

MOISTURE BARRICADE POLYETHYLENE FILM

MOISTURE VAPOR
RESISTANT

WATERPROOF MEMBRANE
NWFA recommended 6-mil thick polyethylene film acts as a moisture barrier to protect and extend the life of your floors.

EASE OF
INSTALLATION

EASE OF INSTALLATION
Adhesive strip helps join film and seals out moisture to protect floors and subfloors.

PREMIUM MOISTURE DEFENSE

ROBERTS® Moisture Barricade, a polyethylene film-based barrier, is designed for use with laminate, SPC and engineered wood flooring underlayments to protect finished floors against moisture damage. Featuring a convenient adhesive strip, Moisture Barricade helps save time during installation as well as extends the life of your floors.

NOTE: Moisture Barricade is not an underlayment, rather a moisture barrier and should not be used on wood subfloors.
