# Bronze Star AC 257 Compliant Coated Star Drive Screws

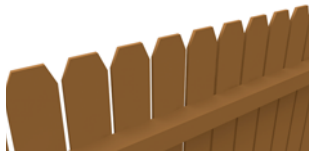

## The Ultimate Exterior Screw!

AC257 Compliant Star Drive Screws are for exterior and interior construction applications. The proprietary coating has withstood over 1,200 hours of salt spray conditions. Excellent in: softwood, chipboard, hardwood and tough materials. Accomplish more in less time & eliminate user fatigue with our Bronze Star's key features: Type 17 self tapping auger point, drag reducing knurled shank, self countersinking cutting nibs, proper thread length, maximum holding power! Pre-drilling eliminated! For all exterior purposes - decking, fencing, siding, and more!

Includes Free Bit!

Excellent For Exterior Applications

For Decks, Fence Fascia and Railing!

### Bronze Star Coating

The proprietary coating is designed to protect against corrosive qualities of chemically pressure treated lumber. This coating has withstood over 1,200 hours of salt spray conditions.

# Gold Star Interior Star Drive Wood Screws

**The Ultimate Interior Wood Screw**  
 Gold Star yellow zinc coated screws are an excellent multi purpose fastener! Coated with a triple dipped zinc coating, the Gold Star is for use in demanding industries using hard or soft woods. Excellent for chipboard and tough materials. Removable and reusable for temporary applications! Gold Star's proper thread length and superior holding power won't back out like nails and is also self countersinking, self tapping and more! Our Star Drive offers twice the torque of Phillips or square. Great for cabinetry, furniture, roofing, post and beam applications, log to log and more!

# DeckLok® Advanced Lateral Anchor System

DeckLok® – The Original Lateral Anchor System – is revolutionizing the decking industry. The patented DeckLok system will provide a bolted connection at all critical structural locations of your deck. A single pair of DeckLok brackets will provide 4000 lbs of pull out resistance. DeckLok will also increase rail post connections by up to 500%. Great for the deck-to-ledger connection, stair stringer, rail post and more. You NEED DeckLok to meet code! Made in USA. See [screw-products.com](http://screw-products.com) for instructions and video.

Item Number	Description	Net Wt	Price Per 12 Pack	Price Each
DL316SS	316 Stainless Steel Lateral Anchor	0.9 lbs	\$257.52	\$21.46
DLHDG	Hot Dip Galvanized Lateral Anchor	0.9 lbs	\$119.64	\$9.97

## Features & Benefits

- Decklok® is the only anchoring system specifically designed and patented for lateral loads with other patents pending.
- For use with lumber or engineered flooring systems.
- Use with standard 1/2" hot-dipped galvanized or SS bolts.
- Code compliant hot-dipped galvanized or 316 stainless steel.
- Easy to install on existing structures or new construction
- One pair of DeckLok lateral anchors provides up to 4,000 lbs. of pullout resistance.
- DeckLok® is one of the most cost effective ways to consistently build a safe and secure deck and guardrail system.

# RailLok® Railing & Fence Section Connection

RailLok® is used to connect fence sections to the rail post. Attach the brackets to the rail post using included screws and then slip pre-assembled fence sections into the brackets and screw them in place. The RailLok brackets provide a strong, reliable fence section to post connection. The brackets are built to outlast the service life of the railing and fence sections. Made in USA.

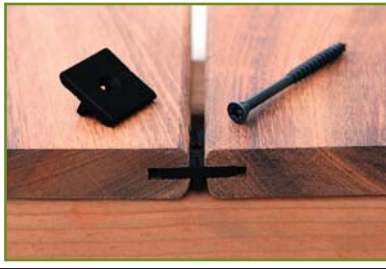

Item Number	Description	Net Wt	4 Pack	Each
RLBLK	Black RailLok Bracket (Includes 5 Star Drive Screws)	0.2 lbs	\$21.04	\$5.26
RLWHT	White RailLok Bracket (Includes 5 Star Drive Screws)	0.2 lbs	\$21.04	\$5.26
RL316SS	316 Stainless RailLok Bracket (Includes 5 Star Drive Screws)	0.2 lbs	\$66.28	\$16.57

# The Ultimate Hidden Deck Fastener

The Ultimate Hidden Deck Fastener All-In-One System! Milled with a marine grade aluminum clip and paired with a star drive black coated 305 stainless steel screw. Our clip requires no drilling or glue and is the easiest on the market to install! The aluminum clip holds decks more effectively than plastic clips and it's literally out of sight!

