AQUA-SAK™ COLLAPSIBLE WATER CONTAINER

- A modern twist on a collapsible water container, the Aqua-Sak water container is the most compact 5 gal. / 20L collapsible in the market.
- The Aqua-Sak collapses down to a minimal 4" square.
- Weighs only 1.8 lbs. (0.8 kg).
- The handle features a comfort grip sock for easy carrying.
- Integrated spigot with On/Off valve.
- Puncture resistant nylon material is FDA food approved.

MODEL	DESCRIPTION	SIZE
1507-03	Nylon Collapsible Water Container	5 gal. / 20L

FOLD-N-FILTER™ FILTRATION BLADDER

- Easily withstands 250 lbs. of load without losing filter efficiency.
- The harder you press, the more purified water you dispense (up to 1.4 gal./min).
- Uses a Swiss-made 143 square inch, pleated 0.3 micron glass-fiber media filter.
- Rolls up when not in use. Extremely compact and weighs less than a pound.
- Will effectively filter up to 200 gallons (750 liters) of water (or up to 40 container fills).
- Made with an integrated handle, making it more durable than the competition.
- Spigot engineered to disengage before filter loses efficiency if too much force is applied.

MODEL	DESCRIPTION	SIZE
5100-63	Fold-N-Filter	5 gal. / 20L

LIFEGUARD™ BACTERIA FILTER

- Removes bacteria and cysts like Salmonella, E. Coli, Giardia and Cryptosporidium.
- Fits most Reliance containers: use on any water container with a white spigot cap.
- No pumping required.

MODEL	DESCRIPTION
7240-03	LifeGuard Bacteria Filter

SOLAR-SPRAY®

PORTABLE SHOWER

RELIANCE
BPA
FREE

- The Solar Spray has been updated with new features that improve on the already superior camping shower.
- The new silver color provides a more modern look, while maintaining the same water heating properties (up to 100°F [37°C] in 2.5 hours).
- The Shower nozzle has been modified to allow for better water flow.
- The kink resistant hose has been lengthened so it can easily be used in a shower shelter.
- An ergonomic handle has been introduced to the unit to make it more comfortable to carry.
- S-hook and cord supplied for easy hanging.

MODEL	DESCRIPTION	SIZE
9321-69	Silver Solar Spray	5 gal. / 20L

TP TUBE®

DRY SACK TOILET PAPER DISPENSER

- The TP Tube is a dry sack toilet paper dispenser that is novel, but very functional.
- It can hold up to 2 rolls of toilet paper (TP), and will protect you from the elements.
- It features a convenient water resistant dispensing cap that you simply open to pull your TP through as needed, then locks as you're finished.
- Two Velcro closures are integrated onto the dry sack so that it can be rolled up to accommodate 1 roll of toilet paper, or expanded to accept 2 rolls.
- It also has a series of tabs so it can be hung up in a bathroom or privacy tent.

MODEL	DESCRIPTION
4000-00	TP Tube Dry Sack Toilet Paper Dispenser

Reliance Products has chosen to partner with Cascades Paper Group in using 100% post-consumer fiber paper which has been certified credible by environmental agencies.

DOING SO, WE'RE PROUD TO HAVE:

- Saved 9 trees
 - Reduced solid waste by 270 kg
 - Used 25,494L less water
 - Eliminated suspended particles in water by 1.7K
 - Eliminated air emissions by 592kg
 - Saved 39 m³ of natural gas
-

By using the maximum quantity of post-consumer fiber in our catalog, we are reducing our environmental footprint. Just as you do, when choosing our eco-friendly products.

THIS IS OUR ENVIRONMENT.
