Safety Works®

Safety Works® was founded in 1998. Since then we've built longstanding and trusted relationships with leading retailers and wholesalers in the retail-focused DIY and contractor market, as well as lawn and garden centers. Our success has been in providing customers with products that are priced right, performance tested, and packaged to enhance the shopping experience and sales. It's all we do, so we're best positioned to assist retail professionals in selecting the best products for specific market needs.

Durable disposable gloves

Glove Information

Leather/Fiber

Leather

Deerskin:

Soft supple leather that feels great. It provides good durability and abrasion resistance while offering premium dexterity for a leather glove.

Goatskin:

Smooth, durable leather with great tactile sensitivity and superior durability in high abrasion applications. Does not stiffen after becoming wet.

Pigskin:

Breathable general use leather that gets softer and molds to hand with ongoing use. Does not stiffen after becoming wet.

Cowhide:

Long-lasting leather with great gripping ability. Split cowhide offers premium durability and abrasion resistance with fair dexterity.

Synthetic:

Soft, durable and tear resistant.

Fiber

Bamboo:

A fiber that can be knitted or woven to be soft and flexible while providing enhanced breathability, moisture wicking properties and UV protection.

Nylon:

Synthetic fiber that provides excellent durability, comfort and dexterity.

Polyester:

Synthetic fiber that provides good durability, comfort and dexterity.

Cotton:

Natural fiber that provides reliable comfort and economical performance.

Elastane Fiber Spandex/Lycra:

Synthetic fiber that is used in a blend to increase elasticity, strength and durability.

West County Recycled Back:

Each pair of West County gloves is made with our proprietary recycled blend, which includes up to 2 recycled 8oz plastic bottles.

TYPES OF LEATHER	DURABILITY/ABRASION RESISTANCE	DEXTERITY
SPLIT COWHIDE	Excellent	Fair
GRAIN COWHIDE	Very Good	Good
GOATSKIN	Good	Excellent
DEERSKIN	Good	Excellent
PIGSKIN	Excellent	Very Good
SYNTHETIC	Excellent	Excellent

Glove Information

Coatings

Nitrile

A thicker coating that provides excellent dry grip, as well as superior resistance to snag, cut, puncture, and abrasion. When engineered into a foam coating, it offers a very good grip in oily conditions.

Latex

Offers good grip in dry and wet conditions. Textured grips such as crinkle, enhance the gloves' grip in wet conditions. Not recommended for oily conditions. It also provides resistance to snag, cut, puncture and abrasion.

Polyurethane

Provides good abrasion resistance, as well as good dry grip and a fair grip in slightly wet and oily conditions. Its properties allow for a very thin coating which results in excellent tactility and dexterity.

NeoFoam®

Proprietary coating provides good grip in dry, wet or oily surfaces. Offers great breathability and durability. Neofoam® coating is touch screen compatible.

MAXIMUM SAFETY®
HI PERFORMANCE

MAXIMUM
SAFETY

Provides comfort,
durability, excellent
abrasion resistance,
and breathability

MAXIMUM SAFETY®
120-4200

- > Reinforced goatskin leather palm and back provides abrasion resistance and comfort
- > Thermoplastic rubber guards for added protection
- > Internal foam padded palm absorbs and dampens shock
- > Reinforced thumb joint for extended glove life

MAXIMUM SAFETY®
120-4000

- > Synthetic leather palm enhances grip in dry and light oil applications while providing dexterity
- > PVC diamond grip on palm and fingertips provides an enhanced grip and extra cut/abrasion resistance
- > Foam laminated spandex fabric back for comfort and breathability
- > Thermoplastic rubber guards for added protection
- > Reinforced thumb joint for extended glove life

MAXIMUM SAFETY®
120-4050

- > Synthetic leather palm enhances grip in dry and light oil applications while providing dexterity
- > PVC dot grip on palm and fingertips provides an enhanced grip and extra cut/abrasion resistance
- > Foam laminated spandex fabric back for comfort and breathability
- > Thermoplastic rubber guards for added protection
- > Reinforced thumb joint for extended glove life

MAXIMUM SAFETY®
120-4070

- > Synthetic leather palm enhances grip in dry and light oil applications while providing dexterity
- > PVC sandy grip on palm and fingertips provides an enhanced grip and extra cut/abrasion resistance
- > Foam laminated spandex fabric back for comfort and breathability
- > Thermoplastic rubber guards for added protection
- > Reinforced thumb joint for extended glove life

MAXIMUM SAFETY®
120-4100

- > Reinforced goatskin leather palm and back provides abrasion resistance and comfort
- > Thermoplastic rubber guards for added protection
- > Internal foam padded palm absorbs and dampens shock
- > Reinforced thumb joint for extended glove life

GUNNER
120-4300

- > Half finger design for dexterity
- > PVC sandy palm for enhanced grip
- > Reinforced thumb joint for extended glove life
- > Padded palm for extra protection from sharp objects and impact

GUNNER-AV
120-4400

- > Synthetic leather palm provides dexterity and a good grip in dry and slightly oily applications
- > PVC sandy palm for enhanced grip
- > Reinforced thumb joint for extended glove life

TORQUE
120-4500

- > Silicone triangle palm for enhanced grip
- > Reinforced thumb joint for extended glove life
- > Double stitched for enhanced durability
- > Double layer finger tips for enhanced protection

VIZ
120-4600

- > Silicone palm for enhanced grip
- > Hi vis shell for greater hand visibility
- > Reinforced thumb joint for extended glove life

BRICKYARD
120-4900

- > Silicone palm for enhanced grip
- > Thermoplastic rubber guards for added protection
- > Nylon shell for enhanced breathability
- > Form fitting for enhanced comfort

MECHANIC
SS7248K

- > Durable and abrasion resistant synthetic leather palm
- > Reinforced finger tips and thumb web
- > Stretch spandex back for snug comfortable fit
- > Hook and loop wrist closure for custom fit

Merchandising Solutions

We are proud to offer a wide range of display options that have a proven track record of product sell-through

Floor Displays

Accomodate various glove styles and sizes

STANDING FLOOR

STANDING COMPACT

FLAT RACK

SPINNER RACK

Dump Bins

Display large quantities of gloves without taking up excess retail space

Counter/Shelf Displays

Designed for quick turns, and are great for checkout counters or shelves

SPINNER RACK

PDQ

Clip Strips

Ideal for cross-merchandising opportunities
