A COMPLETE LINE OF WORK GLOVES

ABOUT **OUR COMPANY**

BIG TIME PRODUCTS is known as the source for the next generation of work gloves and leads the industry in work, garden, automotive, and household cleaning categories. The company's world-class customer service, in-house product development and design teams, and superior sales force are just a few reasons Big Time Products has been able to achieve rapid growth. Despite its success, Big Time Products continues to improve relationships with customers and end consumers while providing innovative products.

HARRY PIERCE CEO

With over 30 years in the industry, Harry Pierce rapidly worked his way up through The Home Depot Company from an Assistant Store Manager to President of the West Coast Division. There he managed approximately five billion dollars in sales and operated the number one division for this powerhouse retail chain. As CEO, Harry manages the Design, Operations, Sourcing and Distribution departments within the company and has overseen more than 300 products from inception to production.

RICK CHAMBERS PRESIDENT

Rick Chambers has been in consumer product sales and marketing for 40 years. His career started at the young age of 19 years old, and he has worked his way up through several large companies such as R.T French Company (French's Mustard), Hoyle Playing Cards, Georgia Pacific and Magla Products. Rick is directly responsible for the Sales, Marketing and Financial departments of the business and oversees the accumulation of new business and growth of current customers.

MOSSY OAK®

OFFICIALLY LICENSED MOSSY OAK® PRODUCT

Featuring unprecedented depth, unequalled detail and elements with remarkable contrast, Break-Up Infinity truly offers hunters another dimension in camo.

Each element – leaves, limbs, acorns and branches – was selected to create unmatched realism and contrast to break up a hunter's silhouette. Then they were placed over multiple layers of actual images from the woods to create a multi-dimensional depth of field unlike any camouflage ever created.

Break-Up Infinity is the first pattern ever that you can actually look into much the same way you look into the woods.
