# Introduction

Dear Partner,

As we embark on our 35th year of business, let us take a moment to take a look back at how it all started.....

Growing up on the family farm in Switzerland I truly believed that one day I would become a farmer. It was in 1979 when I came to Russell, Manitoba as an agricultural exchange student that I fell in love with Canada and decided to make it home. Having always loved good food, I noticed that Canadians did not have access to the quality kitchen tools and gourmet items found in my native Switzerland. Seeing this as an opportunity, it was an obvious decision to give up on farming and become an importer and distributor of quality houseware products.

*First Office '83*

*Richmond Hill  
Grand Opening '89*

In 1983, under the name Classic Imports, I started to import products from Switzerland and drive across the country selling to specialty kitchen shops from the trunk of my car (and later my beloved van/first office). It is amazing to think that several retailers from those days are still buying Swissmar products today!

In 1986 we needed a less mobile set-up so I relocated the company to Richmond Hill, Ontario and renamed it Swissmar. It was at that time that new product sourcing was expanded to countries outside of Switzerland, such as France, Italy and Germany.

In 1987, we successfully expanded into the US market and in 1990 officially established Swissmar USA. A nationwide network of sales representatives support our diversified base of US customers, along with our warehouse location in Niagara Falls, NY.

In 1999, we began selling globally and a short 10 years later created Swissmar AG, with an office located in Switzerland, to focus on servicing our international customers. Today we also operate a warehouse in Asia and our Swissmar products are found in many countries, on all continents.

Over the years our assortment has evolved, but our focus has remained; develop quality and innovative Swissmar products, and continue to cultivate strong distributor partnerships with respected kitchenware brands from around the globe. Our goal is to be your housewares supplier of choice!

As we celebrate 35 years, we hope you have enjoyed this look back. Thank you for your continued support and business and we wish you great success for the years to come.

Best regards,  
Daniel Oehy and the Swissmar Team

Grind Adjustment				
Grind adjustment is done by turning knob on mill top.	Grind adjustment is done by turning knob on mill top.	Grind adjustment is done by turning knob on mill top.	Grind adjustment is done at the base of the mill with a simple rotation of the adjustment ring.	Grind adjustment is done by turning the mill upside down and aligning the grind adjust indicator with one of the numeric settings. Setting 1 for finest grind, and 7 for coarsest grind.
Special Features				
<p>HELICOIL® Knob that prevents the adjustment knob from coming loose ensuring the grind setting does not change during use.</p>	<p>Control Adjustment Knob™ for precise grind adjustment without the worry of losing the knob on the coarsest setting.</p> <p>Distinctive red mechanism casing identifies these mills as unmistakably Swissmar!</p> <p>EZfill™ ring for easy, mess-free filling.</p>	Offers an extensive variety of materials, finishes and models.	Easy to fill, mill top pops off, no need to unscrew knob.	During grinding, the base opens automatically to dispense ground spice. When not in use, base automatically closes to keep tabletop free of spills.

## New Contour Finish – A Delight for the Senses

The beauty of wood is enhanced by the design of the natural wood grain. Imagine further enhancing that wood grain so it becomes both a visual and tactile experience for the senses. Introducing the new 'Contour' finish by Swissmar.

Our new finishing process creates the beauty of weathered barn wood, with a smooth contoured finish.

We have chosen our most popular mill designs to offer a select assortment of Mills with this unique 'Contour' finish.

# Connoisseur Collection

Embrace your inner chef as you season and spice like a pro! Aptly named in honour of their German heritage, the Connoisseur collection of German-Made mills are crafted with the precision and care you would expect of European made mills.

Exclusive to the Munich mills in this collection, mills feature a unique technology called HELICOIL® that prevents the adjustment knob from coming loose ensuring the grind setting does not change during use.

## Pepper Mechanism

Made in Germany, this spice specific mechanism is made from case-hardened steel, the industry benchmark. Features a two channel grinding system for consistent results with every use.

## Salt Mechanism

Made of corrosion proof durable ceramic, the mechanism is adjustable from coarse to remarkably powder fine. Yielding incredible output, this mechanism will revolutionize the salt mill category.

# Select & Set Collection

This collection of mills features exotic wood mill bodies. Each mill is crafted from a single piece of genuine wood, enhancing the grain and natural beauty of the wood itself.

**American Walnut** is a top quality wood that is known for its strength and durability. Full of natural luster, the dark color of the wood is layered with elegance and sophistication. Harvested in North America.

**North American Cherry Wood**, with its hints of pink or dark red, add warmth and radiance to any room. Cherry wood darkens beautifully over time, suited for both contemporary and classic designs. Harvested in North America.

**Italian Olive Wood** has variations in the color and grain within the wood, each highlighting a combination of brown streaks beautifully complemented by the lighter yellow streaks of sapwood. As it ages, the grain and color becomes more dark and rich, and if well cared for, the beauty is unmatched by any other wood.

**German Beech Wood** is widely known for its supple texture and organic style. It offers exquisite beauty in its natural color or with a stained finish. Harvested in Germany.

Fully adjustable ceramic mechanism suitable for pepper, salt and dry herbs. Grind adjustment is done at the base of the mill with a simple rotation of the adjustment ring.

