The Safer® Brand Philosophy

WE'VE GOT A HISTORY.

For more than 30 years, gardeners have depended on Safer® Brand pest control products. Our products solve problems fast, yet they're safe to use around people and pets when used as directed. That's why they've been approved for certified organic farms and gardens by the Organic Materials Review Institute (the independent watchdog the USDA relies on).

WE STAND WITH NATURE.

Our products are made with real ingredients, like oils from seeds and soap. Our products cater to everyone from master gardeners to urban gardening renegade <http://www.istockphoto.com/> s to first-timers. Best of all, our products work in harmony with nature—not against it—so your crop hits its max potential and your harvest is as pure as can be.

WE'RE THE RESOURCE YOU CAN TRUST.

Safer® Brand's sturdy foundation is built on our proven track record for helping gardeners succeed. Whether your garden is just a few pots with soil or an elaborate hydroponic system, we're here to support you, from planting your first seed to your best-ever harvest.

Insect Control

Sprays • Concentrates

Few things can ruin a blooming garden faster than an unexpected insect invasion or a fast-spreading fungus. Protect your garden with our complete line of insect and fungus control products, most of which are OMRI Listed® and approved for use in organic gardening.

Insect Killing Soap

Safer® Brand Insect Killing Soap with Seaweed Extract is a special formulation of insecticidal soap that kills insects while being gentle on plants. It utilizes potassium salts of fatty acids to weaken the insect's waxy protective outer shell, causing them to dehydrate and die.

- Kills aphids, earwigs, mealy bugs, mites, whiteflies and other listed insects
- For use on flowers, fruits, vegetables, houseplants, trees, shrubs and ornamentals
- Can be used up until the day of harvest
- OMRI Listed® and compliant for use in organic gardening
- Available in:

Ready-to-use Active Ingredients:

Potassium salts of fatty acids (2%)

Pyrethrin & Insecticidal Soap

Safer® Brand Pyrethrin & Insecticidal Soap Insect Killers use the power of two to kill a variety of insects on contact. The pyrethrins attack the insect's nervous system and the potassium salts of fatty acids weaken the insect's protective outer shell causing them to dehydrate and die. Keep garden pests away so your plants can thrive!

- Kills aphids, beetles, caterpillars, leafhoppers, tomato hornworm and other listed insects
- For use on flowers, vegetables, beans, shrubs and ornamentals
- Can be used up until the day of harvest
- OMRI Listed® and compliant for use in organic gardening
- Available in:

7

Azadirachtin

Safer® Brand Bio NEEM® Insecticide & Repellent uses multiple modes of action to get rid of nuisance insects. It kills insects by disrupting their delicate hormonal balance so they die before molting to the next life stage, plus it disrupts their desire to feed. It also has the unique ability to repel many insects from areas that have been sprayed.

- Kills over 30 common insect pests
- For use on flowers, trees, shrubs and ornamentals
- Multi-purpose insecticide and repellent
- OMRI Listed® and compliant for use in organic gardening
- Available in:

Neem Oil

With Safer® Brand Neem Oil, you can battle the pests and fungal problems on your favorite plants while remaining compliant for organic gardening. This spray features neem oil, an extract of the neem plant that stops fungal infection and kills insect of all stages of life from eggs to larvae to adults.

- Controls black spot, mildew, rust, spider mites, aphids, whiteflies, blight, anthracnose, botrytis, turf diseases and other insect pests
- Kills eggs, larvae and adult insects
- Use as a dormant/delayed spray to control overwintering eggs of various insects
- Prevents fungal attacks on plant tissues

Home Insect Control

Aerosols • Traps • Powders

Whether inside the home or outside in the backyard, insect infestations can be a big problem. Many homeowners know that when they find one insect, they're bound to find many more hiding. We offer a variety of insect control solutions for around the home. With Safer® Brand, you can eliminate annoying and destructive insect populations for good!

Insect Killing Aerosols

Safer® Brand Insect Killing Aerosol Sprays work to kill a variety of household insects on contact. After spraying, your home is left with a pleasant citrus scent rather than a lingering chemical odor like other aerosol insect killers may leave behind. Each bottle targets a specific flying, crawling or stinging insect so your home will be pest-free!

- Kills insects on contact
- For use indoors and outdoors
- Fresh citrus scent with no lingering chemical odor
- Non-staining on most surfaces
- Compliant for use in organic gardening
- Available in:

Moth Traps

Safer® Brand Moth Traps lure in moths with a patented pheromone lure to protect your home. Clothes moth larvae feed on the fabric in clothing and furniture, leaving unreparable holes. Other moths eat grains and cereals in pantries, ruining food. Break the moth breeding cycle with our moth traps!

