compatibility
- Large numbers on barrel that are easy to read
- Amber-colored barrel for UV Protection

B

B Pro-Shot™ II

Ideal's Pro-Shot II 50 cc pistol-grip syringe is ruggedly built from high-impact aluminum to be both durable and light-weight. Its simple dosage sleeve can be easily adjusted from 1 to 5 cc. This syringe has a non-adjustable nylon plunger assembly and a luer lock hub. The extremely accurate Pro-Shot II combines the outstanding features of Ideal's time-tested pistol-grip syringes, yet is economically priced. Replacement O-ring included.

Item No.	Description	Case Ct.
1009	Pro-Shot II Syringe 50 cc	12

C

C Pro-Shot™

Ideal's Pro-Shot pistol-grip syringe was engineered for the cost-conscious producer who doesn't want to sacrifice accuracy for price. Pro-Shot is built from light-weight high-impact plastic. Its transparent barrel is made of nonporous polypropylene, which will not discolor. Its simple dosage sleeve can be easily adjusted from 1 to 5 cc. This syringe has a non-adjustable nylon plunger assembly and a luer lock hub. The accurate 50 cc Pro-Shot syringe combines the features of Ideal's time-tested pistol-grip syringes, yet is economically priced. Replacement O-ring included.

Item No.	Description	Case Ct.
1008	Pro-Shot Syringe 50 cc	12

D

D Chrome Syringe®

Sturdy and comfortable this pistol-grip syringe is ideal for multiple injections of livestock. Doses of 1,2,3,4, and 5 mL can be easily selected by turning the dial. Luer lock tip and plastic barrel.

Item No.	Description	Case Ct.
AA014	Chrome Syringe 50 cc	12

(continued) Syringes

E Prima® Injectors

This versatile Prima Injector dials from 1 mL to 12.5 mL in .5 mL increments. It has an ultra-durable design with an elongated needle nut for extra application protection. Available with polycarbonate or polypropylene barrels for compatibility across all compounds.

Syringes (continued)

A Prima Marc™ Vaccinators

The Prima Marc Vaccinator design is unique to the animal health world allowing the user to simultaneously inject and mark the animal. When the dosage is administered, the squeezing of the syringe activates the spray can, which releases a mark of paint onto the animal. This encourages safe administration practices, improves quality control efforts and saves the cost of missed animals. The Prima Marc BMV allows for convenience and precision all in the palm of your hand.

OB Equipment

Neogen's various styles of calf pullers, including the well known Dr. Frank's puller, help assist with difficult birthing situations. Our comprehensive line of calving and lambing equipment is ideal for large livestock operations, small farms and veterinary practices alike.

A Dr. Frank's® Calf Puller

Dr. Frank's Calf Puller is the original obstetrical instrument developed by B.N. Frank, DVM, a specialist in veterinary obstetrics. Dr. Frank's is a precision instrument that has proven its effectiveness year after year in thousands of calving cases.

The uniform tension of this unique fetal extractor does not permit slipping or backing-up of the jack. Traction on the calf and the counter-thrust against the cow induce spreading of the pelvic bones, elevation of the abdomen, and arching of the animal's back, all assisting in the natural birthing process.

The entire unit can easily be assembled in minutes. The smooth rods unscrew for easy storage and cleaning. Dr. Frank's comes packaged with a 45" OB chain (item 3102, on page 63). Made in the USA.

B Calf-Eze™ Calf Puller

Calf-Eze is engineered for the user that prefers a dual action pull, or zig-zag motion, instead of a single action pull instrument.

Calf-Eze is superior to ratchet-style pullers that rely on grooved shafts with sharp edges and hard-to-clean grooves. Calf-Eze utilizes the same non-slip cam traction system as the Dr. Frank's Calf Puller, but has two pulling points that alternatively advance to shift the pull from one leg to the other.

The dual-action jack body is made of special strength aluminum and weighs only 17 lbs. The jack assembly mechanism allows the user to easily position the jack on the rods and lock it in place. Steel cams prevent slipping and provide longer jack life. A third chain hook is also provided to give a single-pull option.

