

- Smooth surfaces and classical chamfers define each stone to create texture and visual structure with timeless appeal
- Ball and socket joint design ensures neighboring stones support each other while following contours and remaining gap-free
- Made of durable concrete that won't decay, distort, or attract pests. Iron oxide pigments won't fade with extended UV exposure. Stands up to repeated use of line trimmers and edgers

Our line of concrete edgers instantly adds beauty and value to any landscape. Available in a wide selection of shapes, sizes, and colors, they're easy to install and create attractive, functional, and durable borders around your walkways and flower beds. A quick way to create order and organization around your lawn and garden, concrete edgers will enhance your greenery while simplifying mowing and trimming chores.