- Clothes Moth Alert protects clothing and furniture from costly clothes moth damage
- Pantry Pest® attracts male grain moths, flour moths, meal moths and seed moths
- Traps moths to stop the breeding cycle
- Attracts adult moths with a patented pheromone lure

SKU:	Name:	Case Qty:
07270	Clothes Moth Alert Trap	12/case
05140	The Pantry Pest® Trap	12/case

Each Selling Unit Contains:

- 2 traps
- 2 patented pheromone lures

05140

07270

Sticky Traps

Safer® Brand Sticky Traps attract and trap flying insects where they spend most of their time - near your houseplants. Certain flying insects, like whiteflies, are attracted to yellow, so our traps draw them in like a magnet. Position traps in or above houseplants to start eliminating unwanted flying insects!

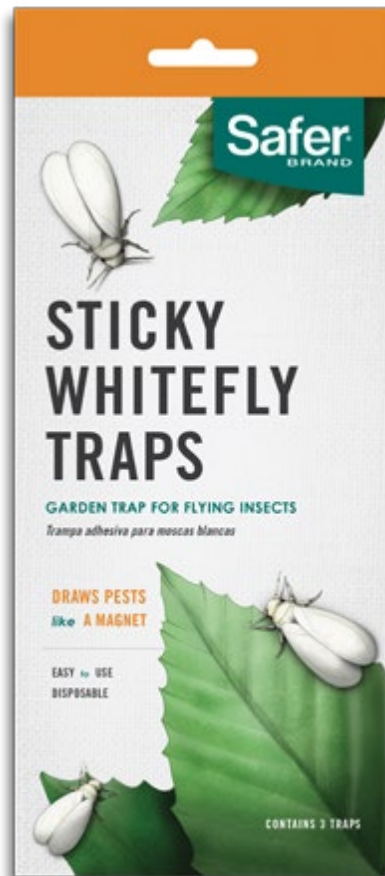

- Attracts and traps whiteflies, gnats, aphids, thrips, fruit flies and other flying insects
- Place in or above houseplants
- Fully disposable
- Bright yellow color draws pests like a magnet with no harmful chemicals

SKU:	Name:	Case Qty:
5026	Houseplant Sticky Stakes	12/case

Diatomaceous Earth

Safer® Brand Diatomaceous Earth is composed of D.E. to effectively kill a variety of crawling insects. Insects die within 48 hours of ingesting or crossing through the dust. D.E. feels powdery soft to humans, but is razor sharp to an insect's delicate exoskeleton. With no odor and non-staining properties, it's so simple to use!

- Consists of Diatomaceous Earth
- Kills bed bugs, fleas, ants, roaches, earwigs, silverfish and other crawling insects
- Dual action - kills by ingestion and contact
- Insects die within 48 hours of contacting dust
- Effective outdoors too, but reapply after rain or watering
- No odor and non-staining
- Available in:

4 lb

Crawling Insect Killer

Safer® Brand Crawling Insect Killers are made from Diatomaceous Earth to kill insects within 48 hours. Once insects ingest or cross through the dust, it cuts their delicate exoskeleton causing them to dehydrate and die. The built-in pouring spout on these unique puffer bottles makes using this powder precise and consistent.

- Kills bed bugs, fleas, ants, roaches, earwigs, silverfish and other crawling insects
- Dual action - kills by ingestion and contact
- Insects die within 48 hours of contacting dust
- Effective outdoors too, but reapply after rain or watering
- No odor and non-staining
- Puffer bottle for easy and precise application
- Made from Diatomaceous Earth
- Available in:

Nutrients

All plants' needs change as they grow from seedlings to mature plants. Safer® Brand features a complete line of nutrients with five distinct formulas, each designed specially for a different time in your plants' life cycles. These liquid and soluble nutrients have been extensively tested and are formulated for use in both hydroponic and soil growing.

Awaken Liquid Fertilizer

Safer® Brand Awaken liquid plant food provides cuttings and seedlings the strength and vitality they need during the first stages of growth. This high-quality fish and molasses derived formula provides an immediate boost of essential nutrients and carbohydrates that are easily processed by emerging root systems.

- Specially formulated to start cuttings and seedlings with the nutrients they need to grow strong and robust
- High-quality fish and molasses give an immediate boost of nutrients that are readily absorbed by emerging roots
- Triple-filtered through ultra-fine screens
- Easy to use for soil and hydroponic growing

Lawn Care

You don't have to use synthetic chemicals to have a perfect lawn. Safer® Brand offers a variety of lawn care products for lawn fertilizing and weed prevention so you can create a lush, healthy turf the natural way. We care about the earth and strive to offer products that eliminate weeds and feed your lawn without the use of harmful synthetic chemicals.

Ringer® Lawn Restore® Fertilizer

Ringer® 0% Phosphate Lawn Restore® II by Safer® Brand is great for all four seasons and revitalizes your lawn to a thick, vigorous turf by working with nature to produce a dramatically better lawn. This 10-0-6 NPK fertilizer is protected by two United States Patents and feeds your soil with a non-burning formulation made from distillers grains, soybean meal, and sulfate of potash.