The Calf-Eze is suggested for use with two 45" OB chains (not included); available as item 3102 - see page 63). Made in the USA.

(continued) OB Equipment

C Ratchet-Style Calf Puller

The Ratchet-Style Calf Puller can be your solution to difficult deliveries. Crafted with the finest quality steel, it will stand up to the toughest deliveries without letting you down. The Ratchet-Style Calf Puller features steel rods that easily disassemble for cleaning and storage. The rods have smooth, clean grooves that lessen wear on the jack and give a much quieter ratchet than competitors' pullers. The jack is extremely durable, and has a large, comfortable handle that allows for single person operation. Large handles also greatly reduce the incidence of breakage, or pinched fingers and hands. The rods screw into the breechen, which provides stability during the birthing process. The Ratchet-Style Calf Puller comes with a standard 66" rod and has an additional attachment to extend the rod to a full 78".

The jack conveniently offers both a zig-zag pull and a single-pull option. Many prefer the zig-zag pull as it helps avoid locking of the calf's shoulders in the pelvic opening.

Item No.	Description	Pallet Qty.
3020	Calf Puller Ratchet Style	40

D OB Chain and Handle

Neogen's high quality OB accessories are a comfortable fit for any delivery. The OB handle is 1/2" in diameter and has a poly coated grip. The larger diameter and comfort grip make those difficult births easier on your hands. The durable, high strength OB chains come in 30", 45" and 60" lengths. Both the chains and handles are zinc-plated with an added rust inhibitor.

Item No.	Description	Case Ct.
3100	OB Chain 30"	88
3101	OB Chain 60"	88
3102	OB Chain 45"	88
3104	OB Handle w/ Poly Grip	24

⚠ WARNING: This product can expose you to the chemicals including Di(2-ethylhexyl) Phthalate ("DEHP"), which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

E OB Strap

Heavy-duty 1" nylon makes our straps weather and mildew resistant. Nickel-plated, welded steel D-rings on both ends. Economical alternative to OB chains. For use with OB Handles.

Item No.	Description
3111	OB Strap Nylon 1" x 30"
3112	OB Strap Nylon 1" x 60"

F Calf Snare

Neogen's Save-a-Calf Snare loop is easily made larger or smaller by simply sliding the yoke. The snare is fabricated from high grade steel cable and has a thimble for use with Neogen's OB handle.

Item No.	Description
3108	Calf Snare Save-A-Calf Steel Cable

OB Equipment (continued)

A Wire Saw

The 27-strand stainless steel wire saw provides easy and quick cutting. Packaged in a reusable plastic dispenser to prevent tangling. Handles come as a pair and are nickel-plated for easy clean-up. Thumb screws lock the wire in place.

Item No.	Description
3115	OB Wire Saw Stainless Steel 32'
3116	OB Wire Saw Handles 1pair

B Cow Lift

For cows that cannot stand up on their own, such as right after giving birth. The gummed clamps are adjustable to the cow's size. The lift is placed over the cow's hips and tightened as necessary by cranking the handle, which secures the cow as she is lifted. This enables the cow to regain the use of her legs so she can be milked or treated.

Item No.	Description
TA1800	Cow Lift - up to 2,000 lbs / 900 kg
TA1805	Cow Lift - up to 3,300 lbs / 1,500 kg

C Pro-Fix® Button

Designed for internal fixation of vaginal prolapse in a pre-parturient cow, the Pro-Fix button will reduce the prolapse, keep it from recurring and allow for normal parturition without assistance.

Item No.	Description
J100	Pro-Fix Button VPR 1 kt

D Pro-Fix® Tubes

Designed for the repair of rectal prolapse in swine, ovine, and bovine, Pro-Fix Tubes eliminate the stricture problems sometimes associated with reduction methods of treatment. These precision molded, disposable plastic tubes are made in 5/8", 3/4", 1", 1 1/4", 1 1/2" and 2" OD sizes. The tubes are fully tapered on one end for easier insertion and have extra deep center grooves for better retention. The 1 1/2" and 2" OD sizes have holes in the center groove for suturing in place. Pro-Fix Tubes are available in various sizes.

