Trevor Brazile knows how to win championships, and he also knows how to pick great hats. Whenever you see the "Trevor's Pick" logo, you'll know that this is one of Trevor's favorite Resistol hats to wear while competing.

Wick away sweat and keep dry all day long with the patented fabric technology of Dri-Lex. Nothing keeps you cooler or dryer than Resistol's Dri-Lex sweat bands.

Resistol Hats have proudly been made in the great state of Texas since 1927. Where ever you see this logo, you'll know your Resistol Hat was made with pride and care in the U.S.A.