- Treats 5,000 sq ft per 25 lb bag
- 10-0-6 NPK
- Produces healthier soil and a robust root system
- Helps repair thin lawns, strengthen sod or new seeding, and alleviate stress conditions
- Non-burning and long-lasting
- After application, children and pets may return to the lawn area
- Available in:

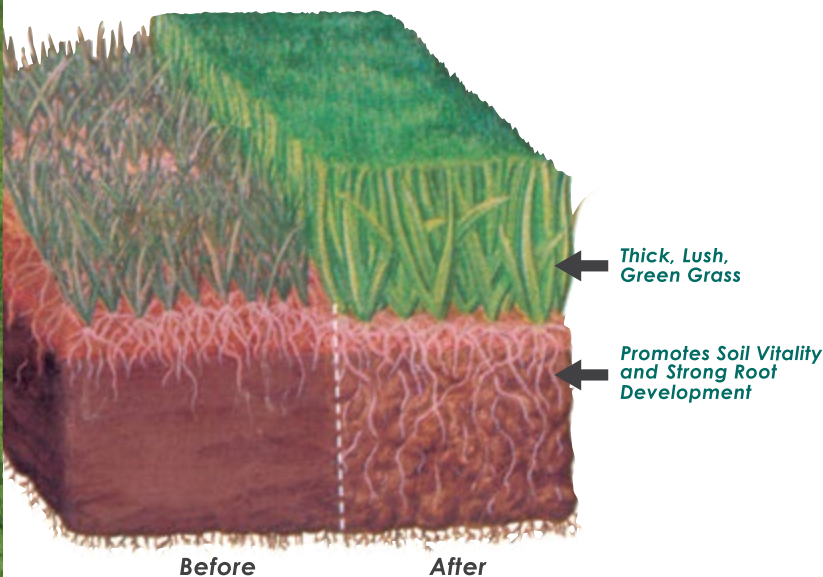

25 lb

Ringer® Compost Plus

Safer® Brand Ringer® Compost Plus Compost Maker breaks down lawn clippings, brown leaves, wood chips, pine needles, twigs, household organic waste, food scraps, and more. This unique formulation contains a specialized blend of microorganisms as well as a nutrient energy source for a fast start. When used according to directions, you can expect rich humus in 60 to 90 days.

- Converts roughly 500-750 lb of yard debris into compost per 2 lb bag (depending on application rate)
- Specially formulated with a blend of microbes and nutrients to kickstart the compost process
- Produces rich, moist humus in 60 to 90 days
- Simply sprinkle over pile and water in to activate
- Available in:

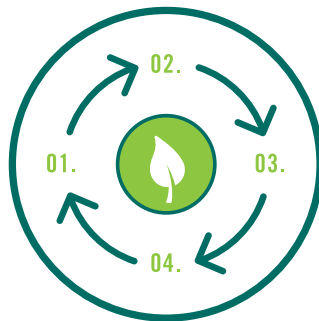

2 lb

3050-6	2 lb	6/case

NATURE'S GROWTH SYSTEM

01. Vigorous plant growth.
02. Plants die, providing material for soil microorganisms, such as fungi and bacteria, to decompose.
03. During the decomposition process, microorganisms break down complex plant tissue into simple forms of basic plant nutrients.
04. Following decomposition, nutrients are in their most basic form, ready to provide plant roots with nutrients they need to go grow, such as nitrogen, phosphorus, and potassium.

Recommended Groupings

If you're looking for Safer® Brand products to fill a specific gardening related need in your store, we've put together small groupings of recommended products that will tackle common gardening and pest problems.

Japanese Beetle Control:

- 70102 • Japanese Beetle Trap
- 00102 • Replacement Bags
- 00107 • Collapsible Stand
- 70006 • Replacement Bait
- 5612-6 • BioNEEM®
- 5611-6 • Grub Killer

Whitefly & Fungus Gnat Control:

- 5026 • Sticky Stakes
- 00340 • Sticky Whitefly Traps
- 5110-6 • Insect Killing Soap RTU
- 5118-6 • Insect Killing Soap Concentrate

Grasshopper Control:

- 5110-6 • Insect Killing Soap RTU
- 5118-6 • Insect Killing Soap Concentrate
- 5612-6 • BioNEEM®
- 5611-6 • Grub Killer

Caterpillar Control:

- 5162-6 • Garden Dust
- 5163-6 • Caterpillar Killer Concentrate
- 5102-6 • EndALL® RTU
- 5612-6 • BioNEEM®

Mite Control:

- 5452-6 • 3-in-1 Garden Spray RTU
- 5118-6 • Insect Killing Soap Concentrate

Stink Bug Control:

- 5102-6 • EndALL® RTU
- 5102GAL • EndALL® Gallon RTU