Item No.	Description
R050	Pro-Fix Tubes 5/8" 24 ct
R075	Pro-Fix Tubes 3/4" 16 ct
R100	Pro-Fix Tubes 1" 12 ct
R125	Pro-Fix Tubes 1.25" 16 ct
R150	Pro-Fix Tubes 1.5" 16 ct
R200	Pro-Fix Tubes 2" 9 ct

(continued) OB Equipment

E Vet-Tie™

Vet-Tie Braided Tape is a non-sterile, polyester braided tape developed for use with Pro-Fix Tubes (rectal rings) in repairing rectal prolapse in swine, ovine, and bovine. Available in narrow and wide widths, Vet-Tie can also be used in surgical procedures as a suture material or umbilical tape. Vet-Tie Braided Tape is packaged in a unique plastic vial, which permits dispensing of tape without removing the lid.

Item No.	Description
V125	Vet-Tie Narrow 1/8" 30 yds
V375	Vet-Tie Wide 5/16" 30 yds

Oral Instruments

When caring for livestock, there are cases in which medication is required to be administered orally. Neogen offers a wide variety of oral instruments like metal and plastic balling guns, dose syringes and pipes, rumen magnets, stomach pumps, and more to assist with this task.

A Dental Floats

File and clean the teeth of animals with these easy-to-use dental floats. The handle is made of wood and the shanks are made of fabricated metal. Comes with a straight shank, angled shank and two blades.

Item No.	Description
5250	Dental Float Combination w/ 2 Blades

B Dose Syringes and Pipes

Ideal's Dose Syringes dispense medication for oral or rectal administration to all animals. Heavy-duty, nickel finish brass construction. Plunger rod is calibrated in 1/2oz increments. Easy disassembly for sterilization and cleaning. Leak proof operation. Metal plunger with rubber O-ring.

Item No.	Description
4503	Dose Syringe 4 oz Short w/ 6" Dose Pipe
4508	Dose Syringe 6 oz Short w/ 9" Dose Pipe

C Metal Balling Guns

Sturdy balling guns feature metal fabrication to resist corrosion for long, trouble-free service. The heads are reinforced for extra strength to resist breakage.

Item No.	Description
4000	Balling Gun 16" Farmer's Steel Head - 1" diameter w/ clips
4002	Balling Gun 16 3/4" Farmer's Plastic Head - 7/8" diameter w/clips

D Plastic Balling Guns

Corrosion resistant, light weight plastic balling guns for the cost conscious producer.

Item No.	Description
4015	Balling Gun Plastic Medium
4016	Balling Gun Plastic Small

E Multi-Bolus Balling Gun

The Multi-Bolus Balling Gun was designed for delivery of up to six boluses. The trigger action dispenses one bolus with each squeeze of the handle. Multiple bolus doses are delivered quickly and easily with little stress to the animal and operator. Administers six 240-gram capsules and is 17 1/2" long.

Item No.	Description
4013	Multi-Bolus Balling Gun 17.5"

(continued) Oral Instruments

F Pig Tooth Nippers

These nippers are for clipping the sharp needle teeth of baby pigs, thus preventing damage to the sow's teats. Made of Stainless Steel.

Item No.	Description
5200	Pig Tooth Nipper

F

G Rumen Magnets

Rumen magnets attract metal objects in the rumen to help prevent hardware disease. Powerful 3" rectangular magnets are 1/2" in diameter. Ringed ferrite rumen magnets are 3/4" in diameter by 2 3/4" long.

