

# SOG®

A close-up photograph of a person's hands, wearing a tan jacket, using a silver SOG multi-tool to adjust a black rifle scope. The multi-tool is being used to turn a dial on the scope. The background is a blurred outdoor setting with trees and foliage. The SOG logo is prominently displayed in the top left corner.

**2018 PRODUCT GUIDE**

# MULTI-TOOLS

Traditionally, every multi-tool begins with pliers. SOG multi-tools are unmistakably original from the competition due to the uncontested strength of our plier heads, material selection, the use of innovative and patented technologies, and the drive to make the best multi-purpose tool available. SOG's innovation in multi-tools is not just pushing the capabilities of a multi-tool, but expanding their versatility, portability, and efficiency to truly make them the best.

## MULTI-TOOL FEATURES

**Compound Leverage** available on Power-series and CrossCut 2.0 doubles the gripping and cutting force of conventional single-pivot plier head. It reduces the amount of torque needed at the handles to cut and decreases the risk of slipping bolts and nuts. In result, it empowers users with a more efficient and comfortable workflow, as well as allowing for rapid one-handed flip opening.

**SOG Assisted Technology (SAT)** utilized in the PowerAssist and Reactor brings another dimension to the tool when using them in the field. The blades on both tools are spring assisted, offering users quick one-handed access to a sharp blade just like in assisted folding knives.

**Rapid Deploy** equipped on the SwitchPlier gives the power of an automatic folding knife. Pushing the button springs the pliers into action with the feel and sound of a switchblade knife. Best of all, it is ready for action and legal everywhere.

**Hex Bit Drivers** on our PowerPlay and Reactor give the user more ergonomic and versatile usage of their multi-tool. The centered and magnetic  $\frac{1}{4}$ " hex bit driver is built into the handle is compatible with all standard  $\frac{1}{4}$ " hex drive bits that are popular with many other hand and power tools.

**Socket Drivers** on select PowerLocks expand the versatility of the tool by enabling it to use any set of  $\frac{1}{4}$ " sockets.

**Precision Plier Heads** on our multi-tools have interlocking teeth and are manufactured to high tolerances so that it works flawlessly; whether you're pulling nails or slivers.

**Hard Molded Sheaths** for the PowerPlay clips easily to a belt and allows quick one-handed access to the tool without dealing with hook and loop or snap fasteners. Best of all, it is more compact and breathable than a traditional leather or soft-sided sheath.

With all of these features and innovations, it is no surprise that SOG multi-tools can be found in the hands and on the belts of carpenters, first responders and even the most elite warriors – ensuring each carrier has the tools they need to get the job done.

## Baton Series

Baton is a family of multi-tools that provides the functionality of quality tools while fitting the lifestyle and aesthetics of modern users. Though all are designed for everyday carry, each one is for a different purpose and user. In slim and innovative form factors, the Batons are about the same dimensions as the common ink marker and fit easily in a pocket, bag, or backpack.

The sleek, minimalist design opens up to reveal a variety of useful tools. Each Baton's toolset accommodates separate users: office and administrative work, urban emergency, basic wilderness and urban essentials, and advanced wilderness & urban essentials.

### Baton Q1

NEW

Methodical and careful, the Baton Q1 ensures everyday basics are accounted for. Its tool arsenal is aimed toward tackling office and administrative tasks. This trusty tool is not only travel-friendly, it is also always ready to capture every plan, detail, and idea. Components include: Spring Assist Scissors, Pressurized Ballpoint Pen, Bottle Opener and Medium Flathead Screwdriver.

Length: 6"  
Weight: 2.4 oz  
Steel: 5Cr15MoV  
Handle: 6061-T6 Aluminum

Black & Grey Anodized Aluminum \$54.00  
ID1001-CP - Peg 729857006590

### Baton Q2

NEW

Sturdy and reliable, the Baton Q2 takes on the tough situations faced by the urban go-getter. Always on-hand and ready to explore, the Q2 also utilizes the same CREE LED from our illumination series, powered by a single AAA battery. Components include: Straight Edge Blade, 70 lumen LED Flashlight, Bottle Opener, Medium Flathead Screwdriver.

