**Realizing many pets benefit from joint products at an early age, we have formulated products for each stage of your pet's hip and joint health.**

**Level 1: Maintenance Joint Care** Starting joint health care early, as a preventative measure, helps to maintain normal healthy cartilage and joint function in active pets. Great for younger pets, prior to visible signs of joint care needs.

**Level 2: Moderate Joint Care** Developed to supply important joint support needs for adult pets, including large breeds and overweight pets. Provides important antioxidants and helps to support the structural integrity of joints and connective tissues.

**Level 3: Advanced Joint Care** Formulated to provide support for pets in need of advanced joint care. Great for senior pets, and those recovering from joint related injuries or surgery.

# CLINICALLY TESTED ✓

**NaturVet® Level 3 Advanced Care** is perfect for pets in need of advanced joint care, such as senior pets and/or pets recovering from joint related injuries or surgery.

- **Increases activity.\***
- Specifically formulated to support healthy hip and joint function.
- Assists in maintaining joint flexibility.
- May help alleviate aches and discomfort associated with daily exercise.
- Helps support structural joint integrity and connective tissues.

*\*In a 70 dog study, dogs on ArthriSoothe-GOLD had 2.6 greater odds of showing an increase in activity after 25 days (relative to baseline activity), compared to dogs on a placebo. Results may vary.*

## ArthriSoothe-GOLD® Level 3 Advanced Joint Care Supplements Soft chews, tabs, and liquid formulas for dogs and cats.

Our clinically tested formula\* provides support for pets in need of advanced joint care, such as senior pets, and those recovering from joint related surgery. Veterinarian formulated to help support synovial fluid that lubricates the joints and to maintain cartilage and connective tissues.

Active ingredients listed in the Joint Comparison Chart on page 4.

\*Clinically tested formula applies to ArthriSoothe-GOLD soft chews and tabs only.

Methylsulfonylmethane (MSM) .....	130 mg	Chondroitin Sulfate (Bovine Source) .....	27 mg
Ascorbic Acid (Vitamin C) .....	36 mg	d-Alpha Tocopherol (Vitamin E) .....	27 IU

Joint Support Gel	3 oz	Item No. 79903541	UPC: 7-97801-03541-5
-------------------	------	-------------------	----------------------

## MSM (Methylsulfonylmethane) - Extra Joint Support

Tabs formulated for dogs.

MSM is comprised of 34% bio-available sulfur, making it the richest source of organic sulfur available. Sulfur is critical in the formation of collagen and glucosamine, which are vital components for healthy bones, joints, ligaments, and tendons. A great addition to a joint care supplement for extra support.

### Active Ingredient Per 1 Tab:

Methylsulfonylmethane (MSM) .....480 mg

MSM (Methylsulfonylmethane) - Extra Joint Support Tabs	250 ct	Item No. 79901051	UPC: 7-97801-01051-1
--------------------------------------------------------	--------	-------------------	----------------------

## S.O.D. & Boswellia - Extra Joint Support

Tabs formulated for dogs.

Combines S.O.D. (Superoxide Dismutase) and Boswellia serrata for a superior combination to help support healthy hip and joint function. A great addition to a joint care supplement for extra support.

### Active Ingredients Per 1 Tab:

S.O.D. (Superoxide Dismutase Bovine Source) .....1,200 IU      Boswellia serrata .....150 mg

S.O.D. & Boswellia - Extra Joint Support Tabs	150 ct	Item No. 79903542	UPC: 7-97801-03542-2
S.O.D. & Boswellia - Extra Joint Support Tabs	500 ct	Item No. 79903543	UPC: 7-97801-03543-9

## The Benefits of Tart Cherries

Research shows that tart cherries help avoid discomfort by supporting the body's normal inflammatory response. Overby Farm™ creates the perfect mixture by combining healthy natural supplements and a taste that pets love! Our special proprietary tart cherry blend can be found in our Hip Flex™ tabs and soft chews, and in Hip Bones® biscuits.

### Overby Farm™ Hip Flex™ Joint Care Early, Moderate, & Advanced Supplements

Tabs formulated for dogs.

Tart cherries help avoid discomfort by supporting the body's normal inflammatory response.

**Level 1: Early Joint Care** Starting joint health care early, as a preventative measure, helps to maintain normal healthy cartilage and joint function in active pets. Great for younger pets, prior to visible signs of joint care needs.

**Level 2: Moderate Joint Care** Developed to supply important joint support needs for adult pets, including large breeds and overweight pets. Provides important antioxidants and helps to support the structural integrity of joints and connective tissues.

**Level 3: Advanced Joint Care** Formulated to provide support for pets in need of advanced joint care. Great for senior pets, and those recovering from joint related injuries or surgery.

Active ingredients listed in the Joint Comparison Chart on page 4.

-----------------------------------------------	-------	-------------------	----------------------

# Is my dog a senior?

Puppies grow both physically and socially very quickly. A small dog, weighing less than 20 pounds, might not show signs of aging until around 10 years old. A medium dog may not seem old until about 8 years of age. Larger dogs begin to show their age around 6 or 7.

Being aware of the changes that take place in your dog's body during the aging process, and providing the right supplements and care, are important keys to pets living a long and healthy life.

## Senior Wellness Aches & Discomfort **plus** Glucosamine

Tabs formulated for senior dogs only, do not give to cats.

Recommended to support joint health and function. Helps alleviate aches and discomfort associated with daily exercise. Formulated for senior dogs, but may be used in dogs over one year of age.

