THE PERFECT FINISH<sup>™</sup>

THE #1 CHOICE OF PROFESSIONALS

TABLE OF CONTENTS

At PlastiKote, The Perfect Finish™ is our business—it's what you expect, and what we're committed to deliver. Our family of premium aerosol paints and coatings are preferred by professionals and designed to provide perfection.

Since its arrival in 1923 as a clear coat product eliminating the need for wax on linoleum, the PlastiKote brand has been focused on finding new ways to make things better. Today that translates into continuing to develop leading-edge formulations and solution-specific products that meet demanding or unique requirements, environments or surfaces.

As part of the Valspar Corporation, the PlastiKote brand benefits from the global footprint and research and development capabilities of one of the world's leading coatings manufacturers. Valspar paints protect and beautify some of the world's most recognizable structures, and well-known brand names trust it for their needs.

Give your next project The Perfect Finish™ with PlastiKote.

## PREMIUM ENAMEL

- Most versatile spray paint available anywhere
- Dries to a beautiful high-gloss finish
- Can be used on metal or wood; indoors or out
- The finish will last for years
- Tough, hard wearing and resistant to scratches
- Very UV resistant, water resistant and will not fade or yellow

Additional color available:

T-45 Clear

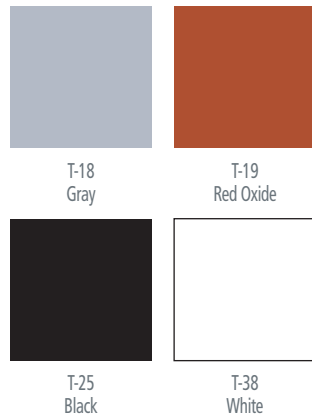

GENERAL PURPOSE

## PREMIUM PRIMER

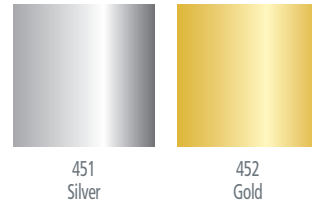

- Non sanding
- Improves adhesion, fills in imperfections and improves the overall appearance of top coat
- Interior/exterior use
- Increases rust prevention

## PREMIUM METALLIC

- Quickly and easily adds the "Midas Touch"
- Provides a smooth and even coating
- For use on wood or metal surfaces on virtually all interior surfaces

Colors shown in this brochure are an approximate match.

## PREMIUM FLUORESCENT

GENERAL PURPOSE

- Bright, reflective colors ensure instant visibility
- Ideal paint for any job that calls for intense and brilliant colors
- Quick and easy to use
- Particularly effective for safety markings and warning signs
- Use on both interior and exterior surfaces and on a wide range of materials

## PAINT & PRIMER SEALER

- Excellent for sealing weathered vehicle paint prior to top coat application
- Seals Sandable Primer and Spot Filler & Primer products
- Provides superb top coat adhesion and a smoother surface, which produces a glossier top coat finish
- Top coat with any PlastiKote® Automotive paint

468  
Gray

## SPOT FILLER & PRIMER

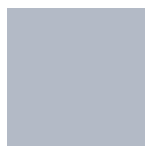

- Quickly covers nicks and scratches
- The smartest way to prepare metal or wood surfaces having minor damage
- Successive applications build up quickly to the desired level
- Preparation is easy because no excessive sanding or scraping is required

464  
Black

465  
Red

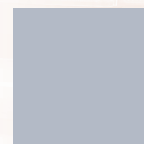

466  
Gray

## FLEXIBLE SPOT FILLER & PRIMER

- All the same characteristics of Spot Filler & Primer with the addition of being flexible
- "High-build" primer with excellent adhesion for semi-rigid and flexible plastics
- Successive applications build up quickly to the desired level
- Preparation is easy because no excessive sanding or scraping is required