Length: 6.3"  
Weight: 3 oz  
Steel: 5Cr15MoV  
Handle: 6061-T6 Aluminum

Black & Grey Anodized Aluminum \$67.00  
ID1011-CP - Peg 729857006606

### Baton Q3

NEW

Designed to endure, the Baton Q3 will get you out of a wide array of tough situations. Based on the classic multi-tool, it fulfills your basic essentials for wilderness and urban adventure and has what you need before you know you need it. Components include: Pliers, Soft Wire Cutter, Gripper, Straight Blade, 3-Sided File, Phillips Screwdriver, Awl, Small Flat Screwdriver, Chisel, Bottle Opener, Can Opener, Medium Flat Screwdriver and Jewelry Driver.

Length: 6.6"  
Weight: 6 oz  
Steel: 5Cr15MoV  
Handle: 6061-T6 Aluminum

Black & Grey Anodized Aluminum \$94.00  
ID1021-CP - Peg 729857006613

### Baton Q4

NEW

The Baton Q4 is your best friend. A modification and amplification of the Q3, this multi-tool is expandable and adaptable to suit your custom needs in the moment. Based on the classic multi-tool, it is armed with next-level necessities for wilderness and urban ventures. Components include: Pliers, Gripper, Soft Wire Cutter, Straight Blade, 3-sided File, Can Opener, Small Flathead Screwdriver, Bottle Opener, Medium Flathead Screwdriver, Magnetic Ratchet Driver plus Magnetic 12pc Hex Bit Kit.

Length: 7"  
Weight: 6 oz  
Steel: 5Cr15MoV  
Handle: 6061-T6 Aluminum  
Pouch: Leather

Black & Grey Anodized Aluminum and Leather Sheath \$120.00  
ID1031-CP - Peg 729857006620

## PowerLock

Heavy-duty multi-tool built around SOG's patented Compound Leverage, providing twice the gripping and cutting force. Components include pliers/gripper, hard wire cutter, crimpers, double toothed wood saw, partially serrated blade, 3-sided file, large screwdriver, Phillips screwdriver, 1/4" drive, awl, can opener/small screwdriver, bottle opener/medium screwdriver, scissors or v-cutter, rulers, and lanyard ring.

Length: 7"  
Weight: 9.6 oz  
Steel: 420 Stainless  
Handle: Stainless Steel  
Pouch: Nylon

**Black Oxide - With Scissors \$121.00**  
B61N-CP - Peg 729857993975

**Black Oxide - With V-Cutter \$121.00**

SWP1001-CP Peg 729857000536

**Sync II / I****NEW**

The functionality of a multi-tool is useless if you don't have it on hand when you need it. The Syncs are multi-tools designed to easily be worn with the detachable base as a belt buckle or simply clipped on a pack strap or boot. That way, anywhere you go, your multi-tool is there with you. While the tool can be conveniently detached from the base with one hand, it stays locked and secure to it under active movement when not needed. Sync II & I fit belts up to 1-3/4" and 1-3/8" wide respectively. Both come with a selection of frequently used components that are available at a moment's notice to save the day anytime and anywhere.

**Sync II**

Sync II Components include Pliers, Gripper, Soft wire Cutter, Crimpers, Phillips Screwdriver, Scissors, Medium Flathead Screwdriver, 3-sided File, Small Flathead Screwdriver, Straight Blade, Ruler.

## Hex Bit Accessory Kit

Accessory kit for SOG multi-tools with 1/4" socket adapter, such as the PowerLock. Kit includes magnetic 1/4" socket to hex bit driver, along with star drive bits T6, T8, T10, T20; Phillips bits #1, #2, #3; flathead bits #3, #5, #7; and hex bits 1.5mm, 2mm.