### Active Ingredients Per 1 Tab:

Glucosamine HCl (Shellfish Source) .....	250 mg	Boswellia serrata .....	30 mg
Yucca schidigera .....	90 mg	L-Tryptophan .....	15 mg

## Yellow to Green™ Lawn Spray

For lawns only, do not spray directly on pets.

Make yellow spots from pet urine instantly green! Yellow to Green Lawn Spray won't wash away; in just minutes your yellow spots can be restored to green grass color. Reseeding may be necessary depending on the extent of urine burned spots. Tints pet urine spots on lawns instantly to a natural green color.

**Ingredients:** Deionized Water, Tinted Dye, Non-Pathogenic Enzyme Producing Bacteria, Thickening Agent, Calcium Propionate, and Citric Acid.

Yellow to Green Lawn Spray	32 fl oz	Item No. 79903436	UPC: 7-97801-03436-4
----------------------------	----------	-------------------	----------------------

## Yard Odor Eliminator Ready To Use Yard Odor Eliminator Concentrated Refill

For deodorizing only, do not spray directly on pets.

Eliminates stool and urine odors, works immediately on contact. Yard Odor Eliminator Ready To Use attaches to a garden hose for easily spraying outdoor surfaces. Safe for use on grass, plants, shrubs, patios, patio furniture, kennels, dog runs, swing sets, fences, block walls, or any other surface where odors arise due to pets. If spraying on fabric, test product on a very small inconspicuous surface area before using.

Yard Odor Eliminator Ready To Use	32 fl oz	Item No. 40066001	UPC: 0-27795-66001-1
Yard Odor Eliminator Concentrated Refill	16 fl oz	Item No. 40066002	UPC: 0-27795-66002-8

## Yard Odor Eliminator **plus** Citronella Ready To Use

For deodorizing only, do not spray directly on pets.

Easy spray action eliminates stool and urine odors and added Citronella leaves behind a pleasant scent. Yard Odor Eliminator Plus quickly eliminates offensive odors at their source: not a masking agent and no disinfectant smell. Attaches to a garden hose for easily spraying outdoor surfaces, quickly eliminating odors from such places as dog runs, grass, planter boxes, patios, tree trunks, fences, and rocks. Yard Odor Eliminator Plus effectively eliminates stool and urine odors. Added citronella leaves behind a clean, fresh scent.

Yard Odor Eliminator Plus Citronella Ready To Use	32 fl oz	Item No. 40066003	UPC: 0-27795-66003-5
---------------------------------------------------	----------	-------------------	----------------------

## Potty Here® Training Aid Spray

Training aid for indoor and outdoor use.

Helps train puppies and dogs of all ages where to potty. The unique attractant scent will encourage dogs to urinate wherever the product is sprayed. Apply the training spray to preferred designated areas such as outdoor areas, artificial grass, and puppy pads.

**Ingredients:** Deionized Water, Preservatives, Proprietary Attractant Scent.

Potty Here Training Aid Spray	8 fl oz	Item No. 79909011	UPC: 7-97801-09011-7
Potty Here Training Aid Spray	32 fl oz	Item No. 79909012	UPC: 7-97801-09012-4

*Chew on this!*

**Pets chew for various reasons: teething, exploration, separation anxiety, boredom and stress. Chewing is a natural animal behavior, so the goal is to effectively train your pet to chew on appropriate objects. Be sure your pet has plenty of appropriate chewing toys.**

## Bitter YUCK!® No Chew Spray

**Alcohol free training aid for dogs and cats. Great for indoor and outdoor use.**

There is no job too big for Bitter YUCK! spray. Quick and easy to apply. Our special water-based formula will not sting or stain. Stops pets from chewing on blankets, paws, furniture, hot spots, wounds, drapes, manes, tails, and leg wraps. Can be used on plants also.

**Ingredients:** Deionized Water, Bittering Agent, and Citric Acid.

## Ester-C® Plus

**Powder formula with yummy apple flavoring horses love!**

Ester-C calcium ascorbate is a unique and patented form of vitamin C made using a proprietary, water-based manufacturing process. This process results in a pH neutral product that contains naturally occurring vitamin C metabolites. These metabolites activate the vitamin C molecules making it easier for the body to transport them from cell to cell for numerous health benefits. We use only the highest quality vitamin C available.

### Guaranteed Analysis Per 1 Scoop:

Calcium Ascorbate (from Ester-C) .....1,000 mg

Ester-C Plus Powder Jar	1 lb 8 oz	Item No. 79902046	UPC: 7-97801-02046-6

## Our Mission

**We develop and manufacture natural products to ensure the superior quality of life our pets deserve.**

### **The Garmon Family**

Traci, Scott, and our fun loving dogs!

## Our Story, Winston's Inspiration

In the summer of 1994, my wife Traci rescued our white lab Winston, who was diagnosed with arthritis and hip dysplasia. Several veterinarians recommended putting him down, but this was never an option for us. We began researching alternative medicine while working with holistic veterinarian Dr. Pedro Rivera. After several months, we developed a natural joint formula that gave Winston a second chance at life. Winston went on to enjoy ten long years of playing and swimming with his brothers. We soon found others who wanted only the best for their pets as well - because of this, NaturVet® natural pet supplements were born.

## Our Foundation, Creating a Generation of Responsible Pet Owners

The NaturVet® Foundation is a charitable, non-profit organization that is dedicated to saving the lives of homeless and abused pets. The NaturVet® Foundation has educated thousands of children through assemblies and field trips to local humane societies. This helps them learn the importance of pet adoption and how to be a responsible pet owner. Teachers say the experience opens students' hearts and minds. Children who learn how to treat pets responsibly will become adults who do not neglect, mistreat, or discard animals. Visit us at [www.naturvetfoundation.org](http://www.naturvetfoundation.org).
