

# HIGH VELOCITY FANS

Perfect Aire® high velocity fans are ideal for warehouses, factories, barns, garages, construction sites, or anywhere else you want to cool down in a hurry. We offer all-metal floor, drum, direct drive, belt drive, and pedestal fans designed to move large volumes of air. In addition to their durable construction, Perfect Aire® high velocity fans come with bonus features such as adjustable tilt, adjustable height, oscillation, and easy-roll wheels.