Item No.	Description	Case Ct.
TA133	Rumen Magnet Ringed Ferrite Each	12
9803	Rumen Magnet Ringed Ferrite 3 pk	4
9804	Rumen Magnet Ceramic 3 pk	4
TA145	Rumen Magnet Ceramic Nylon Coated Each	12
TA2503	Rumen Magnet Stainless Steel 3 pk	4
TA2504	Rumen Magnet Stainless Steel Each	12

G

H Stomach Pump and Tube

This efficient, light weight stomach pump is solidly constructed of highly-polished, nickel-plated brass. It contains ball valves for efficient suction and has a tapered hose connection that fits most stomach tubes. The stomach tube should be passed with a speculum.

Item No.	Description
8000	Stomach Pump 125 mL
8761	Stomach Tube, Koroseal, 10' tube (7/8" OD, 3/8" ID)

H

I Speculum

Frick's style speculum is 19 5/8" and is for use with the Stomach Pump Set.

Item No.	Description
8700	Speculum Frick's Style 19 5/8"

I

Udder Care

Neogen provides solutions for today's dairy farm udder care needs. We provide quality products to help prevent and treat teat issues common on dairy farms. Teat health is an important concern to avoid mastitis and high Somatic Cell Counts (SCC). Our dip cups come in non-returning and foaming to ensure teats are treated with appropriate coverage and mastitis causing bacteria is not spread. Our line also includes milk tubes, udder infusion cannula, teat dilators and teat bandage.

A Milk Tubes

Ideal's Milk Tubes are brass with a nickel finish, clean-cut eyes, a smooth retaining ball, and are free from burrs.

Item No.	Description	Case Ct.
8100	Milk Tubes Adjustable 3.5" 3 pk	12

B Dr. Naylor Teat Dilators

Dr. Naylor teat dilators furnish soft, comfortable protection to injured teat lining, and keeps the teat canal open while the injured tissue heals. Contains no antibiotics. Easy to insert. Stays in the teat. Packed in a special lubricant.

Item No.	Description	Case Ct.
DIL	Dr. Naylor Teat Dilators, 40's	6

C Teat Dip Cups

Ensure fresh dip for each cow. Liquid squeezed up into the cup does not siphon back down into the main reservoir, preventing contaminants from flowing into the unused dip. With attached belt hook. Holds approx. 10 fl. oz.

Item No.	Description	Case Ct.
TA1915-SYR	Teat Dip Cup Non-Return	20

Udder Balm

Topical Udder Cream

Udder Balm aids in protection against the effects of extreme weather conditions. Daily application of Udder Balm aids in soothing and softening chapped and irritated skin. Udder Balm is recommended for use on teats, udders, and other skin areas that are exposed to frequent washing and temperature changes.

Item No.	Description	Case Ct.
79247	Udder Balm 4 oz Tube	12
79248	Udder Balm 1 lb	12

(continued) Udder Care

D Teat Tumor Extractor

Teat Tumor Extractor is Hugs style with polished chrome, which allow for easy and rapid removal of calculi formations. The extractor has been an industry standard for over 20 years.

Item No.	Description
8303	Teat Tumor Extractor Hugs Type

E Udder Infusion Cannula

Ideal's Udder Infusion Cannulas are made of nickel-finished brass with a square needle hub.

Item No.	Description	Case Ct.
1367	Udder Infusion Cannula 2.5" 3 pk	12
1369	Udder Infusion Cannula 3.75" 3 pk	12

Semen Collection

Ideal's ElectroJac 6 combines the best of more than 30 years experience in automated semen collection instrument design and manufacturing, with state-of-the-art technology, featuring its unique flexibility of automatic and manual settings, ElectroJac 6 is the perfect field unit for even hard-to-collect bulls.

- Unparalleled simplicity of use
- Improved electronics to prevent overcharging
- Powerful gel cell battery
- Bright numeric display
- Trade-in program available

ElectroJac® 6

The Complete ElectroJac 6 System, with your choice of 1", 2", 2.5" or 3" probe.

Item No.	Description

Insemination

Insemination

Neogen provides a complete line of artificial insemination and breeding supplies that reproduction professionals trust. With over 30 years of experience in providing the tools for livestock semen collection and artificial insemination, we have built product lines that meet the Neogen quality standards professionals in the field count on to get the job done.

