# WHY POLICE SECURITY FLASHLIGHTS?

A few short years ago, Police Security® Flashlights launched a high quality tactical line of flashlights. Since then, we have expanded our product line to include over 40 flashlights. From highly tactical models to pocket sized for everyday carry, our extended collection, whether for safety, emergency preparation or outdoor activities are suitable for virtually anyone.

We are committed to delivering the highest quality flashlights. Every product is put through rigorous testing so that our flashlights meet the highest industry standards. We continuously review our design and product features to ensure we are bringing the most innovative and state-of-the-art products to the market. Built with advanced Cree® LED lighting technology, Police Security's ever-expanding flashlight collections are best in class and can be found in over 22,000 retail stores.

All of our flashlights come with high-quality alkaline Police Security batteries and feature unique packaging allowing consumers to "Try" the flashlight in store. Compare our lumens, durable finishes, construction, design and price to the competition. We are confident that you will find our flashlights offer superior lighting power and dependability at a great value.

We also take pride in the relationships we build with our Retail Partners. With our industry expertise, we build long-term partnerships by offering a responsive, innovative approach to partner success.

## ABOUT US

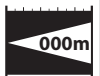

### Global Team & Comprehensive Capabilities

- Experts in logistics and sourcing
- Account support and development
- Design, engineering and production management
- Best-in-class quality assurance and continual improvement

### Proven Success & Profitable Programs

- Consumer-driven designs and brand architecture
- Research-based product development and innovation
- Persuasive, productive packaging and displays
- Expert sales and inventory analysis
- Promotional and advertising support

## FLASHLIGHT PERFORMANCE

	<b>IMPACT RESISTANCE:</b> The degree to which a portable light resists damage when dropped on a solid surface.	<b>COMMON, ADVANCED &amp; SPECIAL FEATURES</b>	
	<b>RUN TIME:</b> Continuous light on one set of batteries or charge.	 <b>HIGH</b>	 <b>NIGHT VISION</b>
	<b>LUMENS:</b> Lumen is the measure of visible light emitted by a source. <b>More Lumens = Brighter Light.</b>	 <b>MEDIUM</b>	 <b>BLOOD TRACKER</b>
	<b>BEAM DISTANCE:</b> Maximum distance of light.	 <b>LOW</b>	 <b>SLIDE FOCUS</b>
	<b>WEATHER RESISTANT:</b> Resists the effects of severe weather, such as rain or cold.	 <b>FLASH</b>	 <b>TWIST FOCUS</b>
		 <b>PIVOT HEAD</b>	 <b>WHITE LED</b>
		 <b>SOFT SWITCH</b>	 <b>RED LED</b>
		 <b>S.O.S</b>	 <b>RED LED FLASH</b>
