BALL CONSTRUCTION

LAMINATED

Laminated construction uses leather or composite panels. These panels are fixed onto a rubber carcass by hand in order to provide athletes with the highest quality basketballs available. The versatility of this ball construction gives players the ability to take their game to the next level.

⚡ Target: Competitive Play

1. COVER

The cover material provides superior grip and soft feel while maintaining our rigorous standards for material strength and abrasion resistance.

2. CARCASS

The carcass provides structure, shape and protection for the inner components.

3. WINDINGS

Windings add structural integrity and durability to the construction of the ball.

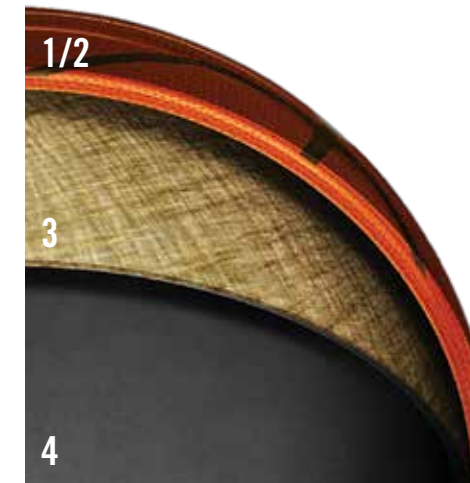

4. BLADDER

The high-end bladder maintains the ball's air pressure for proper inflation and extended air retention.

MOLDED

Molded construction is used on outdoor basketballs and provides increased design capabilities and a wide range of available color and graphic options.

⚡ Target: Recreational Play

ICONS

An indoor ball is designed exclusively for indoor playing surfaces. These balls are constructed with leather or high-end composite covers.

Colored rubber with a unique color mixing technique that makes each ball different from the next.

Outdoor basketballs have a durable cover that can withstand rougher playing surfaces.

Balls approved by the National Federation of High School Associations.

Indoor/outdoor basketballs are suitable for all types of playing surfaces.

COVER MATERIAL

LEGACY™ MATERIAL

The Spalding exclusive Legacy™ ball provides the player with great moisture management technology. This technology enhances the dry and wet grip of the ball while maintaining durable performance. The Legacy™ ball was created with a specifically constructed carcass for a softer feel and deep channel design to optimize overall control. These exceptional features make the Legacy™ ball the ultimate professional and institutional indoor game ball.

NEVERFLAT®

The Spalding® NEVERFLAT® basketball stays inflated for one year. Guaranteed.

- NitroFlate® inflation technology
- Special valve keeps dirt out and prevents valve leaks
- Premium double-ply air bladder maximizes pressure retention

SGT - SOFT GRIP TECHNOLOGY

The Spalding® SGT™ material is a soft, sponge rubber with extra grip and softness to enhance the player control.

- Specially-formulated sponge rubber ball construction
- Durable construction with superior abrasion resistance
- Ultra soft touch feel with exceptional grip
- Deep skived wide channel for instant channel recognition
- Excellent for outdoor performance play

ROOKIE GEAR® SERIES

Spalding Rookie Gear® series offers a line of sport balls that are designed to be lighter than the traditional ball, to allow the smaller athlete to train more easily and get a grasp on ball handling and control before advancing to the regulation size and weight.

LEATHER M BALL

Official leather game ball
Exclusive, full grain, top grade leather cover
Official size and weight
Designed for indoor play

ITEM # 77-015

1950s and 1960s

Spalding's Top Flite (TF) marks symbolize premium product and have a rich history of leading the way in the category. We are expanding the TF experience to more products so that players can experience the innovation, quality and performance that Spalding consistently delivers.

Power-packed companions for the great new Distance Dot!

1960 SPALDING TOP-FLITES

It's the DOT for distance!

- From Spalding, maker of the incredible new DISTANCE DOT,* come the finest woods and irons in golf... the 1960 Registered TOP-FLITES... in both men's and women's models.
- The new HYDROSEALED woods with Spalding's exclusive nylon face inserts and the new Spalding "Pro-Flite" shafts, pack more power... deliver more yardage and last longer than any woods in history!
- The brilliant irons have a wider hitting area, with a rounded leading edge designed to dig out the ball crisply and cleanly. Of course, the shafts are reverse-threaded into the heads so there's no pin to work loose—ever!
- Every set of SYNCHRO-DYNE TOP-FLITES is a perfectly matched family of clubs, scientifically coordinated to feel and swing alike. There are no "strangers" in the set!
- Play a round with these 1960 Spalding TOP-FLITES and see the difference it makes in your game. Available through your golf professional only, and unconditionally guaranteed!