467  
Gray

## ETCHING PRIMER

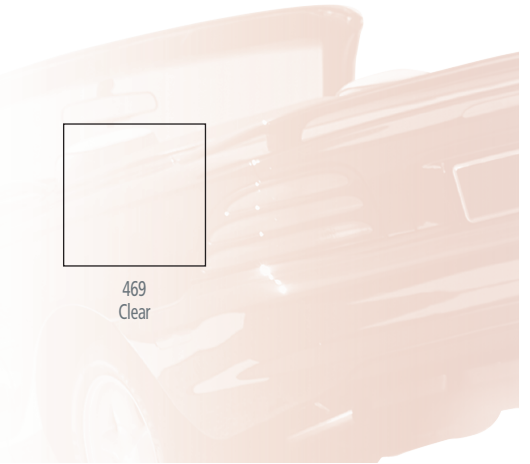

- Our best bare metal primer
- Chemically bonds to ferrous and non-ferrous metals
- Etches and primes in one coat
- Sandable
- Provides a perfect surface for Spot Filler & Primer or top coat colors
- Can be used on most rigid plastics, steel, aluminum and stainless steel

470  
Gray

## PLASTIC PRIMER

- Adheres to most automotive plastics
- For use on car interior pieces such as dashboards, consoles, etc., or on exterior pieces such as flexible bumpers, trim and molding to provide excellent adhesion

469  
Clear

## ZINC RICH PRIMER

- This Cold Galvanizing primer provides maximum rust prevention on bare metal
- Also covers existing rust and can be used as a Weld Thru primer
- Provides an excellent, NON-SANDABLE surface for any PlastiKote® automotive top coat

471  
Gray

## ANODIZIT™ BASE COAT

## ANODIZIT™ TOP COAT

SPECIALTY

- For tarnished metal, non-metal or previously painted items, apply Plasti-Kote Anodizit™ silver base coat followed by a coat of red or blue top coat for a newly anodized appearance

100  
Silver Base Coat

- Provides a red or blue anodized look to new or untarnished metal

101  
Red

102

## CHROME BUMPER PAINT

- The ideal combination to renew and refinish chrome and rubber trim
- Produces a chrome-like finish perfect for chrome bumpers, grilles, hub caps and accessories

615  
Bumper Chrome

## CHASSIS & GRILLE GUARD

- Chassis & Grille Guard Paint is an Epoxy Paint that sprays on evenly and dries to a factory-like finish
- Our super tough Epoxy Paint resists cracking, chipping and peeling
- This versatile finish is great for use on prepared metals such as vehicle frames, roll bars, grille guards, etc.
- Shrugs off ordinary stains and is not affected by moisture

191

## CHEMICALS & LUBRICANTS

Part No. 278  
Battery Terminal Protector

Part No. 279  
Battery Cleaner

Part No. 281  
Dry Graphite Lubricant

Part No. 290  
Spray Silicone

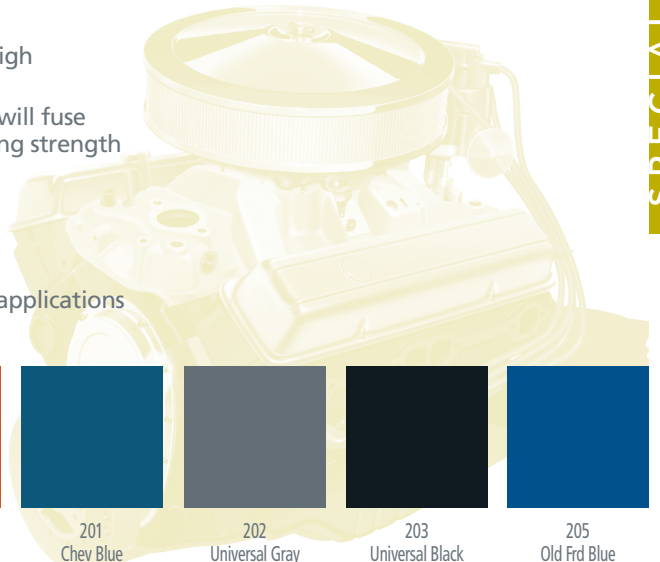

- Application specific formulation
- The full line includes coatings and lubricants for almost every automotive or household maintenance need

# ENGINE ENAMEL

- Restorers' choice for over 75 years
- Easy to use and dries to an extremely rugged, high heat-resistant finish
- Repeated exposure to engine heat up to 500°F will fuse engine enamel to the surface to increase bonding strength
- Fully resistant to oil and gasoline, it will not weaken, crack, lift or peel
- Color choices are exact matches to original engine manufacturer standards
- The answer for engine restorations and similar applications where a tough, high-heat finish is required

HP-15  
Orange

Colors shown in this brochure are an approximate match.

