
QUALITY & INNOVATIVE FISHING PRODUCTS

2017 - 2018 CATALOG

Generations of Research & Design

For over 60 years we have been in the netting and cast net business, paving the road for designs seen today. Through generations of experience and expertise, we have developed, refined, and created some of the most effective and dependable cast nets in the world.

True Lead Weights

While other net manufacturers have replaced lead weights with steel weights to reduce cost, the majority of Ahi USA cast nets have upheld the original design of using true lead weights. Preferred by the pros, lead weights are found on almost every Ahi USA Cast Net.

Quality Craftsmanship

Every cast net is inspected multiple times for perfection and quality craftsmanship from assembly to shipment. Each Ahi USA cast net bears a Seal of Quality Craftsmanship, representing the highest level of quality control.

Our Level of Commitment

All Ahi USA cast nets are meticulously hand crafted with attention to detail, as is reflected in our effort to hand glue all hand-tied knots to ensure a non-slip design.

THE SUPERIOR QUALITIES OF AHI USA NETS

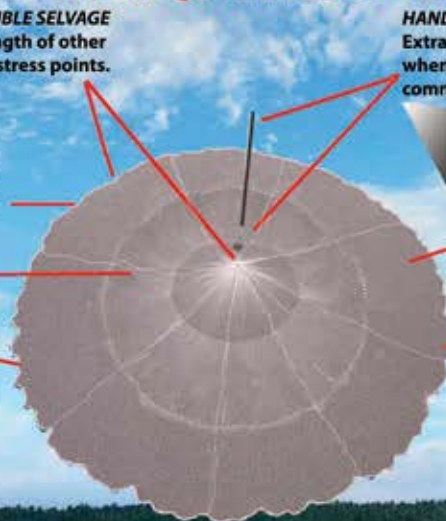

DOUBLE SELVAGE
2X times the strength of other nets on critical stress points.

WEIGHT
Superior design and balanced lead distribution provide a quicker sink rate than other nets on the market.

BRAILLE LINES
High quality, thick diameter Braille Lines act as a super strong skeletal system when supporting a full net.

ASSEMBLY LINE
Features Premium Treated Nylon. Secured by a professional non-slip design, the assembly line is interlooped multiple times around the leadline creating firm connections with net panels.

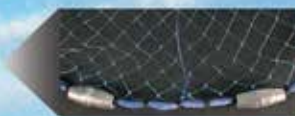

HANDLINE / SWIVEL
Extra long polyethylene handline allows further throw distance when working from a boat, bridge, pier, etc. Secured by a heavy duty commercial grade swivel.

NETTING
Premium UBE Chip Composite Nylon and Monofilament material is stronger and more pliable allowing the net to open more cleanly without compromising net strength.

LEADLINE
Super strong solid inner core construction provides backbone strength while outer layer of braided polypropylene adds flexibility.

50 Series Cast Nets (3/8" Mono)

Application: 1"-5" Bait

The 50 Series Cast Nets feature vinyl coated steel weights, which have been treated and tested for performance and durability. A technological breakthrough in chip resistant vinyl coating protects the steel core from the elements. These nets feature Premium UBE Chip Monofilament Netting, 3/8" square mesh, 80 lbs test braille lines, and 3/4 lbs of "Actual Steel Weight" per foot. A 24 ft handline is secured with a heavy-duty anodized swivel. Each net is packed in a reusable hard plastic container.

51 Series Cast Nets (3/8" Mono)

Application: 1"-5" Bait

The 51 Series Cast Nets feature 1lb of "Actual Steel Weight" per foot. The heavier weight enables the net to sink quicker, increasing the catch ratio. Especially critical in areas of higher salinity or deeper bait. The vinyl coated steel weights are both chip and corrosion resistant. The nets feature Premium UBE Chip Monofilament, 3/8" square mesh, and 80 lbs test braille lines. A solid 24 ft handline is secured with a heavy-duty anodized swivel. Each net is packed in a reusable hard plastic container.

100 Series Cast Nets (3/8" Nylon)

Application: 1"-5" Bait

A popular model for targeting smaller bait fish, the 100 Series Nets feature Premium Nylon Multifilament Netting and 3/8" square mesh. The softer nylon netting will catch bait with less gilling, resulting in healthier, longer lasting bait. Equipped with 80 lbs test Braille Lines, and 3/4 lbs of actual lead weight per foot. A 24 ft handline is secured with a heavy-duty anodized swivel. Each net is packed in an attractive reusable hard-shelled plastic container.

LEAD
0.75 lb/ft

200 Series Cast Nets (3/8" Mono)

Application: 1"-5" Bait

Traditionally the most popular cast net for targeting a variety of bait. The 200 Series Nets feature Premium UBE Chip Monofilament Netting, 3/8" square mesh, 80 lbs test Braille Lines, and 3/4 lbs of actual lead weight per foot. A 24 ft handline is secured with a heavy-duty anodized swivel. Each net is packed in an attractive reusable hard-shelled plastic container.

300 Series Cast Nets (1/2" Mono)

Application: 5"-10" Bait

With more weights, Braille Lines, and stronger mono, these nets are built for the discriminating fisherman who demands a premium net. The 300 Series Nets feature Premium Blue UBE Chip Monofilament Netting, 1/2" square mesh, 90 lbs test Braille Lines, and 1 lb of actual lead weight per foot. A long 30 ft handline is secured with a commercial grade anodized swivel. Each net is packed in an attractive reusable hard-shelled plastic container.