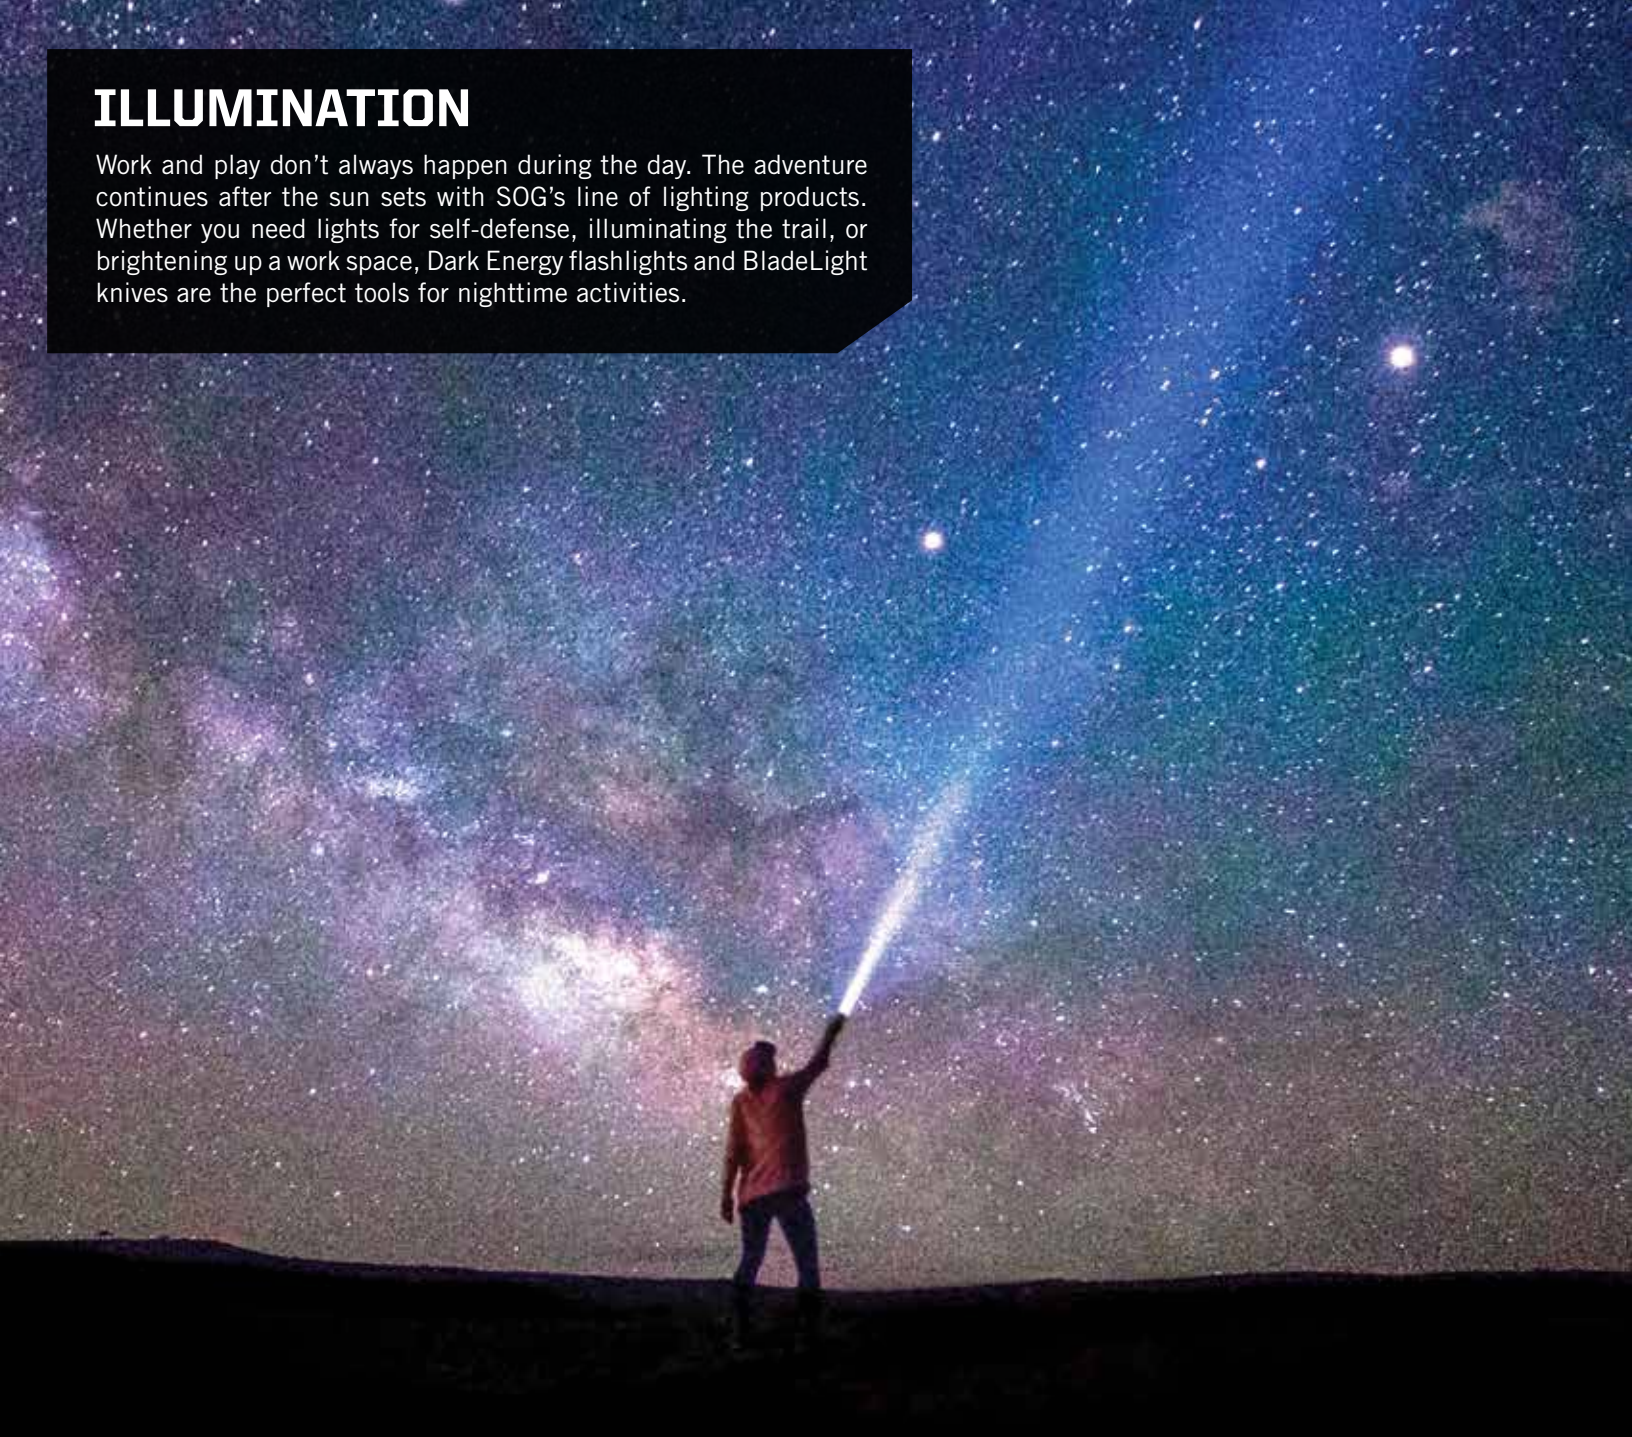

Length: 4.27"  
Width: 1"  
Weight: 2.7 oz

**Black Oxide \$20.00**  
HXB-01 - Blister 729857996242

# ILLUMINATION

Work and play don't always happen during the day. The adventure continues after the sun sets with SOG's line of lighting products. Whether you need lights for self-defense, illuminating the trail, or brightening up a work space, Dark Energy flashlights and BladeLight knives are the perfect tools for nighttime activities.

## ILLUMINATION FEATURES

**Dark Energy Flashlights** are equipped with efficient CREE LEDs to provide the brightness and longevity required for night patrols, self-defense, or working in dark and cramped spaces. These tactical flashlights are indispensable tools that come in a variety of sizes to go anywhere you go.

- Compact and ergonomic body that is easy to carry and fits comfortably in your hand.
- Spiral Knurled aluminum housing with MIL-SPEC Type III anodizing for long-lasting durability and dependable grip with or without gloves.
- Quick one-touch "on" to turn on the light at maximum power to create a blinding self-defense tool.
- 5-mode switch: Momentary on & off, full power for maximum brightness, mid-power for efficient long-term use, low-power reading mode for delicate work and maximum battery life, and strobe function for tactical and rescue applications.
- Stand-straight tail cap allows all Dark Energy lights to stand on the tail cap for hands-free operation and reduce accidental operation in carry.

**BladeLights** combine the usefulness of a quality blade with the benefits of modern illumination. The result is an award-winning innovation that enables users to continue their work past sunset or in dark spaces.

- Efficient CREE LEDs on both sides of the blade eliminates shadows that would be present when using a headlamp and frees up a hand that would otherwise be holding a flashlight.
- SOG Sharp blades for hunting, fishing, and everyday needs.
- Silent leather sheath on the BladeLight Hunt keeps you undetected.
- Award-winning hard-molded sheath for the BladeLight Fillet, Camp, and Tactical, allows the knives to be used as flashlights while sheathed and features a built-in single-stage touch-up sharpener and line cutter.

