

SumoGrip®

ultimate comfort

Oversized Grip for Maximum Comfort!

Fingers feel relaxed and flexible while holding the specially designed, triangular shaped grip of the SumoGrip pencil.

The ergonomically correct contour is a natural fit for both adult and teen hands. Physical therapists recommend SumoGrip to carpal tunnel patients and for adults with fine motor skill difficulty.

SumoGrip 0.9mm withstands strong writing pressure because of the heavier lead and the clear, fixed lead sleeve, making it perfect for teens and adults who tend to press hard while writing. Other mechanical pencils without these features can cause lead to break and pencil tips to retract.

The SumoGrip Pencil Features:

- An ergonomic, triangular, rubberized grip
- Barrel colors: clear, grey and blue
- An anti-roll pocket clip

About the SumoGrip Pencil:

- In refillable line widths of 0.5mm, 0.7mm, and 0.9mm
- The jumbo twist eraser lasts six times longer than the average pencil eraser
- SumoGrip 0.9mm has a clear fixed-lead sleeve
- A 3-pack of refill SumoGrip pencil erasers is available

Please Note: Meets ACMI non-toxicity standards
