

PICQUIC®

WE STILL MAKE 'EM LIKE WE USED TO™/MC EST. 1988

Picquic =

Since 1988, we've been attempting to improve upon the Picquic bit storage system. Despite these efforts and our consultations with the world's preeminent authorities on astro-physics, we've concluded that improvement is simply not possible.

You see, because the process of storing a bit & ejecting the newly selected bit occur simultaneously and with the same motion, there is just no way to make bit changes faster or more convenient.

In view of this "setback", we decided our best approach would be to improve the Picquic line by adding more useful products.

Have a look inside this catalog to see the results!

INSTANT bit-changes
ZERO moving parts
SOLID handles
NO lost bits

Catalogue (U.S.A.)

Picquics are made for industry, they're made for home and offices, and - they're made to last. There's a Picquic model to suit virtually every application and every budget, and because Picquic offers high quality at fair prices, consumers receive honest value and Canadian retailers make an honest margin, while increasing customer satisfaction.

SIXPAC Plus™

The original Picquic - Full size for professional or at home use. Solid handle for maximum comfort and torque; no moving parts to break (or lose). Anodized aluminum alloy shank for years of use. Bits are ideal for use in drills and powerdrivers.

With 7 (1/4" Hex):

Item #	Colors	Packaging	Ctn/MC
88103	Assorted	Blister pack	12/120
88100B	Assorted	Bulk display	12/120
88101B	Original Black	Bulk display	12/120

POWERBITS

SUPER 8 Plus™

All the same great qualities of the original with a removable Stainless nutdriving shank that works great for hose clamps & other hex fasteners: Shank doubles as a power nutdriver in your drill.

"Standard":
7 (1/4" hex)

Item #	color/type	Packaging	Ctn/MC
98881	Blue/standard	Blister pack	12/120
98881B	Blue/standard	Bulk display	12/120
98883	Blue/HVAC	Blister pack	12/120
98883B	Blue/HVAC	Bulk display	12/120

"HVAC":
7 (1/4" hex)

HVAC includes the "Schrader" valve bit.

HEX-CALIBRE™

New for 2015, the Hexcalibre has the same great features as the original. The Metric version comes in a Bright Red color that follows the established color code. Many sizes of mm hex head screws are found in Bikes, Motorcycles and other items.

With 7 (1/4" Hex):

Item #	Colors	Packaging	Ctn/MC
88153	Solid Red	Blister pack	12/120
88154B	Solid Red	Bulk display	12/120

To keep your shelf organized, the blister packs and displays for the Hexcalibres are color-matched to the new products.

POWERBITS

HEX-CALIBRE™

New for 2015, the Hexcalibre has the same great features as the original. The SAE version comes in a Yellow color that follows the established color code. SAE hex head screws are common in machine tools and often used for set screws.

With 7 (1/4" Hex):

Item #	Colors	Packaging	Ctn/MC
88151	Solid Yellow	Blister pack	12/120
88152B	Solid Yellow	Bulk display	12/120

To keep your shelf organized, the blister packs and displays for the Hexcalibres are color-matched to the new products.

POWERBITS

TRUE TORX™

New for 2015, the TrueTorx has the same great features as the original but is loaded with seven of the most commonly used, genuine Torx bits. Historically an automotive application bit, you'll now find Torx used in many different products.

With 7 (1/4" Hex):

Item #	Colors	Packaging	Ctn/MC
88155	Solid Blue	Blister pack	12/120
88156B	Solid Blue	Bulk display	12/120

We only use Genuine TORX® Powerbits

POWERBITS

MARINER™

The Mariner Picquic is perfect for any boater. Its Electroless nickel plated bits resist corrosion and allow it to withstand sun & harsh environments. Anodized aluminum alloy shank for years of use. The Mariner makes an excellent step-up gift item.

With 7 (1/4" Hex):

Item #	Colors	Packaging	Ctn/MC
88102	Aquamarine	Blister pack	12/120
88102B	Aquamarine	Bulk display	12/120

MICRO BITS

Picquic combination packs are a great choice for promotions. All are priced below the aggregate cost of individual products they are comprised of. The combinations also make excellent gifts and all offer extra value and higher dollars per sale.

Item #	Ref	Ctn/MC	Description
88562	1	12/72	SIXPAC <i>Plus</i> , Multique, Teeny Tumer
88911	2	6/60	SIXPAC <i>Plus</i> and STUBBY

All combination packs come in assorted Colors. Note: each unit includes "matched" Color handles.

In addition to our bulk counter displays, available for most products, our freestanding floor displays are a great choice for promotion. We have two standardized formats that are designed to house several different carded versions of individual Picquic drivers and many of the combination packs.

All displays are provided free of charge when ordered with the appropriate quantity of product. (Unit quantity varies by product - please inquire).

Genuine Picquic Accessory products:

BITPAC[™]

Picquic "Bitpacs" are Color coded Bit storage units. They link together with dovetails, enabling users to keep bits organized and reduce loss of bits.

Bitpacs come in sets of varying sizes and bit styles - Torx for automotive, Allen keys for machinists and bikers, Robertson and Phillips for contractors and special bits like tamper proof, pozi, and clutch for specialized user groups.

PRODUCT	CTN	ITEM #	DESCRIPTION