Whether it is the bright lights of the Dark Energy flashlights or the useful BladeLights, as soon as you try one, you will realize why they are so popular and trusted by first responders, outdoorsmen, and enthusiasts for everyday use.

## Dark Energy Series

All Dark Energy flashlights use bright CREE LEDs to light up the darkness. The 6061-T6 aluminum housings are checkered for grip with and without gloves, coated in Class III anodizing for maximum durability, and rated at IPX7 for water protection. Best of all, a multi-function switch operates five modes, including momentary on/off, 100%, 40%, reading, and tactical/safety strobe.

# FOLDING KNIVES

SOG's folding knives have been proven useful and durable by users around the world including law enforcement officers, US Special Forces, 9-to-5 office administrators, and weekend warriors. Using high quality materials, proven and innovative technologies, low-carry pocket clips, and award winning designs ensure that SOG's knives meet the demands of the most critical user: you.

## FOLDING KNIFE FEATURES

**Patented SOG Assisted Technology (SAT)** is used in all SOG assisted folders. SAT provides one of the fastest blade opening mechanisms available. As you start to push the blade open, an internal spring takes over to help propel the blade open. SAT works so well that a right hander can use their left hand equally well to open a folder.

**Arc-Lock™** equipped premium folding knives have smooth one-handed operation and a locked blade that has been tested to withstand more than 1,000 pounds of force. This patented mechanism also allows ambidextrous operation whether opening or closing the blade.

**SOG Sharp** blades in all knives are guaranteed to have a long-lasting and sharp edge. The blade is the heart of any knife which is why SOG offers lifetime sharpening on every blade.

**Cryogenic Heat Treatment** on select blades increases edge retention and steel hardness. This process slowly decreases the steel's temperature to -300° Fahrenheit and then raises it back to room temperature. When the steel is put through this process, it relieves blade stresses at an atomic level resulting in increased toughness and wear-resistance.

SOG's folding knives are great for hunting, camping, and everyday carry. They range in size from the minuscule Centi series to the large and elegant Kiku. Whether you are building a campfire, defending yourself, or simply looking to cut some rope – there is a SOG for everyone.

## TomCat 3.0

Large classic Arc-Lock folding knife with textured grip. Includes nylon pouch.

Length:	8.65"	Steel:	VG-10
Blade:	3.75"	Handle:	Rubber
Weight:	6.5 oz	Pouch:	Nylon

**Satin Polish \$271.00**  
S95-N - Box 729857990639

## Vision Arc

A clip point Arc-Lock with a stylish, black TiNi finish, this knife in the Arc series is a smaller and lighter model. Like the others, it features a VG-10 steel blade and glass-reinforced nylon handle with stainless steel liners.

Length:	8.4"	Steel:	VG-10
Blade:	3.8"	Handle:	GRN
Weight:	4.2 oz		

**Black TiNi \$174.00**  
VS03-BX - Box 729857006477

## Spec Arc

An Arc-Lock knife with a drop point blade for all-around utility. Features a VG-10 blade and glass-reinforced nylon handle with stainless steel liners.

Length:	8.8"	Steel:	VG-10
Blade:	4"	Handle:	GRN
Weight:	4.4 oz		

**Bead Blasted \$160.00**  
SE15-BX - Box 729857006460

## Pent Arc

While it has the same materials and measurements as the Spec Arc, the Pent Arc differs in its spear point blade. Ideal for the user who needs a stronger and sharper point with plenty of control.

Length:	8.8"	Steel:	VG-10
Blade:	4"	Handle:	GRN
Weight:	4.4 oz		

**Bead Blasted \$160.00**  
PE15-BX - Box 729857006453

## Vulcan

Outfitted with Arc-Lock and VG-10 steel from Japan, the Vulcan features smooth one-handed operation, GRN handles w/ steel liners, and a kick for quick opening.

Length:	8.375"	Steel:	VG-10 or
Blade:	3.5"		san mai VG-10
Weight:	5.0 oz	Handle:	GRN

**Satin Polish - Tanto - san mai VG-10 \$203.00**

# IMPULSE

Not every SOG needs to be as big as our Bowie! Impulse items are handy little tools to help you through those unforeseen circumstances. Whether you need a knife to open an office package, or a bottle opener at the bar, Impulse items are always there for you. Even our small items have that SOG reliability you can count on!

## IMPULSE FEATURES

**Keychain Compatible** keep a SOG with your keys and have it ready any time.

**Lightweight** build on each one of these products. Every impulse item is designed to be taken on the go. No matter how you carry it, your SOG won't weigh you down.