## LACQUER PAINT

- Fast dry, deep-gloss coating with superb durability
- Whether painting metal or wood, or for indoor or outdoor applications, Lacquer Paint is the premium lacquer for the job

Additional colors available:

T-5 Clear

T-3  
Hot Rod Black

T-33  
Gloss White

T-34  
Gloss Black

T-41  
Dull Aluminum

## METAL FLAKE

- Creates a dramatic, vibrant and metallic look
- Excellent for use on bicycles, automotive and motorcycle equipment and accessories

Additional colors available:

307 Clear

320 Black

310  
Red

311  
Blue

312  
Green

313  
Burgundy

## REBUILDER'S CAST FINISH

- Fast-dry formulation resists oil, brake fluid and gasoline, and retains color up to 300°F
- #282 Cast Aluminum can be used on alternators, transmission housings, water pumps, etc.
- #285 Cast Gray is perfect for brake master cylinders, engine blocks, idler arms and brackets, and many more cast iron parts

282  
Aluminum

285  
Gray

## RUST CONVERTER

- Non-toxic, environmentally safe
- Organically converts rust to an iron-hard, paintable surface
- Non-flammable, contains no hazardous chemicals
- No bleed-through staining of subsequent top coat paints
- No bubbling or foaming

Part No. 622 – 1 ounce  
623 – 8 ounce  
624 – 16 ounce

## TRIM PAINT

- Application specific formulation
- Fast dry, exact-match satin black coating for trim items such as side mirrors, windows and windshield trim
- Trim Paint can also be used on exterior plastic molding

611  
Trim Black

## UNDERCOATING

PlastiKote Undercoating is an easy to use black protective coating, providing protection for wheel wells, gas tanks, frames and supports, weld joints, floor pans, doors and quarter panels.

### Professional

- Provides superior protection, also reduces road vibrations and noise

### Rubberized

- Offers solid protection, plus moisture and corrosion resistance

272  
Black

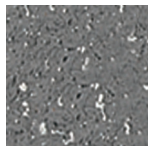

273  
Black

SPECIALTY

## TRUNK PAINT BASE COAT

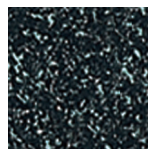

- Multi-colored splatter finish renews and protects interior trunk surfaces
- This unique product quickly and easily covers blemishes, scratches and nicks; it is abrasion and mar resistant
- Available in a variety of OEM color combinations

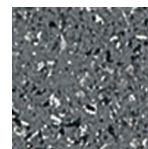

500  
Gray-White

501  
Black-Gray

502  
Dark Green-Aqua

503  
Gray-Black-White

## TRUNK PAINT TOP COAT

- Provides a durable, moisture resistant sealant to be used over PlastiKote® Trunk Paint Base Coat
- Gives a professional, semi gloss finish and protects Trunk Paint Base Coat from moisture

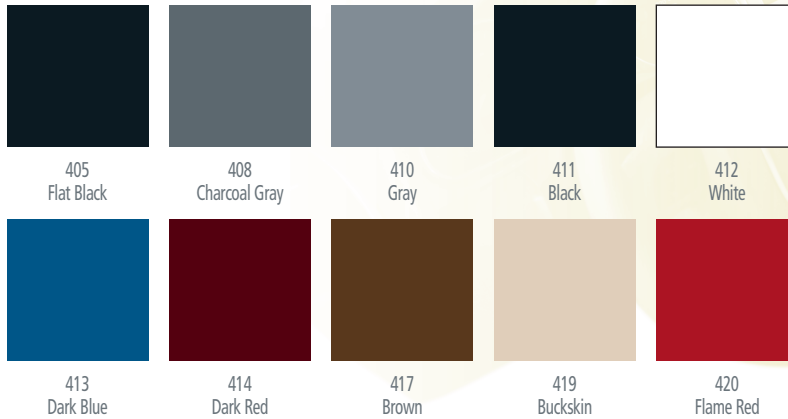

505  
Clear

## VINYL PAINT

SPECIALTY

- Adds fresh new color, life and beauty to your vinyl surface
- This unique paint formulation actually fuses to the original vinyl surface and forms a permanent bond
- Flexible paint that won't crack, chip, chalk, peel or rub off
- Will stand up to the roughest wear and tear for years
- Use it on car seats, dashboards and door panels