SPALDING
sets the pace in sports

ON THE COURTS AGAIN!

"LAST-BILT"... built over a last... molded to a perfect shape... channel-seamed for zero-grip ball handling

SPALDING
SETS THE PACE IN SPORTS

A. G. SPALDING & BROS. DIVISION OF SPALDING SALES CORPORATION

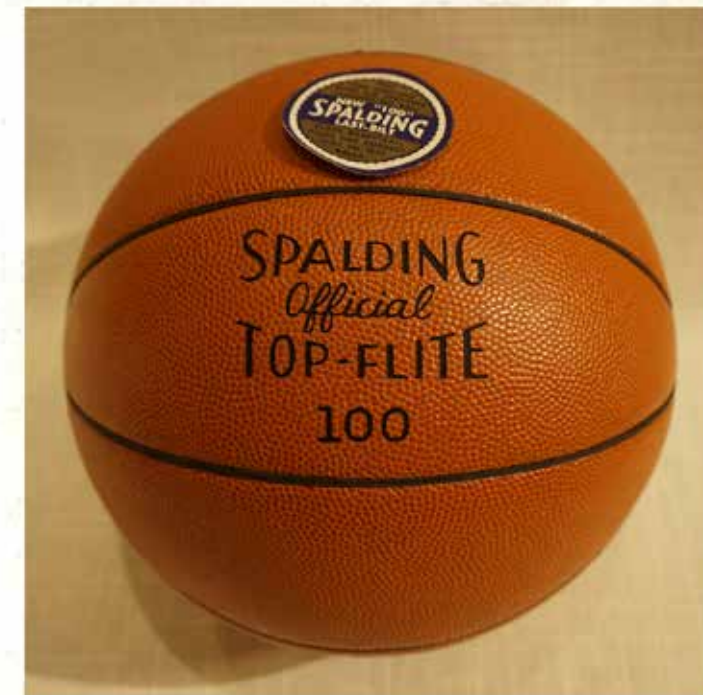

The "103" is Official for Big Ten Televised Games
The "100" is Official for Ivy League Play

"LAST-BILT" BASKETBALLS

- The "100" has a new color, engineered for better visibility.
- Exclusive Spalding Serrage assures exceptional "feel" and finger-tip control.
- Deep Grained pebbled surface and wider, deeper channel seams also improve grip and shot control.

SPALDING Official TOP-FLITE 100

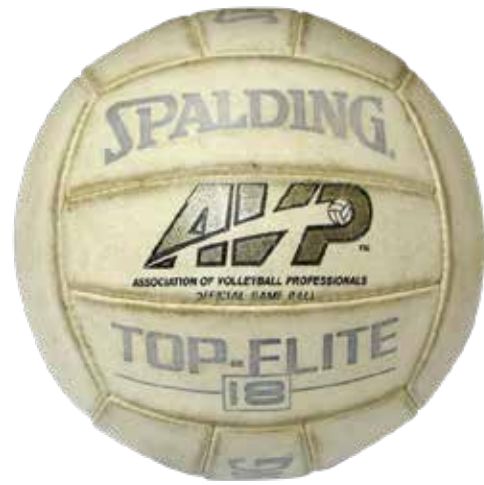

LAST-BILT
ESTABLISHED PAT. 2,547,000

1970s and 1980s

Spalding is evolving, but always staying true to our drive for perfection. The TF story started in the 1950s with premium basketballs, volleyballs and golf products. Since then, the TF mark led the way with new innovations such as synthetic leather, wider and deeper channels, moisture management and cushioned covers.

This ball is going to the Olympics.

You could, too!

Enter Spalding's 1976 Olympics Sweepstakes.

GRAND PRIZE - a 3-day, all-expenses paid Olympic weekend for four in Montreal
200 Second Prizes - Spalding Rock Away Autograph basketballs
2000 Third Prizes - 14 1/2 size, full color posters of Rick Barry in action

Details and entry blanks at the Spalding Autograph basketball display at your sporting goods dealer.