LEAD
1 lb/ft

Model #: CN-304 CN-305 CN-306 CN-307 CN-308 CN-310

400 Series Cast Nets (5/8" Mono)

Application: 6"-12" Bait

With 1.15 lbs of actual lead weight per foot and more Braille Lines and stronger mono, these nets are designed for use in deep water or strong currents. The 400 Series Nets feature Premium Green UBE Chip Monofilament Netting, 5/8" square mesh, and 90 lbs test Braille Lines. A long 30 ft handline is secured with a commercial grade anodized swivel. Each net is packed in an attractive reusable hard-shelled plastic container.

200 Pro Series Cast Nets (3/8" Six Panel Mono)

LEAD
1.35 lb/ft

Application: 1"-5" Bait

The 200 Pro Series Cast Nets are designed with a 6 panel construction and feature double knotted 3/8" monofilament square mesh, 100 lbs test Braille Lines, and 1.35 lbs of actual lead weight per foot. All 200 Pro Series Nets are outfitted with symmetrical lead weights, that improves on the fine-tuned "sink to weight" ratio of all Ahi USA nets. A long 30 ft handline is secured with a commercial grade anodized swivel. Each net is packed in a durable plastic pail, which also works great for holding bait.

Net Size: 6 FT 8 FT 10 FT 12 FT

Model #: CN-206PRO CN-208PRO CN-210PRO CN-212PRO

500 Pro Series Cast Nets (1" Six Panel Mono)

LEAD
1.25 lb/ft

Application 12" and up size Bait

A popular mesh size for targeting mullet, bunker, and other larger sized bait.

The 500 Series Nets are designed with a 6 panel construction enhanced with Double Knotted Premium UBE Chip Monofilament Netting, 1" square mesh, 100 lbs test Braille Lines, and 1 1/4 lbs of actual lead weight per foot. A long 30 ft handline is secured with a commercial grade anodized swivel. Each net is packed in a durable plastic pail, which works great for holding bait.

Net Size: 6 FT 7 FT 8 FT 9 FT 10 FT 12 FT

Model #: CN-506 CN-507 CN-508 CN-509 CN-510 CN-512

600 Pro Series Cast Nets (1/4" Six Panel Mono)

LEAD
1.35 lb/ft

Application 1-5" size Bait

The 600 Series Cast Nets are designed with 1/4" square mesh, 100 lbs test Braille Lines, and 1.35 lbs of actual lead weight per foot. All 600 series nets are outfitted with round ball weights, improving the "sink to weight" ratio on these nets. A long 30 ft handline is secured with a commercial grade anodized swivel. Each net is packed in a durable plastic container or pail, which also works great for holding bait.

Net Size: 5 FT 6 FT 7 FT 8 FT 10 FT 12 FT

Model #: CN-605 CN-606 CN-607 CN-608 CN-610 CN-612

700 Pro Series Cast Nets (1/2" Six Panel Mono)

LEAD
1.35 lb/ft

Application 5-10" size Bait

The 700 Series Cast Nets are heavier, more durable nets designed for professional and serious anglers who expect nothing less than a perfect net. This net features a 6 panel construction, 1/2" square mesh, Double Knotted Premium UBE Chip Monofilament Netting, 100 lbs test braille lines, and 1.35 lbs of actual lead weight per foot. A long 35 ft handline is secured with a commercial grade anodized swivel. Each net is packed in a durable plastic pail.

Net Size: 8 FT 10 FT 12 FT

Model #: CN-708 CN-710 CN-712

800 Pro Series Cast Nets (1 3/8" Six Panel Mono)

LEAD
1.35 lb/ft

Application: 12" and up size Bait

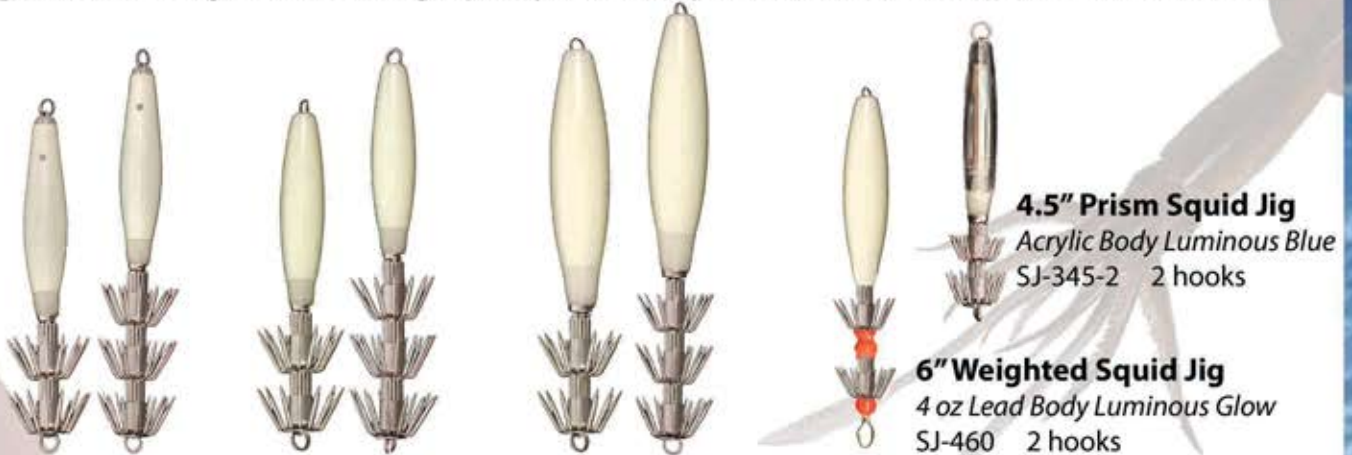

The 800 Series Cast Nets were created for the discriminating angler targeting mullet, mackerel, bunker and larger sized fish. These nets are enhanced with Double Knotted Premium UBE Chip Monofilament Netting, 1 3/8" square mesh, 100 lbs test braille lines, and 1.35 lbs of actual lead weight per foot. A long 35 ft handline is secured with a commercial grade anodized swivel. Each net is packed in a durable plastic pail.

