**TECHNICAL SPECIFICATION**

**FLAT TUBE NAILERS**

**TECHNICAL SPECIFICATION:** Oatey Flat Tube Nailers permanently and conveniently affix 1/2", 3/4" or 1" copper, PVC, CPVC, Galvanized or PEX piping against wooden studs or joists for quick nail support. Flat Tube Nailers are available in copper coated or plastic coated finishes.

**PHYSICAL/CHEMICAL PROPERTIES**

Material           Copper Coated Steel - 12 Gauge  
                          PVC Plastic Coated Steel - 12 Gauge

**DIRECTIONS FOR USE**

Insert piping into flat tube nailer. Secure by hammering flat tube nailer into rafter, joist or stud. Check with local codes to ensure proper spacing requirements for piping support.

**PRECAUTIONS**

Read cautions and directions on packaging carefully before using this product. KEEP OUT OF REACH OF CHILDREN.

**COMMON APPLICATIONS**

Flat Tube Nailers support piping against wooden studs or joists.

Consult Oatey Technical Department for applications not specifically referenced above.
