SNAP-OFF BLADE UTILITY KNIVES

www.olfacutterstore.com

A NEW SHARP EDGE WITH JUST A SNAP!

Sharply Engineered Solutions

OLFA invented the snap-off blade knife more than 55 years ago. Today we offer superior performance and a comprehensive line of knife options. Our snap-off blades feature multiple cutting surfaces that provide fast and economical cutting performance.

Extra Heavy-Duty Utility Knives

9 mm Standard Duty

Standard-Duty Utility Knives

Designed for jobs that require precise control and detailed cutting such as paper, cardboard, wallpaper, foamboard, caulking, molding and finishing.

A wide range of handle styles, materials and ergonomics to address different applications

Each blade has 13 cutting surfaces

Slide, auto-lock and wheel-lock options

Handles feature easy, tool-free blade replacement

SPC-1

- Slide mechanism
- High-impact ABS handle
- Pre-loaded with AB silver snap-off blade

180

- Slide mechanism
- Metal body
- Pre-loaded with AB silver snap-off blade

ES-1

- Auto-lock mechanism
- Stainless steel blade channel
- Pre-loaded with AB silver snap-off blade

SLIDE MECHANISM

LOCKING MECHANISM

9 mm Standard Duty

A-1

- Auto-lock mechanism
- Stainless steel blade channel
- Pre-loaded with AB silver snap-off blade

300

- Wheel-lock mechanism
- Stainless steel blade channel
- Pre-loaded with AB silver snap-off blade

SVR-1

- Slide mechanism
- Stainless steel channel and handle
- Pre-loaded with ABS stainless steel blade

SVR-2

- Auto-lock mechanism
- Stainless steel channel and handle
- Pre-loaded with ABS stainless steel blade

NA-1

- Auto-lock mechanism
- Hand-saver anti-slip rubber grip & acetone-resistant handle materials
- Pre-loaded with AB silver snap-off blade

XA-1

- Auto-lock mechanism
- Wraparound anti-slip rubber grip & acetone-resistant handle materials
- Pre-loaded with ABB ultra-sharp black snap-off blade

9 mm Standard Duty

DA-1

- Auto-lock mechanism
- Built-in blade snapper and disposal container
- Pre-loaded with AB silver snap-off blade

PA-2

- Auto-lock mechanism
- Automatic blade-loading mechanism stores up to five blades
- Pre-loaded with three ABB ultra-sharp snap-off blades

PREMIUM HANDLES WITH
AUTO-LOCK MECHANISM

AB

13-segment stainless steel snap-off blade

A-SOL

Solid blade

Superior initial sharpness and cleaner cuts!

OLFA Silver Blades

- Honed blade provides a clean finish to the cut
- Sharp edge angle for smooth, easy cutting

OLFA Ultra-Sharp Black Blades

- Longer blade hone provides a cleaner finish when cutting through an object
- 25% sharper edge for less cutting resistance

9 mm BLADES

18 mm Heavy Duty

Heavy-Duty Utility Knives

Ideal for a wide variety of industrial, construction and DIY applications, like drywall, roofing materials, flooring materials, rubber, leather, linoleum, other construction materials and more.

Variety of blade lock and handle configurations

Heavy-gauge stainless steel blade channels for secure blades and high-performance cutting accuracy

Handles feature easy, tool-free blade replacement

SLIDE MECHANISM

SL-1

- Slide-lock mechanism
- High-impact ABS handle
- Pre-loaded with LB silver snap-off blade

RATCHET MECHANISM

L-1

- Ratchet-lock mechanism
- Pistol-shaped high-impact ABS handle
- Pre-loaded with LB silver snap-off blade

L-2

- Ratchet-lock mechanism
- Pistol-shaped handle design with anti-slip rubber inset
- Pre-loaded with LB silver snap-off blade

18 mm Heavy Duty

NOL-1

- Ratchet-lock mechanism
- Hand-saver anti-slip rubber grip & acetone-resistant handle materials
- Pre-loaded with LB silver snap-off blade

NL-AL

- Auto-lock mechanism
- Hand-saver anti-slip rubber grip & acetone-resistant handle materials
- Pre-loaded with LB silver snap-off blade

L-5

- Ratchet-lock mechanism
- Wraparound anti-slip rubber grip & acetone-resistant handle materials
- Pre-loaded with LBB ultra-sharp black snap-off blade

LA-X

- Auto-lock mechanism
- Wraparound anti-slip rubber grip & acetone-resistant handle materials
- Pre-loaded with LBB ultra-sharp black snap-off blade

18 mm Heavy Duty

CL

- Ratchet-lock mechanism
- 90° flat cutting base & built-in adjustable stainless steel guide & staple remover
- Pre-loaded with LB silver snap-off blade

OL

- Ratchet-lock mechanism
- Extended channel supports 1 1/2" blade exposure and four blade segments
- Pre-loaded with LB silver snap-off blade

PL-1

- Auto-lock mechanism
- Automatic blade-loading mechanism stores up to five blades
- Pre-loaded with three LB silver snap-off blades

XL-2

- Ratchet-lock mechanism
- Extended channel support adds 5 1/2" of reach
- Pre-loaded with LB silver snap-off blade

DL-1

- Ratchet-lock mechanism
- Built-in blade snapper and disposal container
- Pre-loaded with LB silver snap-off blade

LB 8-segment snap-off blade

LSOL Solid blade

LBB 8-segment ultra-sharp snap-off blade

LH-20B 4-segment snap-off hook blade

PREMIUM FEATURES

18 mm
BLADES

25 mm Extra Heavy Duty

Extra Heavy-Duty Utility Knives

Cut through industrial and structural materials such as nylon, belt synthetics, clothing materials, sacks/bags, rubber, linoleum, carpet, fiberglass, rope, gaskets, laminates, plastics and more.

Substantial handles with non-slip and cushion grips

Ratchet-lock or auto-lock mechanisms for maximum blade control

Heavy-gauge stainless steel blade channels for secure blades, strength and durability

Handles feature easy, tool-free blade replacement

Each blade has 7 cutting surfaces

H-1

- Ratchet-lock mechanism
- Handle design with anti-slip rubber inset
- Pre-loaded with HB silver snap-off blade

RATCHET MECHANISM

NH-1

- Ratchet-lock mechanism
- Hand-saver anti-slip rubber grip & acetone-resistant handle materials
- Pre-loaded with HB silver snap-off blade

XH-1

- Ratchet-lock mechanism
- Wraparound anti-slip rubber grip & acetone-resistant handle materials
- Pre-loaded with HBB ultra-sharp black snap-off blade

PREMIUM HANDLES

XH-AL

- Auto-lock mechanism
- Wraparound anti-slip rubber grip & acetone-resistant handle materials
- Pre-loaded with HBB ultra-sharp black snap-off blade

7-segment snap-off blade

7-segment ultra-sharp snap-off blade

Saw blade

25 mm BLADES

Superior Sharpness and Durability

Engineered from Japanese carbon tool steel, OLFA blades are skillfully crafted to offer exceptional sharpness for superior cutting power and edge retention.

Each OLFA blade goes through a special multi-step production process and is specially honed for maximum performance.

Snap-off blades are angled to an exact 59° to optimize cutting power and minimize blade breakage.

Snap-off blades save time and money compared to standard double-edged trapezoidal blades.

A new sharp edge with just a snap!

Snap-off blade knives save time and money

Just snap off the dull segment and you have a fresh cutting surface

No tool blade change

STORAGE CONTAINERS

Snap & Storage

Simple, safe and convenient solutions to easily snap off and store used blades