GIANT SQUID JIGS

Exclusively designed, these weighted squid jigs were made for the monsters of the sea. The massive SJ-1000 measures 20" in length and is armed with 5 extra large razor sharp hooks on a one piece solid steel backbone. A large luminous glow-in-the-dark body and four sub-bodies make this jig readily visible underwater. The lighter junior SJ-175-3H is outfitted with 3 razor sharp hooks and measures 10" in length. It features a glow body, and a painted glow lead weight on the bottom.

DEEP DROP L.E.D. STROBE LIGHTS

Water activated, these submersible deep drop strobe lights attract interest from baitfish, gamefish, and squid. A self contained lithium battery provides over 300 hours of use (100 hours - Disco). Attach these lights on squid jigs, bait rigs, deep drop rigs, and even on life jackets for safety purposes.

Avail. in 6 colors: Green, Red, White, Blue, Disco, Ultra Violet

Sabiki Fish Catchers

Ahi USA Sabiki Rigs are produced with only the highest quality components. All Ahi USA Sabiki Rigs include Ball Bearing and Crane Swivels designed to minimize line kinks and twist. Equipped with sharp high quality gold hooks, hand tied to super strong NYLON CHIP leader material, and enhanced with green glow and red flash beads. All rigs are available in various hook sizes (SZ) and strengths of Mainline (ML) and Branchline (BL).

AHI USA GLOW HOOK SABIKI RIGS

Ahi USA's new GLOW HOOK Series Sabiki Rigs emit even more glow power than any ordinary Sabiki Rig. The vibrant glow hooks are especially effective when fishing in low light or low visibility conditions and entice more bait fish to bite. These Sabiki Rigs feature all the same high quality components you will find on a Ahi USA Sabiki Rig, such as Ball Bearing and Crane Swivels designed to minimize line kinks and twist. Other details include sharp high quality hooks, super strong low visibility NYLON CHIP leader material, green glow beads and red flash beads. All rigs are available in various hook sizes (SZ) and strengths of Mainline (ML) and Branchline (BL).

Sabiki Fish Catchers & Rigs

THE ULTIMATE SAND DAB RIGS

Whether you are targeting sand dabs for a tasty meal or want to make some quick candy-bait for lingcod and other predatory rockfish, this is the only rig you will ever need. Each rig is outfitted with a snap swivel on each end of the main line, which allows this rig to be fished either vertically or horizontally along the bottom by adding weights to one or both snaps, rigged with artificial glow-in-the-dark shrimp attractants. Available in 12 hook or 6 hook rigs.

SABIKI STICK - BAIT ROD

Having quality live bait can be the difference between good and bad fishing. This innovative fishing rod was designed exclusively for catching bait. The hollow shaft of the Sabiki Stick safely stows the sharp hooks of a Sabiki Rig keeping them snag free and tangle free until ready to fish. 3 piece sectional rod is great for breakdown and transport. Works with spinning, conventional, and baitcaster reels

