# Computer Filters

## A. Frameless Privacy Filters - Blackout

Helps protect confidential information from prying eyes, even when you're on the go.

- Screen data is visible only to persons directly in front of the screen.
- Darkens on-screen information when viewed from the side.
- Helps protect valuable LCD and notebook displays from scratches, fingerprints and damage.
- Improves screen contrast and reduces screen glare and reflections.
- Reversible – choose matte for reduced glare or gloss finish for increased clarity.
- Frameless design with easy-on, easy-off attachment.
- Made in U.S.A.

## B. Frameless Privacy Filters - Gold

Provides 1.5 to 2.25 times the effective privacy protection compared to competitive products.

- User sees more clearly than ever while onlookers see a vibrant gold screen from a side view.
- Optically clear, 14% higher clarity than 3M standard black filters.
- Gloss surface increases clarity and readability.
- Easy to attach and remove.
- Reversible – use gold or black side.
- Also available to fit MacBook Pro® and MacBook Air®.
- Made in U.S.A.

## C. Framed Privacy Filters - Blackout

The only framed privacy filter available for widescreen desktop monitors.

- Screen data is visible only to persons directly in front of the monitor with no blurring or image distortion. 3M privacy technology darkens on-screen data when viewed from the side.
- Anti-reflection coating reduces glare and reflections for more comfortable viewing.
- Easy-to-clean surface repels permanent marker; smudge-resistant.
- Optically clear; 14% higher clarity than 3M standard black filters.
- Nearly 1.5 times more privacy than standard 3M filters.
- Helps protect valuable LCD monitors from scratches and fingerprints.
- Available in sizes to fit both standard and widescreen desktop monitors.
- Made in U.S.A.

## D. Framed Anti-Glare Filters

- Offers excellent glare and radiation reduction.
- Unique, two-sided anti-reflective coating reduces glare by up to 99% to help prevent eyestrain and headaches.
- Blocks up to 99.9% ELF/VLF E-field radiation and reduces static and dust buildup when properly grounded.
- Light tint glass provides sharper text and more accurate color.

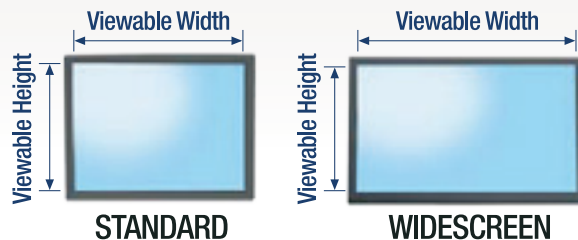

## How to order the correct 3M™ Privacy Filter

Choose from standard or widescreen size to assure the correct fit for your notebook or LCD monitor.

**Note:** Be sure to measure the height and width of the viewable area only.

For proper fit, do not include the plastic monitor or laptop frame in your measurement.