## WHEEL PAINT

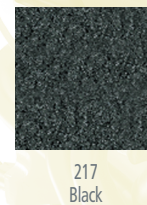

- Specially formulated to provide a tough, long lasting finish that resists scratches and nicks, and will not tarnish, weather or rust
- This extremely durable finish is also excellent for hub caps, grilles, auto trim, motorcycles and bikes

## WRINKLE PAINT

- Sprays on a black textured finish
- The perfect finish for air cleaners and valve covers

## CAR COLOR

- New and improved
- Fast drying, durable acrylic lacquer paints
- OEM exact color-matched program ensuring The Perfect Finish
- Color coverage for the last 20+ years of the most popular makes
- 16 oz. can size to ensure consumer is going to have enough paint for the job
- Specially formulated primers and clear coat to help ensure professional results when three-step process is followed
- New simple numbering system
- Color code featured in consistent, prominent position for easy identification

## SCRATCH KIT

- Revolutionary all-in-one scratch repair kit
- Kit featuring all that is required for a professional finish:
  - Sanding tool included to prep scratch
  - 2-in-1 paint applicator (nib/brush)
  - Specially formulated primers and clear coat included in kit to help ensure professional results
  - Polishing tool included to provide an OEM shine and complete scratch repair to a professional finish
- OEM exact color-matched program ensuring The Perfect Finish
- Color coverage for the last 20+ years of the most popular makes
- Fast drying, durable acrylic lacquer paints
- Tamper resistant security seal
- Can be hung or placed on shelf
- New simple numbering system

## CAR COLOR – GALLONS

- This ready-to-spray Primer/Sealer provides a fast dry time, excellent adhesion and moisture resistance for outstanding color holdout
- PlastiKote® Car Color Enamel is a single stage, high quality, modified alkyd formulation with excellent coverage, gloss and durability
- Can be used for a variety of applications including cars, trucks, bikes, equipment and other metal surfaces
- High gloss, durable, premium finish will provide years of protection

## CHEMICALS – QUARTS

### WAX & GREASE REMOVER

- Excellent for removing grease, wax, silicones, adhesives, tar, tree sap and insects from surfaces for paint prep
- Dries quickly to speed initial surface prep before sanding and bodywork

Part No. 4510

### ACETONE

- Removing polyester resins and adhesives requires an extremely effective, fast acting thinner and remover
- Removes contact cement, fiberglass resin and ink from solvent tolerant surfaces

Part No. 4511

### LACQUER THINNER

- The ideal choice for a high quality thinner when using lacquer and most non-catalyzed epoxies
- Great for cleaning tools and brushes after use

Part No. 4512

### PAINT THINNER

- Used to thin oil based varnishes and paints
- Very effective for cleaning and degreasing tools, equipment and brushes, and is safe in contact with most metal and plastic surfaces

Part No. 4513

### VM & P NAPHTHA

- Ideal for quickening the dry time of urethane and alkyd resin based enamels, including our Valspar Tractor & Implement and Armor Anti-Rust quarts and gallons

Part No. 4514

### PAINT REDUCER

- Add to Car Color Enamel to control dry time and flow in

Part No. 4542–Medium  
4543–Slow

### TRUCK BED LINER Aerosol

- Permanently bonds to the surface, resists abrasion and has textured, non-skid recycled rubber granules to help prevent slips and falls
- Truck Bed Liner's flexible, textured surface minimizes cargo slippage, resists fading and withstands extreme hot or cold temperatures
- Unique water based formula dries to a tough, hard, non-skid surface that will not warp or crack and is gasoline resistant
- Touch up at any time

**Part No. 264 Black**  
**265 Black**

### TRUCK BED LINER Gallon

- Application has never been more versatile with this easy to use roll-on, brush-on or spray-on material
- One gallon of this quick-dry coating covers a full size pickup bed!