A Universal Syringe

This stainless steel syringe gun will seat both ½cc (0.5 mL) and ¼cc (0.25 mL) semen straws, just by changing the direction of the barrel, O-ring style uses slit sheaths with green insert. 17.5" long.

Item No.	Description	Case Ct.
D301	Universal Syringe	12

B Chemise

Protective sleeves to pull over insemination rods that help prevent transmission of contaminants during insemination or embryo transfer. Comes in perforated, easy-tear rolls.

Item No.	Description	Case Ct.
TA837C-18	Chemise Sanitary 18" For AI Pack 100/bx	12

C Infusion Tubes

Drilled infusion tubes have one uniquely drilled end which allows for a tight fit with any standard luer-tip syringe, eliminating the need for connector adapters. Made from high quality polymers with round, smooth and polished ends for easier insertion. 25 tubes/bag, 40 bags/case.

Item No.	Description	Case Ct.
AI2100	Infusion Tubes Drilled 21" 25 bag	40

D Sheaths Slit

PVC sheaths designed with an insert that provides a secure seat for a semen straw. Slit to work with O-ring guns. 17.5" long, 0.178" outer diameter.

Item No.	Description	Case Ct.
4405C SYR	Sheaths w/Green Insert/Slit 50 pk	20

Insemination (continued)

A Catheters

For artificial insemination in swine.

Item No.	Description	Case Ct.
333117	Catheter Sow Green w/Handle & Plug 5 pk	500
333124	Catheter Sow Green w/o Handle 5 pk	500
334848	Catheter Foam White w/o Handle 5 pk	500
334855	Catheter Foam White w/Handle & Plug 5 pk	500

334879	Catheter Gilt Green w/Handle & Plug 5 pk	500
334886	Catheter Spiral White w/Handle & Plug N2 Spiral 5 pk	500
334893	Catheter Spiral Blue 5 pk	500
352316	Catheter uterine deep Soft/Flex w/o Ball Tip/handle	500
369826	Catheter PCAI Gilt Green/White 5 pk	500
369833	Catheter PCAI Sow Pink/White 5 pk	500

B Semen Bottle

For artificial insemination in swine.

Item No.	Description	Case Ct.
334909	Semen Bottle 100 mL w/ Break-Away Tip & Caps 5 pk	500

C Non-Spermicidal Vinyl Gloves

These wrist length non-spermicidal vinyl gloves come 100 to a package and are double bagged for bio-security. You invest a lot into high quality semen, so don't risk its integrity with other gloves that may be spermicidal.

Item No.	Description	Case Ct.
AT550PF-M	Non-Spermicidal Vinyl Gloves, Medium	20
AT550PF-L	Non-Spermicidal Vinyl Gloves, Large	20
AT550PF-XL	Non-Spermicidal Vinyl Gloves, X-Large	20
AT550PF-XXL	Non-Spermicidal Vinyl Gloves, XX-Large	20