- ★ Least labor intensive hidden deck fastener
- ★ Holds deck more effectively than plastic clips
- ★ Black marine grade aluminum clip
- ★ Includes black stainless steel star drive screws
- ★ No drilling. No glue. No hassle.

**Each unit contains:**

- (175) Clips
- (175) 2-1/4" Star Drive Screws
- (10) 2-1/4" starter & finisher screws

- Hard Wood Plugs
- (1) T20x2 Driver
- Instructions

When using 5-1/2" wide decking, each jar will install 100 square feet of decking on 16" centers, or 150 square feet on 24" centers.

Item Number	Description	Net Wt	Package	Price Each
DC175	Deck Clip System	3.3 lbs	1 Pack	\$114.28
DCPlugs	Package of 50ct Hole Plugs	.1 lbs	1 Pack	\$8.65

## D2W™ Deck2Wall Spacers

Deck2Wall Spacers vs Washers

Designed to easily and efficiently provide airspace between buildings and deck ledgers, stair stringers, shade structures, railing posts, fence posts, and more to help prevent rot. Deck2Wall Spacers are easy to install. Simply fasten the spacer to the ledger with properly sized screws or nails through the attachment holes prior to bolting the ledger to the structure. The large diameter provides greater bearing surface than standard washers.

Item #	Description	Net Wt (10)	Price Each
D2W58	Deck2Wall Spacer 2 1/2"	0.1 lbs	\$2.15
D2W58-10PK	(10) Deck2Wall Spacer 2 1/2"	1 lbs	\$21.50

# Star Drive Assortment Kits!

These economical and compact assortment kits are the perfect accessory for your home, workshop, truck or worktruck (they also make wonderful gifts!). Fully loaded, these take anywhere kits are easy to carry, slim enough to fit just about any place you need, and are available in several varieties for different purposes.

## Each Kit Comes With:

- \* Assortment of Star Drive Screws
- \* Adjustable Organizer
- \* Stainless Steel Quick Release Magnetic Bit Holder
- \* **Bonus!** We'll throw in drive bits - see each kit for details!!

**Includes:**  
**Screws**  
**Adjustable Organizer**  
**Free Bits**  
**Magnetic Bit Holder**

All kits include: Adjustable Organizer, (1) Stainless Steel Quick Release Magnetic Bit Holder Bonus! We'll throw in <b>FREE drive bits</b> listed with each kit!

## HOLDSaBIT

Introducing the HOLDSaBIT! Simply the easiest and best way to hold multiple insert drill bit driver tips on your cordless drill or impact. It goes on and off in seconds and holds up to 16 - 1" bit drivers, as well as 1000's of combinations of bits. The HOLDSaBIT slips on a cordless drill or impact in seconds, providing channels that hold all the tips you need for your projects. Made of a proprietary blend which provides strength & holding power at the same time. UV rated for outdoor use. Fits all full sized cordless drill and drivers.

### Here are a few things you can place in your HOLDSaBIT:

- Bits - Star, Torx, Square, Phillips, Straight - From 1" to 4"
- Hex shank drill bits • Nut drivers • Pencils/Pens
- Magnetic tip holders, and many, more tools

### Included Bits in HAB8:

- (1) 2" T10
- (1) 2" T15
- (2) 2" T20
- (2) 2" T25
- (1) 2" T30
- (1) 2" T40

# Coatings

## About the AC257 Compliant Bronze Star & E-Coat

The proprietary coating on Screw Products, Inc.'s Bronze Star coated fasteners has been designed to protect against the corrosive qualities of pressure treated lumber such as ACQ and CCA. This coating has withstood 1,200 hours of salt spray testing.

The E-Coating on Screw Products, Inc.'s E-coated fasteners has been designed to protect against the corrosive qualities of pressure treated lumber such as ACQ, CCA etc. This is a proprietary coating that has withstood over 1,000 hours of salt spray testing.

### We offer the following guarantee:

Screw Products, Inc. will replace any corroded fasteners and provide a fair means of remedy for the re-installation of defective fasteners for the life of the project (Original receipt required). This guarantee, however, does not cover the following conditions:

- Improper installation of fastener resulting in the removal of the coating.
- Not countersinking the head just below flush to eliminate excess wear.
- Use of these fasteners with dissimilar metals which may accelerate corrosion (stainless steel/galvanized).
- Use of these fasteners within 1 mile of salt water contact or salt air. (Our Stainless Steel is recommended in this case.)