The official ball for the 1976 Olympics at Montreal is the Spalding Top Flite 100, the number one basketball in the world.

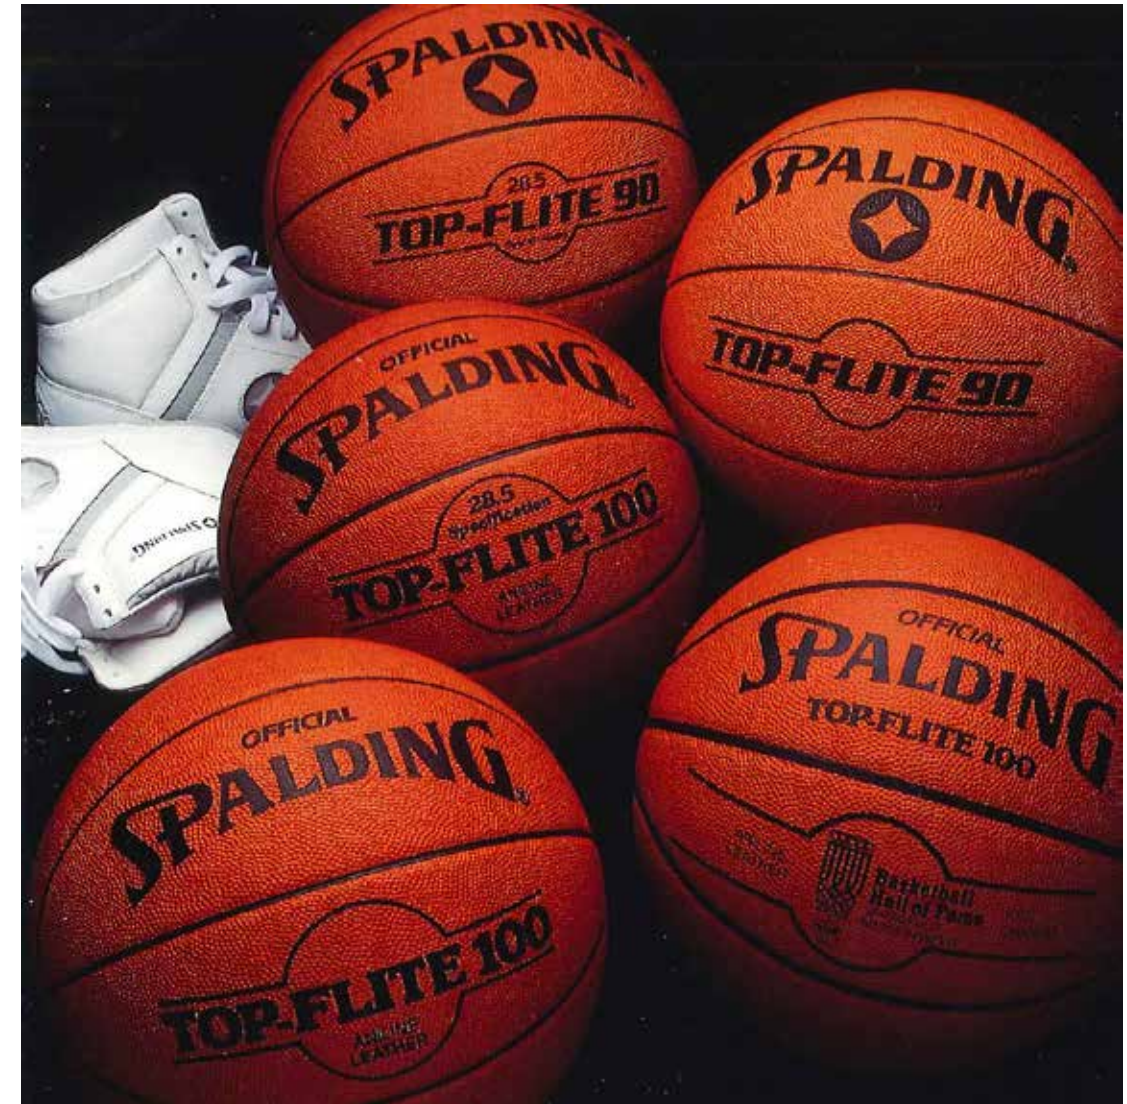

But its leather cover is not for your outdoor game. You need a Spalding Autograph ball with a tough rubber cover that can stand up to the beating you'll give it on those hard outdoor courts. An Autograph ball gives you a tacky, sure-handed feel you just don't get from a slick vinyl covered ball. And inside, an Autograph ball has up to 70 miles of nylon windings to keep it round for a lifetime.