RSB-800 8 Foot
RSB-700 7 Foot

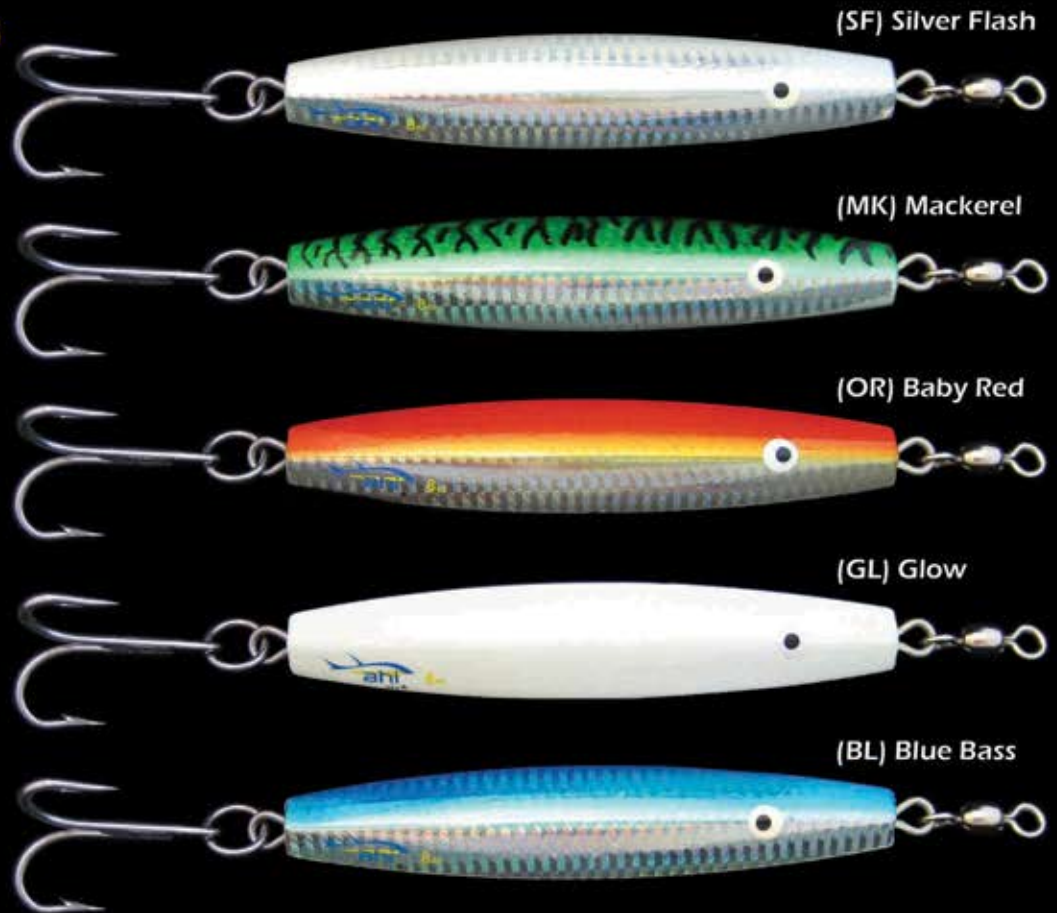

Reel Sabiki Rigs directly into hollow rod blank.

Includes canvas carry bag

ASSAULT DIAMOND JIGS

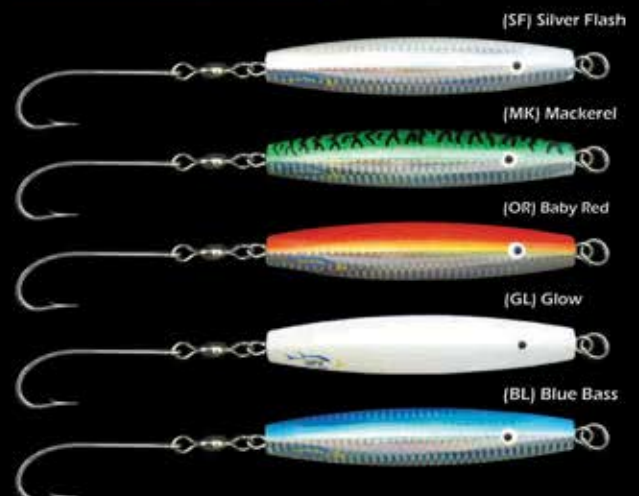

-  Holographic Reflective Finish
-  Fish Scale Prism Pattern
-  3X Mustad Treble Hooks
-  Glow Eyes
-  Solid Welded Rings
-  Beefy Swivels
-  Chip Resistant Finish
-  Performance Tuned

ITEM#:	DJ-1	DJ-2	DJ-3	DJ-4	DJ-6	DJ-8	DJ-10	DJ-12	DJ-14

Assault Diamond Jigs come with a state of the art 3-D holographic reflective finish. The Assault pattern emulates fish scales, giving it a much more realistic presentation. This same finish protects the paint from chipping and flaking. The addition of glow eyes makes the jig look fishier than ever before and is sure to get noticed even in the lowest light conditions. Assault Diamond Jigs catch just about every species of gamefish from lingcod, rockfish, halibut, and tuna in the Pacific, to striped bass, bluefish, cod, and tuna on the East Coast. Fishermen in the Gulf use Assault Diamond Jigs to score grouper, snapper, amberjack, and king mackerel.

LIVE DECEPTION JIGS

Live Deception Jigs are the result of the latest technology in image transfer and laser printing. This new revolutionary process transfers real images of live baitfish directly onto the jig body. The result is an extremely realistic finish that is certain to fool even the most picky game fish. The laser transfer process not only produces the very highest level of detail and accuracy, but also makes one of the most chip and peel resistant finishes available. Jig, troll, or cast: Live Deception Jigs are incredibly versatile and are extremely effective on just about any and all species of gamefish. The performance-tuned action mimics live baitfish and transmits vibrations fish can't resist. Live Deception Jigs are built incredibly tough and feature solid welded rings, 3X Mustad hooks, wire-thru rigging, and heavy duty split rings. Available in 4 colors: Anchovy (AC), Sardine (SD), Blue Mackerel (BM), and Green Mackerel (MK).

Sizes: 1, 2, 3, 4, 5, 6, 8 oz.

PERFORMANCE TUNED JIG SYSTEM

SABO JIG HEAD

(RB) RAINBOW TROUT

Sabo Jig Heads are 2X the size of standard jig heads without the extra weight. A larger head-per-weight ratio offers anglers a more uniform and natural look, without the added weight of an all leaded jig head. A slower sink rate is perfect for drawing strikes on suspended and mid-water column fish. Impact resistant acrylic outer shell features authentic fish detail and vibrant colors to suit a variety of baits and conditions. Razor sharp point assures a solid hook set. Rig with swimbaits, grubs, twin tails, and other plastic lures.

Available in four colors: rainbow, green, pink, brown
WEIGHT (oz): 3/8 1/2 3/4 1 1.5

- Razor Sharp 3X Hooks

SABO SQUID HEAD

(BR) BROWN

Sabo Squid Heads are a true squid imitator that offers realistic appearance and action fish can't resist. Drop the Sabo Squid down and watch it work and be prepared for violent strikes on the drop. Pop the rod tip up for realistic jigging action. Tuned action fins cause the lure to dodge and dart. Impact resistant outer shell features amazing squid-like detail and vibrant colors to suit a variety of baits and conditions. Rig with hoochies, skirts, plastic squids, and cut or fresh dead squid.

