<b>IF SWALLOWED:</b>	<ul style="list-style-type: none"> <li>• Call a poison control center, doctor, or 1-877-465-6161 immediately for treatment advice.</li> <li>• Have person sip a glass of water if able to swallow.</li> <li>• Do not induce vomiting unless told to do so by the poison control center or doctor.</li> </ul>
<b>IF ON SKIN:</b>	<ul style="list-style-type: none"> <li>• Wash with plenty of soap and water.</li> </ul>
<b>HAVE LABEL WITH YOU WHEN OBTAINING TREATMENT ADVICE</b>	
<b>TREATMENT FOR PET POISONING</b>	
If an animal eats this bait, call a veterinarian at once.	
<b>NOTE TO PHYSICIAN OR VETERINARIAN</b>	
Contains the nerve poison bromethalin. This product is not an anticoagulant type rodenticide. For humans or animals ingesting bait and/or showing poisoning signs (such as muscle tremors, loss of hind limb use, or seizures for animals), limit absorption by either emesis or gastric lavage. Sublethal symptoms, if present, would be the result of cerebral edema and should be treated accordingly through administration of an osmotic diuretic and corticosteroid.	

**PRECAUTIONARY STATEMENTS**  
**Hazards to Humans and Domestic Animals:**  
**CAUTION:** Bait contents harmful if swallowed. Keep away from children, domestic animals, and pets. Wash thoroughly with soap and water after handling, and before eating, drinking, chewing gum, or using tobacco. Any person who handles bait, refills a station, or retrieves carcasses or unused bait must wear gloves.

**ENVIRONMENTAL HAZARDS**  
This product is extremely toxic to fish, birds and other wildlife. Dogs and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. Do not apply this product directly to water.

**DIRECTIONS FOR USE**  
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ THE LABEL:** Read this entire label and follow all use directions and use precautions. Use only for the sites, pests and application methods described on this label.

**USE RESTRICTIONS:**  
This bait station may be used in areas accessible to children and pets, consistent with all use restrictions and other requirements indicated on this label. Do not apply further than 50 feet from a home or building.

For control only of Norway rats, roof rats, and house mice. This bait station can only be refilled with the block bait sold with this station. This product must be used in and around buildings consistent with all use restrictions and other requirements indicated on this label. Do not place this bait station or stored block bait in any area where there is a possibility of contamination of food or surfaces that come into direct contact with food. Store bait block out of reach of children and pets.

**SELECTION OF TREATMENT AREAS:** Determine areas where rats and/or house mice will most likely find and consume the bait. Generally, these areas are beside burrows, along walls, by gnawed openings, in corners and concealed places.

**APPLICATION DIRECTIONS:**  
While wearing gloves, place 1 or 2 blocks of bait in the bait station. Remove each block as necessary. See additional GRAPHICS AND TEXT. Place the bait station horizontally or vertically at point of highest activity beside burrows, along a wall or in corners where signs of rats or house mice have been seen. If additional units are purchased, place bait stations at 10- to 30-foot intervals. Maintain a constant supply of fresh bait for 10 days or until there no longer are fresh signs of rat or house mouse activity in infested areas. While wearing gloves, reduce bait in bait station if bait has been consumed or contaminated and rats and/or house mice still are using the bait station.

**Follow-up:** Wearing gloves, collect and properly dispose of any leftover bait or carcasses. Carcasses should be placed in an outdoor garbage can. To discourage re-infestation, eliminate food, water and harborage as much as possible. If re-infestation does occur, repeat treatment.

**STORAGE AND DISPOSAL**  
**Pesticide Storage:** Store only in original container in a cool, dry place inaccessible to children and pets.

**Pesticide Disposal and Container Handling:** Nonrefillable Containers. Do not reuse or refill this container except as described in the Directions For Use.

**Empty:** Place in trash or offer for recycling if available.

**Partly Full:** Call your local waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**Notice:** To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this product not in accordance with directions.
