**ORDER**

## SPECIAL ORDER PROGRAM

Can't find the Reese Towpower product that you're looking for on the shelf? There is a complete line of towing products and vehicle accessories available by special order.

Special order items include:

- Custom Fit Hitches for Class I, II, & III Towing Applications
- Class IV/V Hitches for heavy duty towing
- Weight Distributing Systems
- Front Mount Receivers
- Fifth Wheel Towing Solutions
- Electrical Products
- Bike Carriers, Cargo Management Products & Accessories
- Ramps and Jacks

Special Ordering products is quick and easy. Simply find the name and part number of the Reese Towpower product that you would like and ask your in-store customer service specialist for assistance. They will give you an approximate shipping time and cost for your desired item.

Items are shipped ground via common carrier and typically takes 3-5 business days to arrive.

Your in-store customer service specialist will contact you to pick up the product when it arrives.

## GOOSENECKS HITCHES

- Above bed, below bed or fold down hitches available
- 25000 to 30000 lb rating
- Easy installation and removal
- Rail kits available for most applications

## FIFTH WHEEL HITCHES

- 4-way pivoting head
- Full 5 degrees of side-to-side pivot for easy hook-ups on uneven ground
- Rounded slide bar jaw mechanism; designed for automatic self-latching
- One-piece formed legs; provides a wider footprint for superior stability
- Universal mounting kit included (#30035)
- 15000 lb capacity; 3750 lb pin weight capacity
- Available by Special Order

30056

## BALL MOUNTS & HITCH BALLS

- Reese Towpower - The Leader in Innovative and Quality Towing Products.
- From bulk packaging to state-of-the-art merchandising displays, Reese Towpower® has the options you and your customers are looking for.

## WEATHER RESISTANT FINISHES

- A specialized OEM coating process for a superior look and finish.
- Products are dipped in a zinc-phosphate based, rust resistant coating to provide unmatched coverage in "hard to fill" areas.
- A secondary powdercoat layer is applied for TWO layers of superior protection.

## CHROME

- Chrome plated steel with high gloss finish
- Naturally rust resistant

## Black Nickel

- Superior corrosion protection
- Enhanced appearance with Reese Towpower's Black Nickel finish

- Many competitive Hitches and Ball Mounts have only a single layer of paint. This type of product protection is inadequate against rust & corrosion.

## STEERING WHEEL LOCKS

Auto Theft Security starts with REESE Towpower® SureLok® Steering Wheel Locks. These three state of the art steering wheel disabling designs represent the latest in anti-theft technology.

All locks feature square key designs, virtually eliminating lock picking. Key combinations range in the thousands and virtually eliminate like key issues. Strong, vibrant yellow color schemes prove to be a powerful deterrent for passing thieves. Built with rugged die cast lock bodies and extra wide alloy grips. *It looks like the recession is deepening for car thieves!*

**NEW!**

### THE BARRICADE™ STEERING WHEEL LOCK

# PROFESSIONAL

## The Most Theft Resistant Towing Locks Available - with Triple Protection -

### STRONGER BREAK RESISTANCE

Our patented design maintains shaft diameter for maximum strength. Higher axial and bend strengths increase theft deterrence. Reducing the shaft's diameter with "steps" creates weak points, allows easier breakage and reduces axial and bend strength.

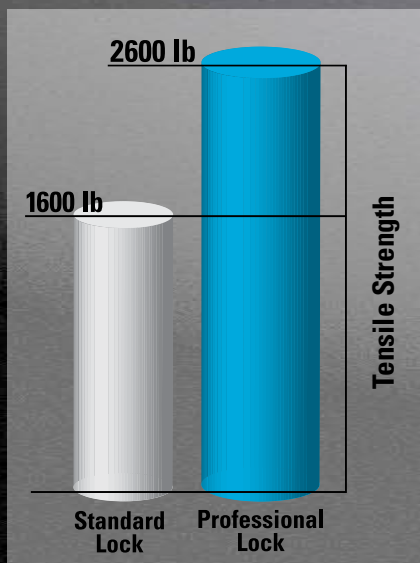

### DUAL SELF LOCKING DESIGN

Even if the lock is broken with extremely excessive force, locking ball bearings remain extended in the shaft, disabling removal. Shaft bends and inhibits the shaft from being pulled through the receiver.

### SQUARE KEY DESIGN

Square key design virtually eliminates lock picking. Offers 1,000s of combinations to drastically reduce like (or common) key issues.

**Patented Design Eliminates Weak Points!**

LOCKS, HITCH PINS & CLIPS

Reese Towpower Professional Locks are the most theft resistant locks in the towing industry. Their superior strength is derived from a patented locking design that does not require shaft diameter reductions which cause weak points. Weak points enable thieves to break the lock shaft more easily and escape with your trailer.