Available in four colors: brown, green, pink, blue, glow

Grande **HookResist** nets are designed for gentle landings and catch-and-release style fishing. Outfitted with the latest in fish-friendly and hook-friendly netting, these nets minimize the risk of damage to fins, gills, and fishskin. The flat bottom design allows fish to lay flat in the net for minimal fish handling and easy releases.

ANGLERS SERIES NETS

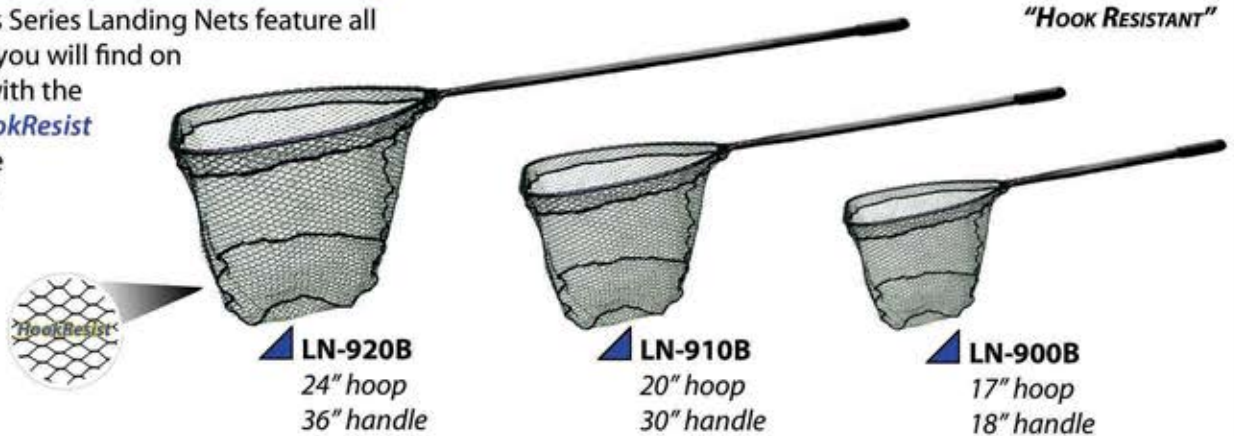

Dependability and value describe the Anglers Series Landing Nets. These one piece landing nets feature high quality components you normally see on higher priced comparisons, such as octagon handles, molded grips, strong aluminum frames and heavy poly netting.

"VALUE ECONOMY"

PREMIER ANGLERS SERIES NETS

The sleek Premier Anglers Series Landing Nets feature all the dependable features you will find on the Anglers Series Nets, with the addition of upgraded *HookResist* anti-snag nets. These one piece nets include sturdy octagon handles, molded grips, and solid aluminum frames.

"This is the net that every private boater, tournament angler, or catch & release fisherman should use to handle and release game fish."

Dan Hernandez
Producer and host of the television fishing program, Sport Fishing with Dan Hernandez.

CLEAR BLUE SERIES RUBBER LANDING NETS

Clear Blue Series landing nets are equipped with attractive blue anodized handles and armed with Crystal Clear Rubber Netting - the latest in snag proof technology. The new mesh is soft on fish, easy on hooks, and less likely to startle fish upon landing. They look good and they perform even better!

TROPHY SERIES COLLAPSIBLE LANDING NETS

When the type of fishing you do demands a large net but you don't have the space to stow one, the Trophy Series Collapsible Landing Nets are the perfect solution. These exclusive nets feature an innovative collapsible frame which, at the push of a button, collapses the entire net.

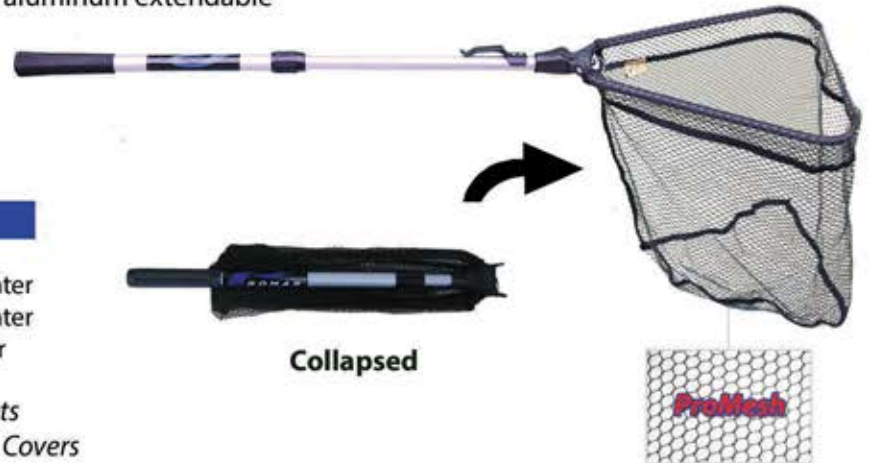

Along with solid durable yokes, each net features an aluminum extendable handle providing strength and twice the length. Outfitted with lightweight **ProMesh** snag resistant and catch & release material. This net is perfect for kayakers, float tubers, backpackers, and for the traveling angler.

