

LANDSCAPE FABRICS & ACCESSORIES

Delivering environmentally conscious solutions for long-term weed control.

As Canada's largest producer of landscape fabrics and plant protection products, we're ready to meet your needs. Here's why we're your #1 choice:

Mr. Tweed offers the largest selection of landscape fabrics in North America — from entry level products providing weed control for the home gardener to the very best in UV stabilized woven fabrics for the toughest industrial applications — we've got it covered.

All our fabrics are engineered and manufactured to our own strict specifications and using our proprietary formulas. Our processes have been so successful that we have set the industry standard for quality and product performance.

Attractive color-coded retail rolls, pallet displays, convenient bulk rolls, retail roll merchandisers and POS materials enhance the salability of our products and provide consumers with the confidence that they're buying the very best. Not only that, our products are backed by extensive warranties.

We also offer a wide selection of accessory items and, with the introduction of our new fencing products, feel that this is our most exciting lineup ever. We look forward to serving you.

The nation's #1 professional landscape fabric!

WEED PRO

10 YEAR GUARANTEE

This entry level landscape fabric controls weeds around trees and shrubs, as well as helps to retain moisture for improved root development.

Other features include:

- Porous fabric that allows air, water and nutrients to pass through quickly and easily.
- Easy to install.
- Non-woven black polypropylene construction.
- Competitively priced.
- Available in retail displays or pallet pack displays.

Our #1 Volume Seller!

WEED PRO PLUS

20 YEAR GUARANTEE

Heavier and longer lasting than our standard WeedPro, WeedPro Plus offers:

- Effective long-term weed control.
- Increased light blockage to better control weed seed germination.
- Increased fabric strength.
- Air, water and nutrients pass quickly and easily through this porous fabric.
- Tough non-woven polypropylene construction.
- Easy to install.
- Available in retail displays, pallet displays or bulk rolls.

Generate additional sales with this easy to replenish four-level freestanding display unit. (See page 16)

PROFESSIONAL GRADE

WEED BARRIER

LIFETIME GUARANTEE

Weed Barrier is a woven landscape fabric specifically designed for professional growers:

- Premium weed control.
- Woven construction is extremely tough and tear-resistant.
- Virtually eliminates all light, stopping photosynthesis and seed germination.
- May be exposed to the sun for years, as weed control in fields and under decks, without damage to the fabric.

Conveniently spaced stripes every 12" makes measuring and plant alignment easier.

PROFESSIONAL GRADE

ULTRA 5 WEED BARRIER

LIFETIME GUARANTEE

Designed specifically for professional landscapers who demand the highest professional grade product, the woven polypropylene fabric is capped with polyester and needle-punched.

- Optimum weed control.
- Specially implanted fibers increase porosity.
- Completely eliminates all light, stopping photosynthesis and seed germination.
- Allows air, water and nutrients to pass quickly and easily.
- Retains moisture and promotes plant growth.