**CLASS III & IV PROFESSIONAL LOCKS**

## RETRACTABLE CABLES

### SURELOK™

Loop it, lock it and leave it. Lock all your gear with the SureLok™ retractable cable system. Its simple design secures everything from ATVs and bikes to portable tools, generators and camping gear. Housed in a sealed compact case, SureLok™ attaches to your vehicle frame by bolting or by using one of several available mounting kits. Just extend the retractable vinyl coated steel security cable, loop it through your items and lock it with our included padlock. SureLok™ uses state of the art components and a highly durable polymer housing, so it is maintenance free and easy to use. Safety brakes slow the retraction of the vinyl coated security cable while stainless steel cable ends protect it from damage and use.

Slide cable through your gear to the locking bracket

Also fasten lock back onto cable

# COUPLERS

Designed for utility, horse/livestock, cargo and construction trailer applications. **BULLDOG** Collar-Lok® are the strongest in the industry. The **BULLDOG** design features the only automatic and continuously tight ball fit in the industry. A variety of coupler styles, tongue mounts and latches allow configurations to match virtually any trailer. Adjustable couplers assure level operation for trailers when pulled by a variety of different vehicles.

- **Easiest to use**
- **Strong in both static and dynamic loading conditions**
- **Hinged ball socket for easy hook up**
- **Clear, visual indication of proper closure**

Available Fall 2012

**TOP RAIL KIT**

- Increases versatility
- Complete with over cab cross member
- Natural aluminum finish
- Extends stabilizing reach for long objects

**7055200** Top rail kit

## CHOCKS & CASTER WHEELS

7000300

### DOCK CHOCK

- Reduces risk of trailer roll
- Fits most trailer wheels
- Durable high impact polymer
- Includes mounting holes

**7000300** Heavy duty mountable dock chock

7000100

### WHEEL CHOCKS

- Reduces risk of trailer roll
- Fits trailer wheels up to 17"
- 8.25"L x 5.75"H x 6"W
- High impact polymer
- Includes mounting holes

**7000100** Wheel chock 2 piece set - 6 sets/ master

**7022700** Wheel chock 2 piece set - 4 sets/master

### CASTER WHEEL

- 6" x 2" reinforced poly-wheel
- Provides easy roll and good ground support
- Zinc plated for corrosion resistance
- Easily removed
- Pin and clip included

**74326** 1000 lb (fits 74404)

### FOOTPLATE

- Bright zinc finish
- Snap ring included

**500244** Detachable disc foot - 2.1" height

# INSTALLATION TIPS

## IMPORTANT

- Most states require a clear view of the license plate. The ball should be removed when not in use if it obstructs the view.
- Reese will not be responsible for problems occurring as the result of unauthorized modifications to Reese hitches, or the installation of hitches on vehicles other than those specified.
- If you have adjusted the bumper, exhaust system or any other vehicle components, make sure they have been retightened.
- Give the installation instructions to your customer, as they contain important consumer information. **This is required by law.**
- Reese hitches are designed to perform satisfactorily on towing vehicles in good condition. We will not be responsible for problems arising from damage, corrosion, or inadequate care of the towing vehicle.

### WARNING

Do not modify. Install only on specified vehicle in good condition. Use only for trailer towing and/or attachment of Reese accessories. Do not extend the original structure. Do not tow one trailer behind another, which may cause loss of control. Failure to heed warnings and follow instructions may result in serious personal injury or death, vehicle crash, and/or property damage. Do not overload any part of your towing system.

# PRODUCT WARRANTIES

## REESE LIMITED LIFETIME WARRANTY

This warranty applies solely to Trailer Hitches, Drawbars, Receivers, Ball Mounts, Pintle Mounts and Tow Bars manufactured by Cequent Consumer Products, Inc. and sold under the "Reese" brand (the "Product").