Item #	Hoop Size	Handle	Application
LN-701	16" x 16"	32"	Trout/Freshwater
LN-702	20" x 20"	38"	Freshwater/Light Saltwater
LN-703	24" x 24"	46"	Freshwater/Light Saltwater
LN-704	26" x 28"	48"	Heavy Duty/Saltwater

▲ All Trophy Series Nets Include Canvas Net Covers

ProMesh

SWING LANDING NET

The space saving Swing Landing Net is designed for a quick single-handed performance with just a flip of the wrist. When not in use, the net folds compactly to 24", and with a quick swing it extends to nearly 42" in length. Constructed with durable lightweight aluminum and a soft grip handle, this net is ideal for kayakers, float tubers, or in space critical situations. Outfitted with hook resistant Rubberized Mesh. 17" x 20" Frame - 22" Handle

▲ LN-301

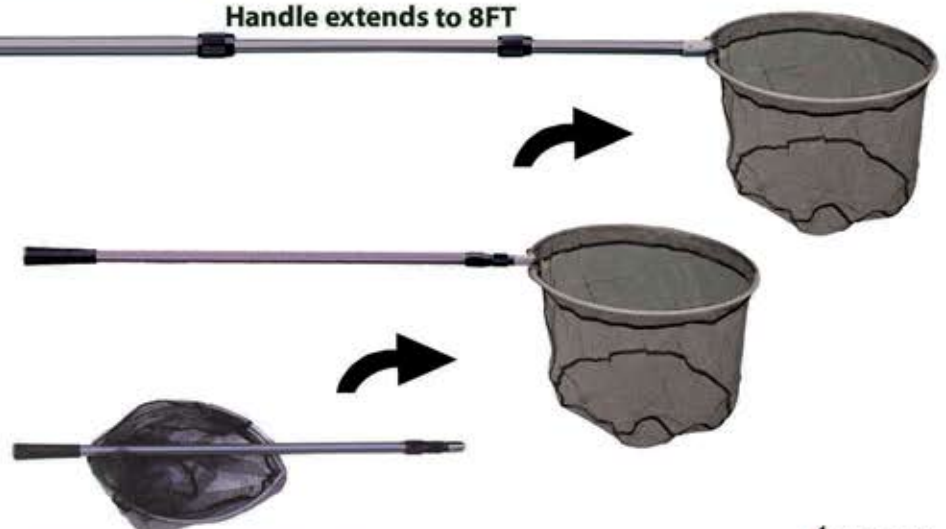

Folded

COLLAPSIBLE EXTEND SCOOP NET

This unique collapsible and extendable net is designed for easy storage, yet its handle expands to 8 FT in length with a hoop that opens to 19". Simple to setup and collapse, the entire frame folds down to 11" and the handle retracts down to about 3 FT. Outfitted with hook-resistant and fish friendly rubber coated mesh and a 3 section twist lock retractable handle, this net is excellent for netting bait or landing fish when you need that extra reach. Also great for kokanee & crappie. 19" Frame, 3FT - 8FT Telescopic Handle

"LONG REACH"

Handle extends to 8FT

Frame folds to 11" for storage

▲ LN-806

DELUXE PRO DIP NET

This high-end bait catching dip net is exactly what the bait doctor ordered. Stealthy black anodized 28" diameter frame, extra deep hand-crafted 1/4" mesh monofilament bag, and a 10 FT telescopic aluminum black anodized handle. A revolutionary breakthrough in regards to durability, this net's adjustable telescoping handle allows for solid and rigid support even when fully extended. The **ProtecNet** design guards the soft monofilament netting internally within the frame, protecting against abrasion or snags.

Telescopic Handle Extends from 5 FT - 10 FT

SHAD/SMELT/SQUID DIP NETS

Designed to scoop shad, smelt, squid, shrimp, and other baitfish. These extra long nets feature 20" frames and 1 1/2" diameter handles, equipped with dual push-button pins for more lifting power. Frame and handle break-away completely for easier storage. Available in 9 FT and 16 FT (telescopic), and available with nylon mesh or resistance-free mono for scooping elusive bait.

BUTTERFLY & COLLECTION NET

Ideal for collecting everything from butterflies to grasshoppers, and other mini critters. The fine micromesh is super soft and great for scooping even the smallest aquatic animals.

LOBSTER BULLY NET

These Bully Nets feature a heavy-duty 20" galvanized steel frame, strong poly netting, and a 72" solid wood handle. Great for catching lobsters and crabs!

WOOD HANDLE DIP NETS

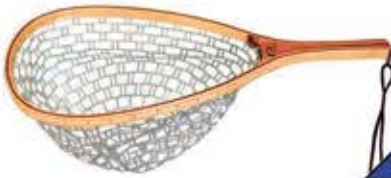

Economy-friendly dip nets come in 2 models and are great for scooping up blue crab, smelt, minnows, shrimp, squid, and other small species. Each net comes with a 5FT wooden handle and a sturdy 14" wire frame. Model LN-855 comes with a fine nylon mesh bag great for baitfish and shrimp. Model# LN-855P comes with a large poly mesh and is ideally suited for blue crab.

PREMIUM WOODEN TROUT NETS

These premium handcrafted catch-and-release style trout landing nets are constructed from the finest hardwoods and laminated for a beautiful professional finish. Each net features a quick release removable elastic lanyard. Great for catch-and-release fishing!

36" PRO STAINLESS HOOP NET

The Exclusive 36" Pro Stainless Lobster Hoop Net was designed specially for the serious lobster fisherman. Featuring a thicker diameter stainless steel 36" ring outfitted with upgraded deeper and heavy ply poly netting. This net is further enhanced with 75 FT of easy-to-grip heavy-duty braided poly rope, a commercial style float for greater visibility.

NE-102JPRO

32" MONO HOOP NET

This 32" Mono Hoop Net is designed for catching quick and elusive bait. Outfitted with resistance-free 1/4" monofilament netting, this hoop net is ideal for hooping up bait from deep or shallow water. Rigged with 100 ft of poly rope.