**Portable** so you can take it anywhere. Whether it's a keychain, a backpack clip, or in your wallet, impulse items can fit just about anywhere.

**Quality Materials** that you have come to expect from any SOG products. No matter the handle or blade, we put the same amount of care and craftsmanship into Impulse items as anything else.

**Pocket Sized** gear like the Flint and Firestarter/Sharpener makes it convenient to keep survival and emergency tools on you all the time. These fit easily in a pocket of your pants or pack but bring along capabilities to start a fire, break glass, or alert others.

**Lifetime Warranty** just like any one of our products. So if the blade gets damaged, or the clip breaks off, don't worry! Just send it in to us and we'll fix it up as quick as lightning!

## Bite

## FIXED BLADES

In 1986, SOG began its journey by making the SOG Bowie, a replica of a unique combat knife, and paying tribute to the Special Ops unit in Vietnam that created it. Now, more than 30 years later, SOG is one of the world's leader in specialized fixed blades offering superior performance, aesthetics, and confidence with every knife. No wonder the US Navy Seals and other elite forces choose to carry SOG on fronts around the world.

### FIXED BLADE FEATURES

**Premium Materials** SOG fixed blades are crafted using some of the best materials available such as S30V, S35VN, and VG-10 stainless steel; linen and canvas Micarta for handles; and quality leather, hard-molded nylon, and Kydex sheaths.

**SOG Sharp** blades in all knives are guaranteed to have a long-lasting and sharp edge. The blade is the heart of any knife which is why SOG offers lifetime sharpening on every blade.

**Cryogenic Heat Treatment** on select blades increases edge retention and steel hardness. This process slowly decreases the steel's temperature to -300° Fahrenheit and then raises it back to room temperature.

When the steel is put through this process, it relieves blade stresses at an atomic level resulting in increased toughness and wear-resistance.

**Sheaths** Confident retention with easy access, our Leather, nylon and state of the art molded sheaths feature: quick draw capabilities, multi mounting capability, our Groove line cutter that uses the knife edge, built in sharpeners on select models, etc.

Every SOG fixed blade is developed with the end-user in mind. From the needs of elite forces to the simple tasks of everyday life, SOG has you covered.

## Super SOG Bowie

Extra large Bowie-style knife with epoxied stacked leather washer handle and stainless steel cross guard and pommel. Includes leather sheath with sharpening stone.

Length:	12.88"	Handle:	Leather Washers
Blade:	7.5"		with Stainless Cross
Weight:	17.4 oz		Guard/Pommel
Steel:	AUS-8	Sheath:	Leather

**Black TiNi - Leather Sheath \$301.00**  
SB1T-L - Box 729857990677

## Pillar

 **USA MADE**

Made in USA, the Pillar is fully-equipped with a CPM S35VN steel blade with a stone wash / satin polish finish, full tang construction, linen Micarta handle, and Kydex sheath with Tek-Lok compatible mount.

Length:	9.9"	Steel:	CPM S35VN
Blade:	5"	Handle:	Linen Micarta
Weight:	7.3 oz	Sheath:	Kydex

**Stone Wash \$254.00**  
UF1001-BX - Box 729857006583

FK1001-CP - Blister 729857006378

## Ace

Affordable, convenient, and reliable, the Ace fixed blade offers durability and performance at an affordable price point. Includes a molded sheath.

Length:	8.3"	Steel:	7Cr17MoV
Blade:	3.8"	Handle:	Rubber
Weight:	4 oz	Sheath:	Hard Molded Nylon

**Stone Washed \$34.00**  
ACE1001-CP - Blister 729857007955

## GEAR

SOG operates with the expectation that any tool we create will be used and abused. Made for the outdoors, SOG gear is for people who need great tools for everyday use. From Tomahawks to Throwing Knives, there is a piece for you.

### GEAR FEATURES

**Tomahawks & Axes** make great multi-purpose tools for outdoor enthusiasts, preppers, and first responders. While all have a cutting head, each one has a combination of piercing spike, hammering head, saws, and other survival components.

**Machetes** are one of the most useful edged tools in the world. They can be used as a fixed blade with some of the chopping power of an axe. It is no surprise they are the go-to tool for clearing brush, making shelters, and preparing meals among other things.

**Throwing Knives & Hawks** are designed for target practice. These all have durable one-piece construction with paracord wrapped handles for fun and competition.