1. **Warranty.** Cequent Consumer Products, Inc. warrants to the original consumer purchaser ("You") that the Product will be free from defects in material or workmanship for Your lifetime as long as You own the Product. Cequent Consumer Products, Inc. makes no other warranties. If the Product does not comply with the Warranty, Cequent Consumer Products, Inc. will replace the Product without charge and within a reasonable time or, at Cequent Consumer Products, Inc. option, otherwise refund the purchase price.
2. **Limitations on the Warranty.** The Warranty does not cover the following: (a) normal wear and tear; (b) service or labor charges incurred in removing or replacing any Product; (c) the finish on a Product; (d) a Product that has been damaged through abuse, neglect, misuse or as a result of any accident or in any other manner; (e) a Product which is misapplied, overloaded, or improperly installed; and (f) a Product altered in any manner by anyone other than Cequent Consumer Products, Inc.
3. **Obligations of Purchaser.** To obtain the benefits of the Warranty, You must promptly present the defective Product and proof of purchase to Cequent Consumer Products Inc., 29000-2 Aurora Road, Solon, Ohio 44139, or any of its branches, factories, or authorized dealers listed in local directories. Any returned Product that is replaced or refunded becomes the property of Cequent Consumer Products, Inc.
4. **Legal Rights.** This Warranty gives You specific legal rights, and You also may have other rights which vary from state to state. ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON ANY PRODUCT SHALL BE LIMITED TO ONE YEAR FROM THE DATE OF RETAIL PURCHASE BY YOU. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to You.
5. **Remedy Limits.** Replacement of the Product or refund in the manner provided above is Your exclusive remedy and shall constitute fulfillment of all liabilities of Cequent Consumer Products, Inc. to You whether based on contract or otherwise. Cequent Consumer Products, Inc. shall not be liable or assume responsibility for the loss of the use of any vehicle, loss of time, rental of vehicles, loss or damage to personal property, expenses such as gasoline, telephone, lodging, or towing, or any other incidental or consequential damages incurred as a result of the use or ownership of any Product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to You. Any of the above remedy limitations shall be inoperative to the extent they are not permitted by applicable state law.

## REESE LIMITED ONE-YEAR WARRANTY

This warranty applies solely to hitch accessories and vehicle accessories manufactured by Cequent Consumer Products, Inc. and sold under the "Reese Towpower" brand which are not specifically covered by other Cequent Consumer Products, Inc. warranties (the "Product").

1. **Warranty and Warranty Period.** Cequent Consumer Products, Inc. warrants to the original consumer purchaser ("You") that the Product will be free from defects in material or workmanship for one year from the date of Your retail purchase (the "Warranty"). Cequent Consumer Products Inc. makes no other warranties. If the Product does not comply with the Warranty, Cequent Consumer Products, Inc. will replace the Product without charge and within a reasonable time or, at Cequent Consumer Products, Inc. option, otherwise refund the purchase price.
2. **Limitations on the Warranty.** The Warranty does not cover the following: (a) normal wear and tear; (b) service or labor charges incurred in removing or replacing any Product; (c) the finish on a Product; (d) a Product that has been damaged through abuse, neglect, misuse or as a result of any accident or in any other manner; (e) a Product which is misapplied, overloaded, or improperly installed; and (f) a Product altered in any manner by anyone other than Cequent Consumer Products, Inc.
3. **Obligations of Purchaser.** To obtain the benefits of the Warranty, You must present the defective Product and proof of purchase to Cequent Consumer Products, Inc., 29000-2 Aurora Road, Solon, OH 44139 or any of its branches, factories, or authorized dealers listed in local directories within 13 months from the date of your retail purchase. Any returned Product that is replaced or refunded becomes the property of Cequent Consumer Products, Inc.
4. **Legal Rights.** This Warranty gives You specific legal rights, and You also may have other rights which vary from state to state. ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON ANY PRODUCT SHALL BE LIMITED TO ONE YEAR FROM THE DATE OF RETAIL PURCHASE BY YOU. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to You.
5. **Remedy Limits.** Replacement of the Product or refund in the manner provided above is Your exclusive remedy and shall constitute fulfillment of all liabilities of Cequent Consumer Products, Inc. to You whether based on contract or otherwise. Cequent Consumer Products, Inc. shall not be liable or assume responsibility for the loss of the use of any vehicle, loss of time, rental of vehicles, loss or damage to personal property, expenses such as gasoline, telephone, lodging, or towing, or any other incidental or consequential damages incurred as a result of the use or ownership of any Product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to You. Any of the above remedy limitations shall be inoperative to the extent they are not permitted by applicable state law.

## WARRANTY DISCLAIMER FOR OTHER PRODUCTS

Cequent Consumer Products, Inc. gives no warranty for products not covered by Reese's Limited Warranty or Limited Lifetime Warranty. CEQUENT CONSUMER PRODUCTS, INC. HEREBY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

# STEPS TO SAFE, TROUBLE-FREE TOWING

**1** Identify the towing capacity of the tow vehicle.  
(See vehicle owner's manual)

**2** Determine the gross trailer & tongue weight of the tow item.  
(Fully loaded weight)

**3** Select the class of hitch, hitch ball and ball mount rated for your vehicle.

**IMPORTANT:** Never tow a trailer heavier than the rated tow capacity of your vehicle. A higher "Class" of hitch does **NOT** increase the vehicle's towing capacity.

