

# Hardwood & Laminate Floor Cleaner

## PolyCare Hardwood & Laminate Floor Cleaner Super Concentrate Formula

- No Rinsing Required
- Light, Fresh Scent
- No Residue
- Makes 64 Gallons of Cleaner
- Use 2oz. per Gallon of Water
- No Harsh Solvents

Super Concentrate PolyCare Cleaner is a cost-effective way to get all the benefits of this trusted brand of professional floor installers and refinishers.

Just 2 ounces of light, fresh-scented PolyCare Concentrate is all that is needed per one gallon of warm water. PolyCare has a unique detergent formula that cleans effectively and contains no harsh solvents or soaps that can degrade the finish or leave a sticky film on the floor. PolyCare is safe for all polyurethane treated, factory pre-finished and laminated residential and commercial sports floors, as well as polyurethane finished wood surfaces such as kitchen cabinets, handrails, stairs, moldings, etc.

## Ready-to-Use Formula

- Ready-to-Use
- No Rinsing Required
- No Need to Dilute
- Added Convenience of a Spray

Ready-to-Use PolyCare Cleaner is great for fast, easy cleaning with no mixing or measuring or rinsing. PolyCare has a light, fresh scent and the user-friendly spray bottle features an adjustable trigger-spray head, ranging from mist to stream for convenience.

## PolyCare Scuff Remover

- Ready-to-Use
- Clean Scent
- Highly Effective
- No Rinsing
- Non Scratching
- Phosphate-Free

PolyCare Scuff Remover is ready-to-use with a no-rinse, phosphate-free, no-scratch formula that works in seconds

to remove tough scuffs, all with a pleasant lemon scent. Great for gym floors that take a beating, it lifts tough heel marks, alcohol and household chemical stains, and scuffs from polyurethane, treated, factory pre-finished and laminate wood floors in high traffic hallways and kitchen areas.