**Folding Gear** such as Entrenching Tools and Folding Saws make it easy to carry and transport gear that would otherwise be too bulky or heavy to move efficiently. Their lightweight and balanced designs allow them to be easily carried anywhere, whether in a car or secured to a pack. Outdoorsmen should not go anywhere without these.

From the Camp Axe to SOGfari machete, there is a SOG product for you. Like all other SOG products, SOG gear comes with a lifetime warranty, allowing you to go about life without worry. Take comfort in knowing that you are prepared for anything.

## Voodoo Hawk Mini

Smaller heavy-duty throwing hawk with large cutting edge, compact handle, and stainless steelommel.

Length:	12.5"	Steel:	3Cr13MoV
Blade Length:	2.75"	Handle:	GRN
Weight:	23.1 oz	Sheath:	Nylon

**Raw Forged - Hard Molded Nylon Sheath \$67.00**  
F16N-CP - Clam 729857996822

## Camp Axe

Designed for hammering and chopping, this compact axe makes a great outdoor tool. Its lightweight and small size makes it easy to transport and stow.

Length:	11.5"	Steel:	2Cr13
Blade Length:	2.75"	Handle:	GRN
Weight:	16.1 oz	Sheath:	Hard Molded Nylon

**Satin Polish \$54.00**  
CH1001-CP - Clam 729857006361

## Hand Axe

Small compact chopping axe made from a single piece of steel with G10 handles.

Length: 11.1" Steel: 420  
Blade Length: 2.4" Handle: G10  
Weight: 18.6 oz Sheath: Nylon

**Hardcased Black - Nylon Sheath \$47.00**  
F09N-CP - Clam 729857995115

## Throwing Hawks

Small one-piece construction throwing hawks with paracord wrapped handles.

Length: 10.75" Steel: 3Cr13  
Blade Length: 1.75" Handle: Stainless Steel  
Weight: 25.4 oz with Paracord Wrap  
Sheath: Nylon

**Hardcased Black - Nylon Sheath \$67.00**  
TH1001-CP - Clam 729857002486

## Throwing Knives

Set of three knives that can be used for throwing or as general-purpose knives with paracord wrapped handles.

Length: 10" Steel: 420  
Blade Length: 4.4" Handle: Paracord  
Weight: 19.6 oz Wrapped  
Sheath: Nylon

**Hardcased Black - Nylon Sheath \$56.00**  
F041TN-CP - Peg 729857002417

## Fling

Set of three classically styled throwing knives with paracord wrapped handles.

Length: 9.5" Steel: 3Cr13MoV  
Blade Length: 2.8" Handle: Paracord  
Weight: 29.44 oz Wrapped  
Sheath: Nylon

**Satin Polish - Nylon Sheath \$49.00**  
FX41N-CP - Peg 729857998932

**SOG**

## SOGfari Series Machetes

Machetes are one of the more useful edged tools in the world. They have cleared brush and blazed trails, have chopped wood, made shelters, harvested crops, prepared meals, hunted and protected.

Careful attention was given to the SOGfari to make sure that the weight was right and the handles were comfortable for extended use. Available in several sizes and styles.

**Interchangeable Bone Saw Blade \$11.00**  
F11B-002 - Blister 729857006255

# PACKS

Breaking the mold on conventional tactical packs, SOG packs serve the traditional tactical user with added components designed for outdoor adventures. These packs take inspiration from the company's historic roots in creating field-proven knives and then mixes in features fit for the modern user.

## SOG PACKS

Not only do these packs offer typical functions like hydration sleeves, MOLLE attachment points, and durable fabrics, they also have premium features such as Hypalon MOLLE fields, Quad-Zip full access compartments, integrated long item carriers, and lightweight suspension systems. Contemporary use of tactical packs calls for the need of added comfort, versatility, and durability. SOG packs deliver on all these benefits and more. For longer expeditions, the versatile Seraphim 35L or the adaptable Prophet 33L can house all your gear without sacrificing mobility and comfort. For outings shorter than that, the Scout 24L can handle anything for an overnight or day trip while the Ranger 12L makes a great companion for quick escapes. Modern urban warriors will find that the TOC 20L or EVAC 18L sling can easily organize their daily carry. Whether heading out for a multi-day excursion or a quick morning errand, there is a SOG pack for your needs.

