2015 MOBILE PRODUCTS

SUMMER / FALL

LOCATED IN BOULDER, COLORADO, USA

OUR HISTORY

CEO and Founder Rick Case started Nite Ize as an undergraduate at the University of Colorado in 1989. "I was on a fishing trip using the brand new mini flashlight my family gave me as a gift. I was fishing at night with it, holding it in my mouth. Sure enough, I opened my mouth, and the flashlight fell out. I was staring down into the water, watching my still lit flashlight on the bottom when an idea hit me. That idea became the first product I ever made, the Headband Mini Flashlight Holder."

WHAT WE DO

The mission of Nite Ize is to create innovative, solution-based products with quality, performance, and value at the core. We strive to exceed our customers' expectations in every way possible while conducting business with integrity, honesty, and respect for our team members, customers and partners.

WHERE WE ARE GOING

Innovation inspired the idea that has become Nite Ize, and will continue to drive our evolution into the future.

As we grow, our vision is to build the Nite Ize brand to be recognized for imaginative products that make our customers' lives easier, safer, and more fun.

Our success should always be measured by the ongoing enthusiasm for Nite Ize products, our customers' satisfaction, the development of our team and a minimal environmental impact.

WHO WE ARE

Nite Ize is built on the dedication and enthusiasm of our staff. We are ordinary people working together to achieve extraordinary results.

These core values define our interaction with one another and our customers:

- ⊕ Persistence
- ⊕ Ownership
- ⊕ Integrity
- ⊕ Problem Solving