NE-115M

PROMAR ECLIPSE HOOP NETS

The second generation of Hoop Nets developed by Promar, the Eclipse Nets are proven to catch more tasty crustaceans. Innovatively designed with 3 concentric rings, the Eclipse Hoop Nets feature a smaller 20" entrance ring on top with a larger 36" base ring and a bait pouch ring in the center of the net. This reverse hoop net stands on 4 solid support posts which can be easily detached, collapsing the hoop net for easy storage. This design is extremely effective in preventing the escape of your catch. These nets feature the **patented** Promar Bait Pouch in the center.

PROMAR AMBUSH HOOP NETS

The Ambush Hoop Net is optimized for lobster and crab. The steep angles offer more volume and even more wiggle room, for the taller stature of larger crustacean such as lobsters. The stealthy blue-ocean vinyl coating protects the diameter rigid steel frame and top ring from the elements and almost disappears in the water blending in with its underwater environment. The Promar Ambush sits approximately 7" off the bottom supported by 6 fixed welded posts. This net comes complete with a patented built in bait pouch and weighted steel ring, a heavy duty black harness, and quality bridle float. Match these nets with a NE-103PRO kit for turn key rigging.

PVC FOAM FLOATS

"COMMERCIAL GRADE"

These multipurpose commercial grade PVC foam floats are excellent for fishing, crabbing, docking, securing watercraft, etc. Made of compression molded closed cell PVC foam. Tough, durable, puncture resistant, and won't absorb water.

ECLIPSE KIT

The Eclipse Kit is a complete turn-key rigging kit for the popular (**NE-108**) Eclipse Hoop Net and it also works great for other pots and traps. The Eclipse Kit comes with every essential you need for rigging one hoop net or trap. Items included are: 4 Arm Snap-On Harness, Bridle Float, 100 FT of Braided Line, and 5" x 11" Commercial Style Marker Float.

NE-103EK

PRO KIT

The Pro Kit is for the serious lobster and crab fishermen who want to upgrade to the same rigging that the Pros use. The Pro Kit includes: 75 FT - Low-Memory Braided Rope, 6" Bait Cage, 6" Light Stick, and 5" x 11" Commercial Style Marker Float. Match this kit to the (**NE-107, NE-107XL**) Ambush Hoop Nets for complete turn-key rigging.

NE-103PRO

CRAB RIGGING KIT

The Crab Rigging Kit is a turn-key kit for many crab pots and shrimp traps. Each kit comes complete with 100 FT of non-floating fast sinking Leaded Line and a 5" x 11" Red & White Commercial Style Marker Float.

NE-103CR

DELUXE HARNESS KIT

This easy to rig 3 Arm Deluxe Harness Kit includes two 3" x 5" PVC foam secure floats and 60 FT of braided poly rope. A simple and easy harness for rigging traps and rings.

NE-103

WIRE BAIT CAGE

These vinyl coated bait cages hold bait for pots, traps, and hoop nets. Bait door reinforced with rubber band and wire clamp.

HIGH VOLUME CAGE

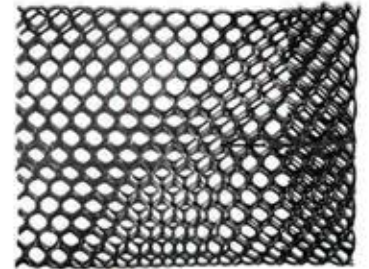

This larger bait cage has a tapered shape which loads easily into traps and pots. Size is ideal for larger baits such as fish scraps, heads, and carcasses. Vinyl coated steel wire with bungee band and hook.

▲ **AC-300L**
8" x 6" x 4"

PVC MESH BAIT BAG

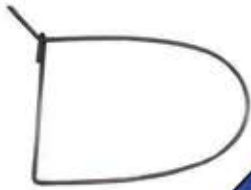

Black PVC Mesh Bait Bag lays flat inside pots, traps, and hoop nets. Rubber band and wire clamp closure.

▲ **AC-345** - 7.5" x 10"

STAINLESS BAIT PIN

Stainless steel bait pin for attaching carcasses or whole bait to crab rings, hoop nets, and crab traps.

▲ **AC-88**

PLASTIC BAIT JAR

Bait jars are a convenient way to add bait to traps. Screw-on lid makes it easy to load or flush bait. Side slits allow scent out of the jar while keeping sand fleas and other small critters from getting in.

▲ **AC-360** 4.5" width

NYLON BAIT BAG

Heavy-duty Nylon Bait Bag popular with commercial fisherman. 14" length with 5" stainless steel snap for securing to traps.

▲ **NE-305**

SEAL PROOF BAIT CAGE

The seal proof bait cage is made of rigid PVC tubing which protects your bait from seals and other predators. High grade stainless steel cables and clips secure this cage to hoop net rings and traps. Removable cap & quick release clips makes baiting a synch and easy to flush and clean.

▲ **AC-300SP**
6" length
3.5" diameter

WIRE BAIT CYLINDERS

Wire mesh bait cylinders are a convenient way to add bait to shrimp and crab traps. Removable lid with clip makes it easy to fill with bait and attach to inside of trap. Easy to flush and clean.