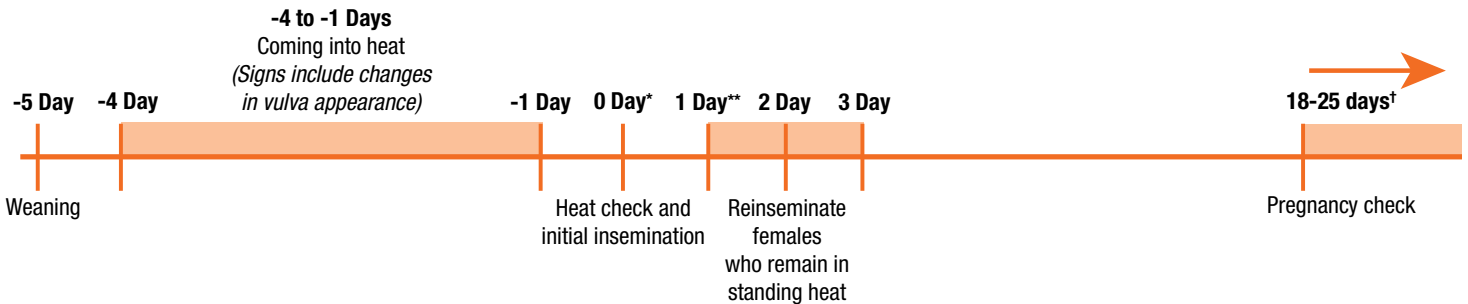

Reproduction

Reproductive success can be achieved by a number of different methods. Choosing for farrowing rate, litter size, and lactation quality from your maternal line may give you more pigs per sow per year. And when selecting from a terminal line, you may select for average daily gain, feed efficiency, and meat quality. However, with the perfect genetic makeup, do you have the right tools to create the perfect pig?

With Neogen's line of reproductive products, producers can be assured that their genetic selection carries through to the next litter. No matter how your operation is managed, Neogen can provide you with reproductive expertise and instruments to cater to your needs including natural service, artificial insemination (AI), and post-cervical artificial insemination (PCAI).

Estrus is 21 days.

***0 day = heat detection and standing heat** (boar exposure was successful, she is now standing rigid, her ears are erect and vulva may be showing signs of arousal)

Once standing heat is observed, inseminate within 15-50 minutes after boar exposure.

If the sow remains in standing heat, reinseminate every 24 hours.

If the sow does not show signs of standing heat, the producer will need to determine if the sow should be bred or culled.

****When heat checking, if the inseminated sow returns to estrus, she will exhibit standing heat. The producer will need to determine if the sow should be rebred or culled.**

†If the sow does not return to estrus between 18-25 days post breeding, then there is a 75-85% chance she is pregnant and should be moved to the gestation area.

*Example of sow in standing heat.
Ears are erect, legs are rigid and
vulva is swollen.*

Protective Wear

Steplite Boots

Neogen is proud to offer the Steplite Polyurethane boots in steel and non-steel varieties. The Steplite line of products is known worldwide for quality, dependability, and value.

Boots specifically manufactured for agricultural and animal health use

- 40% lighter than rubber or PVC
- Rugged, lasts 3 to 4 times longer than PVC
- Self-cleaning sole design to help prevent buildup of manure in the tread pattern
- Made of lightweight polyurethane with additional proprietary raw materials to reduce bacteria and fungi buildup
- Insulated with Thinsulate material
- Wider fitting for added comfort
- Safer due to the higher steel toe cap in the safety boots
- More slip resistant with an improved sole profile
- Easy to remove with cleat profile and spur molded in to the heel

Disposable Boots

Developed for protective and sanitary use in farm and industrial applications, Neogen's disposable boots are the solution to keeping your shoes clean and facilities biosecure. Whether used on the farm or in the processing plant, Neogen disposable boots are of the highest quality and meet the needs of the most demanding user.

A

A Elastic Band Boot

An economical disposable boot designed for protective and sanitary use in farm and industrial operations, the disposable boot is 15" tall and available in 2.0, 3.0, 4.0, and 6.0 mil thicknesses. The boot has an elastic band sealed at the top for easy application and better protection. Available in two sizes, medium/large (up to shoe size 12) and extra large (up to shoe size 16). Boots are packaged in bags of 50 boots (25 pair).

Item No.	Description	Case Ct.
BC300	Boot w/Elastic Band 3.0 mil M/L 25 pair	10
BC300-XL	Boot w/Elastic Band 3.0 mil XL 25 pair	10
BC400	Boot w/Elastic Band 4.0 mil M/L 25 pair	10
BC400-XL	Boot w/Elastic Band 4.0 mil XL 25 pair	10
BC600-XL	Boot w/Elastic Band 6.0 mil XL 25 pair	8

B

B MaxiBoot

Developed for protective and sanitary use in farm and industrial applications, the disposable MaxiBoot is made from a dark brown blended polymer film. It is available in 4.0 mil (heavy duty) film thickness. The calf length boot is extra tall (18") and is available in two sizes: medium/large (up to shoe size 11) and extra large (up to shoe size 14). The MaxiBoot has a unique press-tab fastener closure. Boots are packaged in resealable plastic bags of 50 boots (25 pair).