## HITCH CLASS RATING SELECTION GUIDE

	COMPACT CARS	MID-SIZE CARS	FULL-SIZE CARS, MINI-VANS & TRUCKS	FULL-SIZE VANS TRUCKS & SUVs
<p><b>CLASS I</b> LIGHT DUTY</p> <p>WC GTW - Up to 2,000 lb WC TW - Up to 200 lb</p>				
<p><b>CLASS II</b> MEDIUM DUTY</p> <p>WC GTW - Up to 3,500 lb WC TW - Up to 350 lb</p>				
<p><b>CLASS III</b> HEAVY DUTY</p> <p>WC GTW - Up to 5,000 lb WC TW - Up to 500 lb</p>				
<p><b>CLASS IV</b> HEAVY DUTY</p> <p>WC GTW - Up to 7,000 lb    WC TW - Up to 750 lb WD GTW - Up to 12,000 lb    WD TW - Up to 1,200 lb</p>				
<p><b>CLASS V</b> EXTRA HEAVY DUTY</p> <p>WC GTW - Up to 12,000 lb    WC TW - Up to 1,250 lb WD GTW - Up to 14,000 lb    WD TW - Up to 1,400 lb</p>				

**GTW** = Gross Trailer Wt ... Weight of the trailer fully loaded  
**TW** = Tongue Weight ... Weight exerted by the trailer coupler on the hitch ball  
**WC** = Weight Carrying ... Tow rating capacity of a hitch without a WD system  
**WD** = Weight Distributing ... Tow rating capacity of a hitch when using a WD system

## ONE WRENCH TIGHTENING SYSTEM

**One Wrench Tightening System!**

- InterLock Balls and Ball Mounts provide a "One Wrench Tightening System" when used together.
- Standard Hitch Balls and Ball Mounts may also be used with InterLock products but require two wrenches for installation.
- U.S. Patent 7,661,694

### Align The Hex Shapes ... One Wrench Tightens

1 Insert the InterLock Ball Mount into the Hitch Receiver opening and secure with a Hitch Pin

2 Place the Hitch Ball shank through the hole of the Ball Mount. Align the hex shape of the Hitch Ball platform so that it fits into the hex recess of the Ball Mount

3 Using a Reese Towpower Hitch Ball Wrench, tighten the InterLock Hitch Ball nut to specifications (See Hitch Ball Package)

## SELECTING THE PROPER HITCH BALL IS A "MUST" FOR SAFE, TROUBLE-FREE TOWING

Match the Hitch Ball diameter to the Coupler size

Match the Hitch Ball shank diameter to Ball Mount hole size

- Your towing system's maximum weight rating is always equal to the **lowest** rated component in the system
- Your hitching system cannot be upgraded to a rating higher than the maximum rating of your hitch

### For example:

A 3500 lb ball on a 2000 lb max trailer weight rated hitch does **not increase** your towing capacity to 3500 lb. Your hitching system is still rated at 2000 lb.

Conversely, a 2000 lb ball on a 3500 lb max trailer weight rated hitch **decreases** your maximum towing capacity to 2000 lb.

**Always use the properly rated hitch ball for your towing system.**

# MEASURING FOR THE PROPER BALL MOUNTS

## TRAILER NOT LEVEL

Sometimes a trailers tongue is higher or lower than the ball mount on the vehicle, and a ball mount with a "rise" or a "drop" is required to level the trailer.

## TOW VEHICLE & TRAILER LEVEL

For safe, comfortable towing, the trailer should always be set up to tow on a level plane.

**A** Measure from the ground to the top of the hitch

**B** Measure from the ground to the (inside) top of the trailer coupler, when level

**C** Determine the "DROP" or "RISE"

DROP: If the coupler is LOWER than the hitch: ADD the height of the hitch ball (usually 2.5"-3")

RISE: If the coupler is HIGHER than the hitch: SUBTRACT the height of the hitch ball (usually 2.5"-3")

A 7" DROP is needed to make this trailer level  
 $4" (\text{Hitch} - \text{Coupler}) + 3" (\text{Hitch Ball Ht.}) = 7" (\text{DROP})$

## BALL MOUNT MEASUREMENTS

### LENGTH

Distance from the center of the ball hole to the center of the pin hole

### DROP

Distance from the top of the shank to the top of the ball platform

### RISE

Distance from the top of the ball platform to the top of the shank

## MERCHANDISING

### HITCH BALL RACK - 7008800

- Holds up to 39 Open Style Hitch Balls
- Self-Facing Design for Great Presentation
