

RAIN BIRD®

NEW

In-Ground Impact Sprinkler With Click-n-Go™ Hose Connect

Hose-end sprinkling devices just took a big step forward. This professional grade pop-up sprinkler installs flush with the ground, anywhere in your yard. It combines the convenience of quick hose attachment with the exclusive watering efficiency of Rain Bird's #1 selling impact sprinkler used in professionally installed automatic irrigation systems.

Model LG3HE

- Installs in a single small hole, no trenching of your yard is needed
- Includes rugged side housing for quick hose connection – just Click-n-Go!
- Double-weighted sprinkler mechanism slows rotation, increases watering distance up to 41 feet
- Works with a full range of water pressures, 25 to 55 psi
- Up to 5200 square feet of uniform coverage
- Add more sprinklers to cover your entire property

In-Ground Impact Sprinkler

All the advantages of an in-ground sprinkler

Simple, permanent installation

Entire assembly stays in place season after season.

Set it once

Eliminates the hassle of setup and adjustment each time.

Retracts out of sight

Mow right over it.