SOG packs incorporate a combination of these features:

- Hypalon MOLLE fields for attaching extra external storage or items are stronger and stealthier.
- Impact-resistant shell on the top pocket with internal organization safely stows valuables such as glasses, cameras, binoculars, and phones.
- Quad-zip full access main compartment allows for quick access to any part of the interior, such as being able to quickly get at items at the bottom of the pack without the need to open the top due to the panel-loading design.
- Integrated, external long item carry for easy access to oversize objects like rifles, bows, fishing rods, or axes.
- Internal suspension system to take the weight off the shoulders and onto the more stable hip for a balanced carry.

## Seraphim

Voluminous 35L pack with Hypalon MOLLE field, integrated long item carry, Quad-zip panel-loading main compartment, impact-resistant shell on the top pocket, fold-down panel, and hydration compatible sleeve.

Volume: 35 Liter  
Height: 26.4"  
Width: 11.6"  
Depth: 9.4"  
Weight: 58.6 oz  
Material: Kodra 500D  
with P.U. coating

### 35 Liter Bag - \$259.99

Black - CP1006B 729857005609  
Grey - CP1006G 729857005616

## Prophet

Adaptable 33L pack that can convert to a duffel with Hypalon MOLLE field, integrated long item carry, Quad-zip panel-loading main compartment, impact-resistant shell on the top pocket, and hydration compatible sleeve.

Volume: 33 Liter  
Height: 24"  
Width: 11.8"  
Depth: 9"  
Weight: 58.4 oz  
Material: Kodra 500D  
with P.U. coating

### 33 Liter Bag - \$229.99

Black - CP1005B 729857005586  
Grey - CP1005G 729857005593

## Scout

Versatile 24L pack with Hypalon MOLLE field, Quad-zip panel-loading main compartment, impact-resistant shell on the top pocket, laptop compartment, and hydration compatible sleeve.

Volume: 24 Liter  
 Height: 21.3"  
 Width: 11"  
 Depth: 7.1"  
 Weight: 44.5 oz  
 Material: Kodra 500D  
 with P.U. coating

### 24 Liter Bag - \$189.99

Black - CP1004B 729857005562

with P.U. coating

### 12 Liter Bag - \$139.99

Black - CP1002B 729857005524  
Grey - CP1002G 729857005531

## Engraving

---

Many SOG products, not all, can be personalized with laser engraving. You have the option to have your name or personal phrase permanently added to the your SOG. More advanced designs such as company logos will require a onetime artwork setup fee of \$50.00 in addition to a per engraving charge. Engravings that have large solid filled areas may require additional charges.

## Sharpening

---

SOG knives are designed and made to be used. Any knife being used regularly will need occasional sharpening. Unfortunately, we have not figured out how to make a knife that doesn't dull. Therefore, SOG offers complimentary sharpening and service on all of our knives and tools. We will even cover the return shipping to get your newly refurbished and sharpened knife back to you.

## Lifetime Warranty

---

All SOG products including knives, tools, gear, and packs are guaranteed against defects in workmanship and materials for the life of the item. Our products are designed to last when used as intended and properly taken care of. In the rare, unforeseen instance when something goes south, we want to make sure that you are taken care of. Any item that happens to be defective will be repaired or replaced at our discretion. All you need to do is get it back to us and we'll take care of the rest.

We do have lifetime warranties, but keep in mind that this warranty does not cover an item that is damaged by misuse, abuse, improper maintenance, alterations, accident, or normal wear and tear as determined at our discretion. So don't go using your knife as a screwdriver, your multi-tool to split rocks, or your pack to contain a wild hyena. Use common sense and don't do stupid things.

Knives, multi-tools, gear, and other sharp pointy items should be maintained properly with routine cleaning, oiling, and sharpening. Blades are cutting utensils and are not for prying or other applications outside of its intended use. For more information on keeping your knife or tool in tip-top condition check out our Knife & Tool Care page on our website, [sogknives.com](http://sogknives.com).

Packs should be cleaned routinely to remove dirt and foreign materials and substances that may increase wear on the material. You don't want your friends or enemies smelling you before they see you.

Take care of your SOG. SOG will take care of you.

## USA MADE

Based around superior CPM S35VN steel, SOG's USA produced knives offer improved toughness, better edge retention, higher resistance to wear and edge chipping while maintaining ease of sharpening. Whether you choose a fixed blade, folder, or automatic for your next USA made knife, make it a SOG.

### **Pillar** [page 32]

---
