CORELLE®

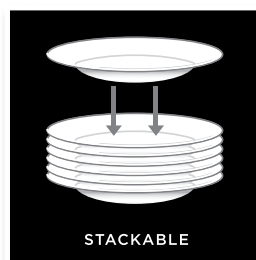

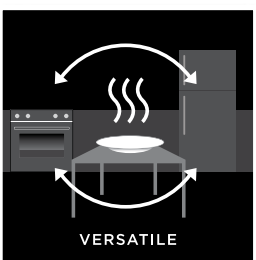

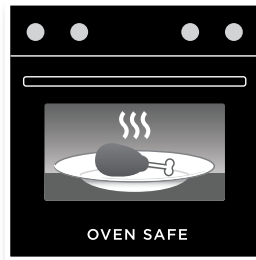

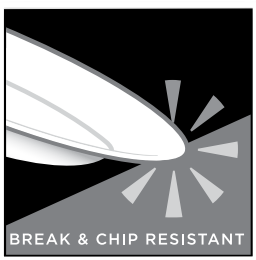

Everybody has their own sense of style. Which is why we offer our Corelle® dinnerware in so many different patterns and shapes. But one thing everybody agrees on is durability. Dinnerware needs to last. We use a unique material called Vitrelle®, a special three-layer glass laminate, which gives our plates and bowls that legendary Corelle durability while still being lightweight.

DURABLE VITRELLE

3 LAYER GLASS

BREAK & CHIP RESISTANT

Savvy consumers know Corelle® dinnerware is not only iconic, it's also trusted as a smart choice for their table – it's durable, chip- and break-resistant, dishwasher-safe and impervious to scratches and stains.

Plates and Bowls made in the USA.
Stoneware mugs made in China.

CORELLE®

CORELLE®

Square

CORELLE® Square dinnerware features sleek, squared shapes with rounded corners and flared rims which fuse seamlessly with the traditional rounded centers. The result is a totally fresh, yet timeless look—versatile enough for every day dining as well as for entertaining. We are so confident that your Corelle® Square dinnerware won't let you down that we backed it with a 3 year limited break and chip resistant warranty.

CORELLE®

Coupe

CORELLE® Coupe, the brand's best-selling shapes, delivers a variety of designs: from classic to bold and fresh patterns that bring a match the décor of any table. The vividness of the Coupe patterns won't fade either - like all Corelle dinnerware the colors stand up to everyday use and won't wear or scratch.

CORELLE®

Ovenware

Your casseroles, veggies, and side dishes easily go from your oven, to the table and then right to your fridge with Corelle Bakeware. These dishes are all made of lightweight, yet durable VITRELLE™ glass.

Corelle Bake, Serve, Store products come with or without glass or plastics lids and are 50% lighter than traditional ceramic bakeware.

SINCE 1958

CORNINGWARE®

For more than half a century, CORNINGWARE® bakeware has married exceptional performance and versatile design with an eye toward the modern. The ability to prepare, store and serve one-dish meals is as valuable today as ever.

Corningware Stovetop dishes are made of a unique material, **Pyroceram**, that was originally developed by Corning, Inc.. This material allows Corningware Stovetop dishes to be used on the stovetop... even directly from the freezer.