Item No.	Description	Case Ct.
MT400-XL	MaxiBoot 4.0 mil XL 25 pair	8

C

C PolyBoot

Designed for use in farm and industrial applications, the disposable PolyBoot is available in 3.0 mil film thickness and is 18" tall. This calf length boot is available in one size, medium/large, is shaped to fit a wide range of shoe sizes and features press-tab fasteners. Boots are packaged in resealable plastic bags of 50 boots (25 pair).

OB Sleeves

Neogen is the standard of quality when it comes to breeding sleeves. Neogen offers multiple combinations of lengths, thicknesses, and styles, including sterile options, whether used in artificial insemination, pregnancy checking or surgery. With Neogen's numerous choices of OB sleeves to choose from, we provide the perfect fit for everyone.

A Genia Extra-Protection

Genia OB sleeves provide extra protection by covering the shoulder, chest and underarm area. The sleeve is held firmly in place by a neck strap. Sleeve measures 48" from fingertip to neck strap.

Item No.	Description	Case Ct.
307620	Genia Extra-Protection OB Sleeve w/Neck Strap 50/bx	10

B Breeder-Sleeve®

Affordable, quality shoulder length sleeves, packaged in a convenient dispenser box. Red, 1.0 mil, 36" Length

Item No.	Description	Case Ct.
BS100	Breeder-Sleeve 100/bx	10

C Breeder-Sleeve® Plus

Economical extra-long sleeves, packaged in a convenient dispenser box. Orange, 1.0 mil, 39" Length

Item No.	Description	Case Ct.
BSP100	Breeder-Sleeve Plus 100/bx	10

D EquiSleeve®

Disposable EquiSleeve OB Sleeves are made of a thin clear 1.0 mil copolymer film, providing the ultimate in sensitivity and softness. Due to the unique copolymer film, the EquiSleeve has extremely smooth seams reducing irritation of the sensitive muscosal lining, while providing the strength necessary for the most difficult exams. Packaged in resealable, pressure-sealed bags (PolyPack). 1.0 mil, 36" Length.

Item No.	Description	Case Ct.

- Shake out after use
- Remove any excess dirt and grime
- Spray with a hose and pre-soak
- Machine wash on normal cycle in COLD water
- Shake out, DO NOT DRY IN DRYER - line dry only

Grooming & Barn Supplies

Blankets

Neogen Calf Blankets protect calves from the cold, wind and rain. These tough weather-resistant blankets help provide calves a good start by converting their energy into growth rather than warmth. With 2-inch strapping, quick-release buckles and criss-cross belly straps, these blankets stay in place and provide protection from the elements with a 600 denier outer shell and 250 gram fill insulation. Help your calves stay warm for the best start possible.

Calf Blankets

- 600 denier outer shell
- 250 gram fill insulation
- 2 inch wide leg & belly straps
- Machine washable
- Adjustable criss-cross belly straps

E

F Super Whitening Shampoo

Super Whitening Shampoo's gentle formula brings out the maximum whiteness in a horse's markings, while leaving its coat incredibly soft, smooth and sleek. Its thick, luxurious lather penetrates and eliminates the toughest dirt and grime — and does not stain. It enhances all colors, and is excellent for use as a highlighter on darker coats, and as a general stain remover on gray, buckskin, palomino, and other light-colored horses. Fresh Wild Berry scent.

Item No.	Description	Case Ct.
50015	Super Whitening Shampoo 16 oz	12

F

G Super Shampoo

Super Shampoo is a gentle, tear free shampoo for use on horses and dogs. Formulated to cleanse the hair and coat without drying, and is gentle enough for regular use. Super Shampoo has a fresh apple scent and rinses easily.