Spalding Autograph basketballs. Made in the same factory by the same people who make the Olympic Top Flite 100.

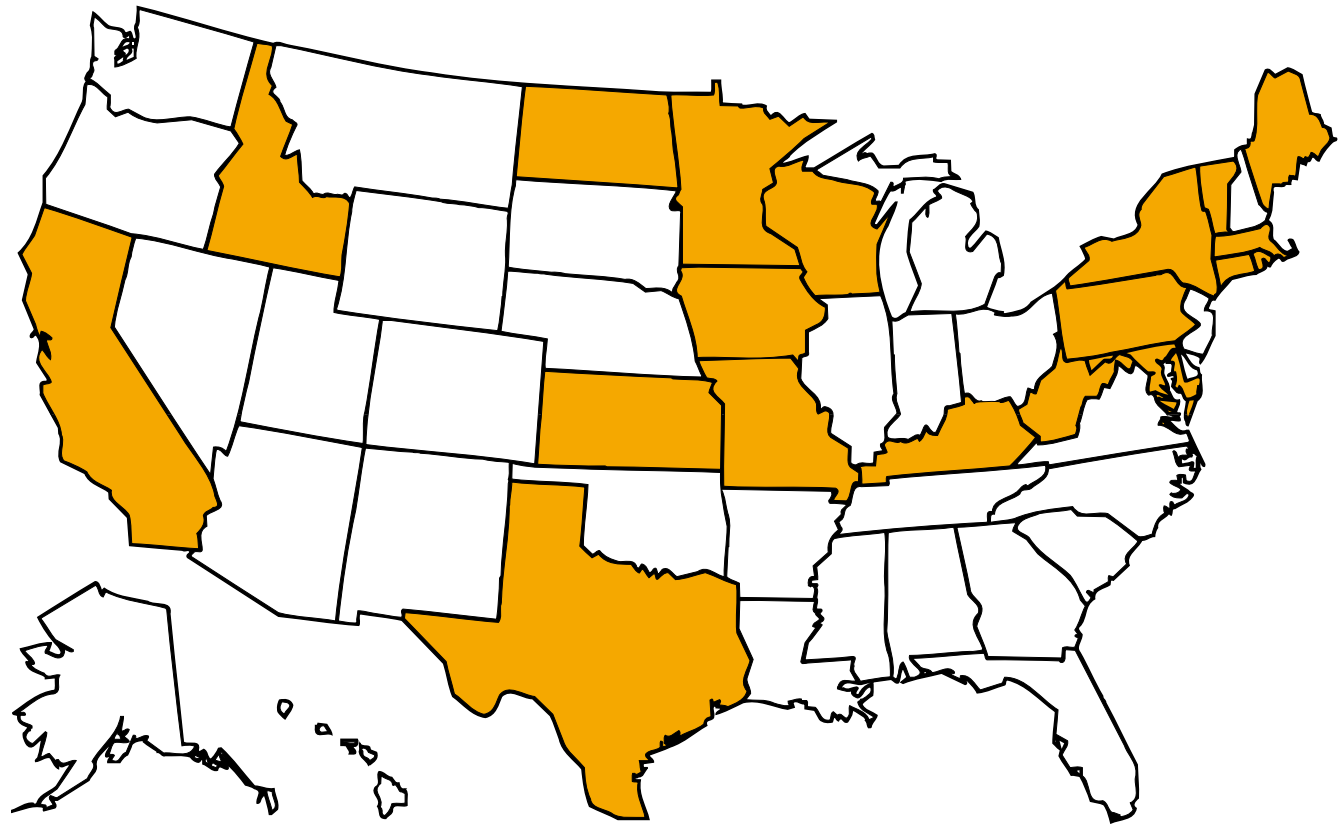

Spalding. The name the game grew up with.

1990s and 2000s

The TF shield not only speaks to the past decades of innovation, quality and performance, but also to our future. Spalding will continue to be the leader in basketball as we extend our TF authority.
