

Part # DTPLUH

TRADITIONAL POST LATCH & ULTIMA HANDLE – DELUXE

Installation Instructions

- Determine if the Gate swings outward to the right or left. If the Latch must be reversed to achieve proper swing, remove the Latch Bolt on the Keeper Bar and the Spring. Reverse the Latch parts so that the Gate will swing in the opposite direction. Reinstall the Latch Bolt and Spring on the opposite side.
- Install latch as shown in the figure. Attach Latch to the Post with the Lag Bolts provided making certain that the Latch Height is set so that the centre of the Groove in the Keeper Bar aligns with the back rail of the Gate.
- Attach the Striker Bar to the Gate using the remaining Lag Bolts making sure the Striker Bar aligns with the Groove in Keeper Bar.
- Install the Handle over the Striker as shown using the Hex Bolt in the middle and Lag Bolts in the top and bottom.

Nuvo Iron™, its advertising agency and delegates have made every effort to ensure the accuracy of all measurements and other details in these instructions and we anticipate no problems to arise. However, we cannot be responsible for errors beyond that effort. Therefore, always double-check details before beginning your project. Nuvo Iron™, its advertising agency and delegates shall not be held responsible for injury, damage or any other loss, however caused, resulting from the information contained in these instructions.
