## Welcome to the colorful themed worlds of schleich®!

Children are full of ideas. Is the cow going on a safari with the dragon? Why not!? There are no limits to your imagination in the schleich® worlds of play. At the same time, children's development is encouraged, because children learn during play without even noticing it. Our cow looks like a cow, with all the details. This helps children learn about the animals and their habitat.

They can experience the figurines with their eyes and hands, train social and emotional skills during play, and also continually invent new stories.

# WELCOME TO LAKESIDE!

Hello, my name is Hannah Kramer. My family and I live at the Lakeside riding center and many of our HORSE CLUB adventures start here! Sarah, Lisa and Sofia come here often to visit me and grab something tasty from the big kitchen.

Hannah's little sister Mia needs a stool to mount her pony Spotty. But watch out! They both get up to plenty of mischief...
