

Powerful Performance. Winning Results.

Showlamb Grower DX

Honor® Show Chow® Showlamb Grower DX feed is an 18% textured complete feed that is a completely balanced, high energy feed for growing show lambs and breeding sheep.

Honor® Show Chow® Showlamb Grower DX feed is supported by Purina knowledge, experience and research. Get your best animals on Honor® Show Chow® Showlamb Grower DX feed today so they can reach their full potential.

FEATURES	BENEFITS
Fully fortified with all essential vitamins and minerals	Helps support excellent muscle growth and body condition
Textured feed containing a mixture of high-quality processed grains, cottonseed hulls and molasses	Helps support improved palatability and nutrient utilization
Formulated to provide a combination of both bypass and rumen degradable protein, using all-natural protein sources	Balanced rumen degradable and undegradable protein sources to support growth and muscle synthesis
 PERFORMANCE MINERALS®	- Provides critical highly-available minerals that helps immune response which is critical for healthy traveling show lambs - Helps maximize growth and muscle development; allows lambs to reach their full potential
	- A true, fully fermented yeast culture developed specifically for optimum animal nutrition - Research proven, Diamond V® has a unique ability to support ration digestibility, palatability and intake by delivering a rich, all-natural nutrient source to the animal's digestive bacteria
	Research has shown that TASCOS® helps lower body temperature during heat stress, helping keep animals on feed
PuriFerm™	A uniquely formulated fungal enzyme ingredient containing both <i>Aspergillus oryzae</i> and <i>Aspergillus niger</i>. Fungal enzymes help in the digestibility of fibrous feedstuffs, thereby helping support growth performance
Ammonium Chloride	Helps to reduce incidence of urinary calculi (water belly)
Medicated with Deccox® (decoquinate)	For the prevention of coccidiosis, helps support normal immune system

MEDICATED

Medicated for growing and finishing sheep. For the prevention of coccidiosis in sheep caused by *Eimeria bakuensis* and *Eimeria crandallis*, *Eimeria ovinoidalis* and *Eimeria parva*.

Caution: Use as directed.

Active Drug Ingredient: Decoquinat (15.13 g/ton) 0.001664%

Warning: Do not feed to sheep producing milk for food.

FEEDING DIRECTIONS

Mix Honor® Show Chow® Showlamb Grower DX feed is designed to be fed to grow/finish lambs intended for the show ring. We recommend feeding each lamb ¼ flake or ¼ lbs of a good quality hay per day along with Honor® Show Chow® Showlamb Grower DX feed. This feed may be fed to show lambs of any age or weight. Feed 0.3 lb of Honor® Show Chow® Showlamb Grower DX feed per 10 lb body weight to provide 22.7 mg Decoquinat per 100 lb body weight daily. Always provide plenty of clean, fresh water. Feed at least 28 days during periods of exposure to coccidiosis or when it is likely to be a hazard.

Caution:

Do not use in feeds containing bentonite.

Reminder:

- Feed is perishable and should be stored in a clean, dry, well-ventilated area so it will remain fresh and palatable.
- DO NOT feed moldy or insect infested feed to animals as it may cause illness, abortion or death.
- Fresh, clean water should be available at all times.

THE WINNING PHILOSOPHY

Efficient production requires a thorough understanding and application of the fundamental principles of good husbandry and sanitation. The Purina® Winning Philosophy program will help you step into the spotlight.

- 1. GOOD BREEDING:** Practice a sound genetic program of selection and culling. Visit a professional breeder for more information. Know the feeling when you have that perfect animal that has the best potential to win.
- 2. GOOD FEEDING:** Proper nutrition for different needs and lifestyles starts with Honor® Show Chow® products. Feed at regular times at least two times daily, with three daily feedings preferred. You can't become a Grand Champion without the best nutrition.
- 3. SOUND MANAGEMENT:** A clean environment minimizes stress and aims to improve average daily gains. Clean stalls, remove debris and provide fresh water daily. The daily attention to detail is the difference between a Grand Champion and lower placement.
- 4. PREVENTIVE HEALTH:** Establish an effective health program with your local veterinarian. A sick animal never makes it to the top.

These are the building blocks of the Honor® Show Chow® program and the keys to successful production. Practical application of these basic principles will not only support your animal's growth and development, but also increase its potential of winning on the show circuit.

POWER IN PERFORMANCE

We know the best way to help you realize your dreams starts by employing a Winning Philosophy.

WINNING PHILOSOPHY

BETTER BREEDING
