1. Create 2 teams of 2 people.
2. Flip a coin to determine which team goes first.
3. Start throwing one bag at a time. Opponents alternate throws each time.
4. The team that collects the most points after each round, throws first next round. If the score is tied or there is no score after the round, then the throw alternates teams from the previous round.

5. Scoring:
 - Each bag on the board's surface counts as one point.
 - Each bag in the board's hole counts as three points.
 - Subtract each team's points to tally the score.

The first team to get to 21 points wins the game!

STYLE 1 THROW IT

Similar action and rules to cornhole, each side takes turns to score by tossing their hulk-it bags into the target buckets.

STYLE 2 ASSIST IT

Like style 1, but a teammate can help correct a mishandled bag by hacking it towards the target buckets.

STYLE 3 HACK IT

For the hacky sack pros, this time you have to hack the bean bag 2x before taking the scoring shot. No hands allowed.