### Why choose a Salt Keeper?

Our beautiful genuine Italian olive wood salt keepers certainly add a decorative touch to kitchen counters, but perhaps more importantly they ensure salt is accessible while cooking. There is no need to fiddle with a salt mill or shaker in the midst of the culinary process, simply open the lid and reach for a pinch. To prevent moisture from dampening the salt, be sure the lid is used.

## Cheese Please!

True to our Swiss heritage it's only natural that cheese takes centre stage when we entertain. Select an assortment of ripe and delicious cheeses and delicately arrange them on a beautiful slate or acacia board, pair with cheese knives specifically designed for cutting and serving cheese...that's true Swissmar style.

## Chef's Tip – Serving Cheese

When putting together a cheese board, to be served before or after dinner, remember to limit your selection to no more than five different cheeses. Serve cheeses of different sizes, shapes, and flavor or texture profiles to create diversity and add interest to your cheese board. Strong, pungent cheeses shouldn't be placed next to delicately flavoured cheeses, and try to have individual knives for each cheese.

### Slate

Slate is a natural material and each piece has its own characteristics. In addition to the marks, lines and veins, which are exposed as the product is shaped, there may also be some variations in color and speckles. Each piece of slate is uniquely beautiful. Because of the nature of slate, some cheeses may leave dark spots on the board if left for a prolonged period of time. If this happens, simply wipe the entire board with olive oil otherwise this board can be cleaned with a damp cloth.

# Swissmar Raclette Party Grills

## Do you Raclette?

Entertaining family and friends is a time honoured tradition and adding a Raclette into the mix will certainly kick it up a notch!

Imagine hosting a party where you are not sequestered to the kitchen putting the final touches on each dish. Instead, imagine sitting among your guests while everyone socializes as they cook their own meal. That is Raclette!

We proudly offer the largest assortment of Raclettes to suit every Raclette cooking style. From our standard non-stick cast aluminum or cast iron reversible grill/crêpe tops, to the granite stone top for the ultimate grilling experience, it is all about versatility.

## Cast Iron Grill Plate

Originating with Swissmar Raclettes, the cast iron grill plate is not only reversible with a grill side and a separate crêpe side, it also doubles for use in the oven or on the BBQ.

# Swissmar Fondue

## Swiss Traditions

Close to our heart; Swissmar offers Cheese, Meat and Chocolate Fondue collections providing simple, fun and elegant entertaining for any dinner party. Fondue is a common dish shared at the table heated over a small burner. Forks are used to dip bits of food (most often bread or staple foods such as meats, vegetables or fruit) into either delectable melted cheese, oil, broth or chocolate (for dessert).

This simple traditional meal allows guests to prepare their own feast and enjoy conversation and fun at the same time. While cheese fondue is the most widely known, meat and chocolate fondue are just as traditional, making a fun evening with friends and family unique and memorable.

Our Swissmar Fondue collection allows for a diverse and exceptional culinary experience to enjoy and share with company.

## Oil & Broth Fondue Fun Fact

Sometime after World War II, Swiss cooks began cooking meat in hot oil as an alternative to their beloved cheese fondue — a kind of French-fried meat supper. It became known as fondue Bourguignonne because the French-speaking Swiss are descended from the Burgundians.

Tip: The cooking oil should be heated in the metal fondue pot on top of the kitchen stove. The optimum temperature for frying the meat is 375°F, although it can be cooked properly down to 360°F. A deep-frying thermometer is an essential tool for telling when the oil has reached the frying temperature.

## Chocolate Fondue

Chocolate fondue was created by a Swiss Chef living in New York in the 1960s, and is the perfect way to stir up a dinner party. It is practically effortless to prepare and your guests can participate and enjoy a fun and delicious chocolate dessert at a relaxed pace.

### Tips for Chocolate Fondue

Chocolate should be melted in the top of a double boiler, over gently simmering water, never over direct heat. You can also microwave it, uncovered, on medium, stirring frequently. If you are using cream, ensure that it is warm when adding it to the chocolate. If the chocolate clumps together, try stirring in unsalted butter or vegetable oil one teaspoon at a time, until the chocolate becomes smooth again.

# Shucker Paddy

## OYSTER GEAR

A collection of products designed exclusively in collaboration with Patrick McMurray BPHE, World Champion oyster shucker and Guinness Record Holder for 39 oysters opened in one minute.

The Shucker Paddy Original Oyster Knife is the result of three years experimentation and 50 prototypes. The knife's handle fits the palm like a pistol; a 3 inch notched stainless-steel blade is where the pistol's barrel would be, with sharpened edges top and bottom. Traditional oyster knives have only one axis, running straight down the blade, but the Shucker Paddy has two - one down the blade, the other down the angled pistol grip. That dual axis gives the knife a lot more leverage and less force required. The result, an Oyster Knife that will let you, Professional or at home, "Shuck with Ease".

### Unique Design

The unique ergo-dynamic Dual Axis Pistol Grip design keeps the forearm in alignment with the blade for maximum transfer of power. Dual axis lever = less force to open oysters.

### Safety

Integrated finger guard and non-slip handle offers superior protection when shucking. Light weight high-impact injection moulded non-slip PP handle provides highest in sanitary qualification.

### Versatility

Ambidextrous – Suitable for left or right handed.
