SOLVENT FREE SANDING SPONGES

- Outperforms solvent-based sponges
- Reduced grit loss enhances durability
- Improved flexibility offers better performance
- Solvent free manufacturing process is better for the environment

TASK

- All sanding sponge sleeves contain post-consumer waste and are FSC® certified to be 100% from well managed forests.
- 100% vegetable-based inks are used in printing, releasing up to 36% less volatile organic compounds (VOCs) than traditional petroleum-based inks.

SOLVENT FREE SANDING SPONGES

SANDING BLOCKS

Used in any application where a hard, flat sander shape is preferable, TASK Solvent Free Sanding blocks outperform the competition while protecting our environment. Blocks can be used wet or dry on a wide variety of surfaces and materials, outlasting conventional sandpaper mounted on a hand sander.