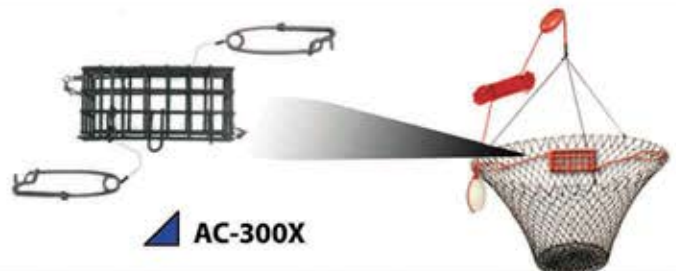

▲ **AC-366**
6" tall

▲ **AC-369**
9" tall

BAIT SUSPENDER

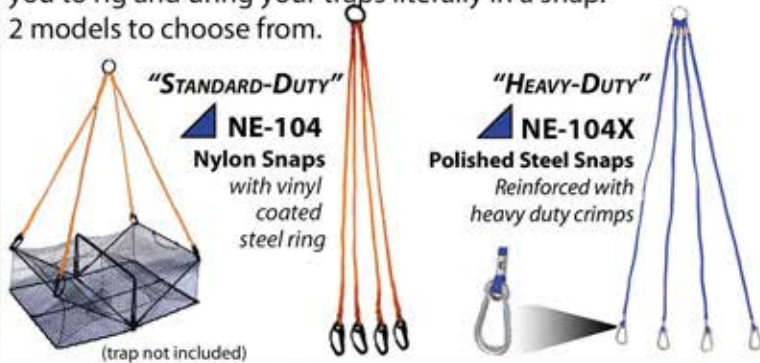

Bait Suspenders drastically enhance the performance of Promar's standard 32" hoop nets. Lobsters can no longer sneak a free meal by feeding off the edges of a drifting bait ring. Bait Suspenders center the bait cage directly in the bull's eye of the hoop net. The baitcage is rigged with swivels to spin, sending any free loading crustaceans to the bottom of the hoop net. Includes vinyl coated steel wire bait cage, 2 stainless steel clips, and rigging.

▲ **AC-300X**

4 ARM TRAP HARNESS

4 rust-proof snap connectors tied to braided poly rope allow you to rig and unrig your traps literally in a snap. 2 models to choose from.

ProGrip Gloves are insulated and offer a solid grip even when wet. The luxurious fleece lining is comfortable, warm, and ideally suited for handling gear, fish, and crab in cold weather. Available in 2 colors, Orange or Blue and Large or X-Large.

DELUXE CARBON WRAPPED GAFFS

These deluxe carbon fiber wrapped aluminum gaffs feature high-grade 3" stainless steel hooks and soft EVA foam handles. Attractively designed these fixed shaft gaffs are incredibly rugged and heavy duty yet are buoyant enough to float. Available with 3 Foot or 4 Foot Handles. Includes gaff hook safety cover.

FLOATING TELESCOPIC GAFFS

These telescopic gaffs can be stowed away at nearly half their full lengths making them ideal for kayakers, float tubers, and boaters with storage in mind. Features soft EVA foam grip handles. The gaff hook is constructed of a high-grade stainless steel and sharpened to perfection. Includes gaff hook safety cover.

FISH / TAIL SNARES

These PVC snares are made with all non-corrosive materials. Each feature a smooth non-abrasive vinyl-covered cable that will not hurt fish or your hands. These sturdy and lightweight snares feature a quick cable release, allowing you to loosen snare and remove your catch. Great for snaring and securing sturgeon, sharks, halibut and many other game fish.

BILLY CLUB

This aluminum Billy Club packs a mean punch. Includes lanyard and measures 18" in length.

WOODEN BILLY CLUB

Lightweight wooden Billy Club dispatches fish quickly. Measures 16" long and includes lanyard.

ROD BELT

Promar's Signature Rod Belt features an extra large comfortable padded backing, providing less strain when fighting a fish. An extra long quick on/off Velcro strap allows this belt to fit any size angler and reduces the hassle of a snap buckle. A PVC gimbal and stainless steel insert pin will accommodate any size rod.

BONKER GAFFS

Wooden handle bonker gaffs are classically designed and have been used for many years throughout the Pacific NorthWest and Alaska. This rugged tool is ideal for lifting fish over the rail as well as moving them to the cooler or fish hold. The dual purpose gaff can also be used as a fish billy club. Available in 24" or 36" models.

WIRE FISH BASKETS

Fully collapsible, these floating wire baskets feature spring-loaded trap doors on top and bottom for easy loading and unloading. Constructed of 5/8" wire mesh.

- ▲ **AC-505**
Anodized Aluminum

Promar clam guns are ideally suited for catching clams from sandy beaches and tidal zones. These 31" clam guns come in anodized aluminum or stainless steel and have been optimized with a reinforced base and luxurious hyplon handle grips.

Promar ROD RACK

▲ **RK-100**

Keep your rods and nets safe, secure and organized with this attractive ABS rack. ABS-plastic components are easy to assemble and can be mounted on a wall or assembled back to back. Accommodates up to 16 rods. Dimensions: 35"H x 17.5"W x 8"D

HEAVY DUTY SAND SPIKES

Promar rod holder spikes are a must for all surf and shore anglers. Constructed of corrosion resistant aluminum and PVC, each include an additional pin for securing gimbal rod butts. Available in 2 sizes.

▲ **RH-24** 24" Length

▲ **RH-36** 36" Length

GAME / DIVE COLLECTION BAG

This dive/game bag features all non-corrosive materials such as PVC coated handles, stainless steel clamps, and treated ace nylon mesh. Works great for securing your catch or as a chum bag.

- ▲ **NE-311** 12" Opening x 27" Length
- ▲ **NE-312** 16" Opening x 34" Length

MESH CHUM / DUNK BAG

This multi-use dunk bag is made of strong nylon mesh with a cord-lock drawstring closure. Washing machine safe. Mildew and rot resistant. Works as a great chum bag.