**Part No. 265G**

### TRUCK BED LINER KIT

- Package contains #265G Truck Bed Liner Gallon (see below for additional details), Roller Frame and Cover, Scuff Pad, Roller Tray and Brush

**Part No. 265GK**

## 2K EPOXY COATINGS FOR CONCRETE

QUIKRETE

### EPOXY GARAGE FLOOR COATING

- Two times stronger than concrete for the toughest garage floor
- One coat gives a beautiful semi gloss finish
- Durable, high solids two-part water based epoxy

**Std. Part No. 02-50020 Gray**

**02-50021 Tan**

**VOC Part No. 02-1050020 Gray**

**02-1050021 Tan**

### EPOXY MULTI-SURFACE COATING

- Water based, durable two part epoxy formula for interior and exterior use
- Beautiful semi gloss finish can be used with or without color flakes
- Great for basements, concrete walls, stairs and walkways

**Part No. 02-50050 Gray**

**02-50051 Tan**

### PREMIUM CLEAR EPOXY COATING

- Apply over Garage Floor Epoxy to produce a showroom-like finish
- Improves durability and locks in color flakes
- Enhances the colors of etched concrete and seals bare concrete floors

**Part No. 02-50032**

### The BOND•LOK® Advantage

QUIKRETE® products contain a special resin technology that works to maximize the bond between the floor coating and the concrete. This bond is two times stronger than the concrete itself, extending the life of your finish and giving you maximum durability.

## PREP PRODUCTS

### OIL STAIN REMOVER

- Use to absorb and lift tough, oily stains without scrubbing

**Part No. 02-51799**

### BOND•LOK®

- Cleans, degreases and etches in one easy step
- Prepares concrete for maximum durability and adhesion
- Helps extend coating life

**Part No. 02-00096**

## CUSTOM OPTIONS

### COLOR FLAKES

- Giving consumers more options for a custom garage

**Part No. 02-000020C Blue**

**02-000021C Tan**

**02-000026C Sand**

**02-000027C Granite**

### ANTI-SKID

- Increases traction and provides skid resistant surface
- Great for: steps, pool areas, floors and porches

**Part No. 02-51795**

## CONCRETE SEALERS & PAINT

### MULTI-SURFACE CONCRETE SEALER

- Low gloss, light gray, solid-color protective finish
- Makes old concrete look new
- Protects surface from gas, oil and other household chemicals
- Ideal for driveways, sidewalks and patios
- Labeled as Multi-Surface Concrete Stain in VOC markets

**Part No. 02-51020**

### ANTI-SKID TEXTURED COATING

- Durable, interior/exterior latex finish adds traction to surface
- Holds up to heavy foot traffic
- Ideal for stairs, ramps and pool decks
- Offered in light gray

**Part No. 02-51050**

# ARMOR ANTI-RUST

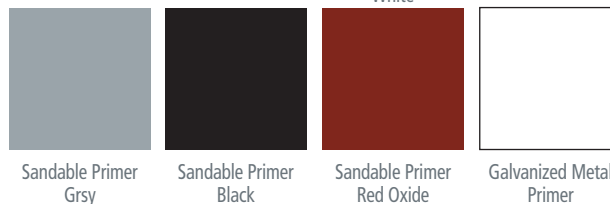

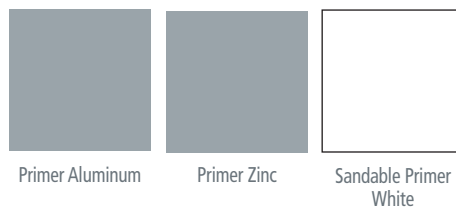

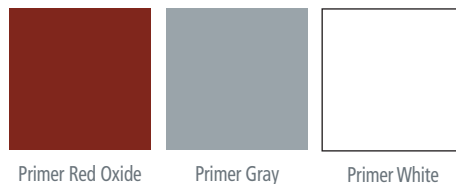

- Highest quality rust protection enamel for interior and exterior uses
- Dries to a rust resistant, scrubbable, stain-resistant finish
- Resistant to moisture, chemicals and abrasion
- Excellent for use on appliances, playground equipment, piping, wrought iron railings, mailboxes and tanks
