

The background of the page is a photograph of an office. On the right side, a wooden door is partially open, showing a silver Schlage Elan lever handle. The office interior includes a desk with a computer monitor, a blue folder, and a brown office chair. The lighting is bright, suggesting a window with a view of a city.

Elan lever

The Elan lever is sturdy and modest, transforming to fit nearly any space.

The Elan lever finds its inspiration tied most closely to the Bauhaus Era of architecture, working best in minimalist spaces that match its unassuming style.
