Red Barn® is the largest consumer brand of recycled rubber products in North America, with over **50 YEARS** experience in manufacturing ultra-durable recycled rubber products focused on supporting animal wellness across commercial and recreational farming markets. Red Barn® now introduces a new innovative line of **Feed Pans**, cleverly designed to enhance ease of use and maintenance, while standing up to the rigors of farm life, animal abuse, and harsh outdoor conditions.

50+ Years
of innovation in
commercial & consumer
rubber products.

120 Million+
Red Barn® has prevented 120 million tires from
entering landfills by converting them into
premium recycled rubber products since 1968.
